## 2.0 PURPOSE OF RFP

### 2.1 INTRODUCTION -

The purpose of this RFP is to solicit offers for the Third-Party Risk Management software tool, with Shared Repository capabilities and Implementation Services, Optional Scoring/Monitoring Software, and Managed Services.

### 2.2 CONTRACT TERM

A contract awarded pursuant to this RFP shall have an effective date as provided in the Notice of Award. The term shall be one (1) year and will expire upon the anniversary date of the effective date unless otherwise stated in the Notice of Award, or unless terminated earlier. The State retains the option to extend the Agreement for up to four (4) one-year periods at its sole discretion.

#### 2.2.1 EFFECTIVE DATE

This solicitation, including any Exhibits, or any resulting contract or amendment shall not become effective nor bind the State until the appropriate State purchasing authority/official or Agency official has signed the document(s), contract or amendment; the effective award date has been completed on the document(s), by the State purchasing official, and that date has arrived or passed. The State shall not be responsible for reimbursing the Vendor for goods provided nor Services rendered prior to the appropriate signatures and the arrival of the effective date of the Agreement. No contract shall be binding on the State until an encumbrance of funds has been made for payment of the sums due under the Agreement.

### 2.3 CONTRACT TYPE

Definite Quantity Contract - This request is for a close-ended contract between the awarded Vendor and the State to furnish a pre-determined quantity of a good or service during a specified period of time.

The State reserves the right to make partial, progressive or multiple awards: where it is advantageous to award separately by items; or where more than one supplier is needed to provide the contemplated specifications as to quantity, quality, delivery, service, geographical areas; and where other factors are deemed to be necessary or proper to the purchase in question.

## **2.4 PROBLEM STATEMENT**

The UNC System Office is seeking an automated Third-Party Vendor Risk Management System for use throughout the campus and business environment, comprising of 17 institutions and relating entities. The current myriad of manual systems used across the landscape do not support collaboration and visibility necessary to expedite assessments, share information, eliminate redundancy, apply data classification labels, monitor/score risk while effectively maintaining a current vendor dialogue. Essential to the platform is a secure shared repository for sensitive documents such as SOC 2 Type 2, audit reports, attestations of compliance, architectural and data flow diagrams. This environment would offer workflow autonomy to specific entities within the System, while offering the parent organization high level monitoring of the sub-organizations. An application that addresses the unique use cases of higher education is necessary and must import the HECVAT, SIG or other framework questionnaires, integrate EDUCAUSE Service categories, ingest the ISO 27002 and crosswalk the SOC 2 into the HECVAT and other compliance questionnaires such as HIPAA, PCI, NIST 800-171 etc.

## **3.0 RFP REQUIREMENTS AND SPECIFICATIONS**

### **3.1 GENERAL REQUIREMENTS AND SPECIFICATIONS**

#### **3.1.1 REQUIREMENTS**

Means, as used herein, a function, feature, or performance that the system must provide.

#### **3.1.2 SPECIFICATIONS**

Means, as used herein, a specification that documents the function and performance of a system or system component.

The apparent silence of the specifications as to any detail, or the apparent omission of detailed description concerning any point, shall be regarded as meaning that only the best commercial practice is to prevail and that only processes, configurations, materials and workmanship of the first quality may be used. Upon any notice of noncompliance provided by the State, Vendor shall supply proof of compliance with the specifications. Vendor must provide written notice of its intent to deliver alternate or substitute Services, products, goods or other Deliverables. Alternate or substitute Services, products, goods or Deliverables may be accepted or rejected in the sole discretion of the State; and any such alternates or substitutes must be accompanied by Vendor's certification and evidence satisfactory to the State that the function, characteristics, performance and endurance will be equal or superior to the original Deliverables specified

#### **3.1.3 SITE AND SYSTEM PREPARATION**

Vendors shall provide the Purchasing State Agency complete site requirement specifications for the Deliverables, if any. These specifications shall ensure that the Deliverables to be installed or implemented shall operate properly and efficiently within the site and system environment. Any alterations or modification in site preparation, which are directly attributable to incomplete or erroneous specifications provided by the Vendor and which would involve additional expenses to the State, shall be made at the expense of the Vendor.

#### **3.1.4 EQUIVALENT ITEMS**

Whenever a material, article or piece of equipment is identified in the specification(s) by reference to a manufacturer's or Vendor's name, trade name, catalog number or similar identifier, it is intended to establish a standard for determining substantial conformity during evaluation, unless otherwise specifically stated as a brand specific requirement (no substitute items will be allowed). Any material, article or piece of equipment of other manufacturers or Vendors shall perform to the standard of the

item named. Equivalent offers must be accompanied by sufficient descriptive literature and/or specifications to provide for detailed comparison.

### **3.1.5 ENTERPRISE LICENSING**

In offering the best value to the State, Vendors are encouraged to leverage the State's existing resources and license agreements, which can be viewed here:

<https://it.nc.gov/resources/statewide-it-procurement/statewide-it-contracts>

- a) Identify components or products that are needed for your solution that may not be available with the State's existing license agreement.
- b) Identify and explain any components that are missing from the State's existing license agreement.
- c) If the Vendor can provide a more cost effective licensing agreement, please explain in detail the agreement and how it would benefit the State.

## **3.2 SECURITY SPECIFICATIONS**

### **3.2.1 SOLUTIONS HOSTED ON STATE INFRASTRUCTURE**

Reserved.

### **3.2.2 SOLUTIONS NOT HOSTED ON STATE INFRASTRUCTURE**

Vendors shall provide a completed Technology Security Assessment/HECVAT Report for Non-State Hosted Solutions at offer submission. The Technology Security Assessment/HECVAT Report is attached to this Request for Proposals and is hereby incorporated into this Request for Proposals by reference. Vendors having current, pre-filled HECVAT Reports may submit those in lieu of the attached Technology Security Assessment/HECVAT.

The Third Party Risk Management System will be required to receive and securely manage data that is classified as highly restrictive. Refer to the North Carolina Statewide Data Classification and Handling policy for more information regarding this data classification. The policy is located at the following website: <https://it.nc.gov/document/statewide-data-classification-and-handling-policy>.

To comply with the State's Security Standards and Policies, State agencies are required to perform annual security/risk assessments on their information systems using NIST 800-53 controls. This requirement additionally applies to all vendor provided, agency managed Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS) solutions. Assessment reports such as (but not limited to) the Federal Risk and Authorization Management Program (FedRAMP) certification, SOC 2 Type 2, ISO 27001 and HITRUST are required for any cloud service providing support for data classified as Restricted or Highly Restricted. Proof of an assessment report, conducted by a third party is required at offer submission. A current assessment report will be required prior to contract award for the selected vendor.

The State may, in its sole discretion, accept evidence of reports other than those referenced above for the purpose of evaluating Vendors' security levels in relation to this RFP's scope of work. The State reserves the right to determine whether the substitute information meets the requirements for Security sufficiently to allow the State to evaluate the ability of the Vendor to sustain security requirements in relation to this RFP.

An IaaS vendor cannot provide a certification or assessment report for a SaaS provider UNLESS that is written in the agreement between the two vendors.

Upon request, Vendors shall provide a current independent 3<sup>rd</sup> party assessment report in accordance with the following subparagraphs (i)-(iii) prior to contract award. However, Vendors are encouraged to provide a current independent 3<sup>rd</sup> party assessment report in accordance with subparagraphs (i)-(iii) at the time of offer submission.

(i) Federal Risk and Authorization Management Program (FedRAMP) certification, SOC 2 Type 2, ISO 27001, or HITRUST are the preferred assessment reports for any Vendor solutions which will handle data classified as Medium Risk (Restricted) or High Risk (Highly Restricted).

(ii) A Vendor that cannot provide a preferred independent 3<sup>rd</sup> party assessment report as described above may submit an alternative assessment, such as a SOC 2 Type 1 assessment report. The Vendor shall provide an explanation for submitting the alternative assessment report.

(iii) An IaaS vendor cannot provide a certification or assessment report for a SaaS provider UNLESS permitted by the terms of a written agreement between the two Vendors and the scope of the IaaS certification or assessment report clearly includes the SaaS solution.

**Additional Security Documentation.** Prior to contract award, the University System may in its discretion require the Vendor to provide additional security documentation, including but not limited to vulnerability assessment reports and penetration test reports. The awarded Vendor shall provide such additional security documentation upon request by the University System during the term of the contract.

Customer will maintain reasonable security standards for its Authorized Users' use of the Cloud Service. Customer will not conduct or authorize penetration tests of the Cloud Service without advance approval from Vendor.

### **Access to Customer Data**

During the Subscription Term, Customer can access its Customer Data at any time. Customer may export and retrieve its Customer Data in a standard format. Export and retrieval may be subject to technical limitations, in which case vendor and Customer will find a reasonable method to allow Customer access to Customer Data.

Vendor shall provide functionality for production systems that supports Customer's ability to correct, delete or anonymize Personal Data from a Cloud Service, or restrict its processing in line with Data Protection Law. Where such functionality is not provided, Vendor will provide a reasonable alternative method to enable Customer to comply with such obligations under Data Protection Law.

Before the Subscription Term expires, if available, Customer may use Vendor self-service export tools to perform a final export of Customer Data from the Cloud Service. Alternatively, if self-service export tools are unavailable, Customer may request data export through support ticket.

After the end of the Agreement, Vendor will delete the Customer Data remaining on servers hosting the Cloud Service within a reasonable time period (not to exceed six months) unless applicable law requires retention. Retained data is subject to the confidentiality provisions of the Agreement.

In the event of third-party legal proceedings relating to the Customer Data, Vendor will cooperate with Customer and comply with applicable law (both at Customer's expense) with respect to handling of the Customer Data.

### **Permitted Uses of Personal Data**

Vendor will process Personal Data only in accordance with documented instructions from Customer. The Agreement (including this Privacy Addendum) constitutes such documented initial instructions, and each use of the Cloud Service then constitutes further instructions. Vendor will use reasonable

efforts to follow any other Customer instructions, that are technically feasible and do not require changes to the Cloud Service. If any of the before-mentioned exceptions apply, or vendor otherwise cannot comply with an instruction or is of the opinion that an instruction infringes Data Protection Law, Vendor will immediately notify Customer (email permitted). Vendor may also process Personal Data where required to do so by applicable law.

### **3.3 ENTERPRISE SPECIFICATIONS**

#### **3.3.1 ENTERPRISE STRATEGIES, SERVICES, AND STANDARDS**

Agencies and vendors should refer to the Vendor Resources Page for information on North Carolina Information Technology enterprise services, security policies and practices, architectural requirements, and enterprise contracts. The Vendor Resources Page can be found at the following link: <https://it.nc.gov/vendor-engagement-resources>. This site provides vendors with statewide information and links referenced throughout the RFP document. Agencies may request additional information.

#### **3.3.2 ARCHITECTURE DIAGRAMS DEFINED**

The State utilizes architectural diagrams to better understand the design and technologies of a proposed solution. These diagrams, required at offer submission, can be found at the following link: <https://it.nc.gov/architectural-artifacts>.

There may be additional architectural diagrams requested of the vendor after contract award. This will be communicated to the vendor by the agency as needed during the project.

#### **3.3.3 VIRTUALIZATION**

The State desires the flexibility to host Vendor's proposed solution in a virtualized environment, should it determine in the future that virtualized hosting for such solution would be more economical or efficient. The State currently utilizes server virtualization technologies including VMware, Solaris and zLinux. The Vendor should state whether its solution operates in a virtualized environment. Vendor also should identify and describe all differences, restrictions or limitations of its proposed solution with respect to operation, licensing, support, certification, warranties, and any other details that may impact its proposed solution when hosted in a virtualized environment.

#### **3.3.4 IDENTITY AND ACCESS MANAGEMENT (IAM)**

The proposed solution must externalize identity and access management. The protocols describing the State's Identity and Access Management can be found at the following link:

<https://it.nc.gov/services/vendor-engagement-resources#identity-access-management>

Describe how your solution supports the above protocols as well as making them available for application integration/consumption.

### **3.4 BUSINESS AND TECHNICAL REQUIREMENTS**

#### **3.4.1**

The business and technical requirements are included in Tabs 1 - Key Functional Requirements, 2 - Non-Functional Requirements, 3 - Security Requirements, and 4 - Implementation Strategy of the attached UNCSCO VRM RFP Requirements spreadsheet which is incorporated into this RFP by reference.

### **3.5 BUSINESS AND TECHNICAL SPECIFICATIONS**

#### **3.5.1**

The business and technical requirements are included in Tabs 2 - Non-Functional Requirements, 3 - Security Requirements, and 4 - Implementation Strategy of the attached UNCSCO VRM RFP Requirements spreadsheet which is incorporated into this RFP by reference.

## **4.0 COST OF VENDOR'S OFFER**

### **4.1 OFFER COSTS**

The Vendor must list, itemize, and describe any applicable offer costs which may include but is not limited to the following:

Customer service costs

Hosting service fees

Implementation costs (system configuration, customization)

Transition Costs

Service Costs

Technical Support

Training (Technical and/or Customer)

License fees

Travel Expenses – Any travel expenses reimbursement will be at the out-of-state rates set forth in N.C.G.S. §138-6; as amended from time to time

### **4.2 PAYMENT SCHEDULE**

The Vendor shall propose its itemized payment schedule based on the content of its offer. All payments must be based upon acceptance of one or more Deliverables.

## **5.0 EVALUATION**

### **5.1 SOURCE SELECTION**

A trade-off/ranking method of source selection will be utilized in this procurement to allow the State to award this RFP to the Vendor providing the Best Value, and recognizing that Best Value may result in award other than the lowest price or highest technically qualified offer. By using this method, the overall ranking may be adjusted up or down when considered with, or traded-off against other non-price factors.

- a) Evaluation Process Explanation. State Agency employees will review all offers. All offers will be initially classified as being responsive or non-responsive. If an offer is found non-responsive, it will not be considered further. All responsive offers will be evaluated based on stated evaluation criteria. Any references in an answer to another location in the RFP materials or Offer shall have specific page numbers and sections stated in the reference.
- b) To be eligible for consideration, Vendor's offer must substantially conform to the intent of all specifications. Compliance with the intent of all specifications will be determined by the State. Offers that do not meet the full intent of all specifications listed in this RFP may be deemed deficient. Further, a serious deficiency in the offer to any one (1) factor may be grounds for rejection regardless of overall score.
- c) The evaluation committee may request clarifications, an interview with or presentation from any or all Vendors as allowed by 9 NCAC 06B.0307. However, the State may refuse to accept, in full

or partially, the response to a clarification request given by any Vendor. Vendors are cautioned that the evaluators are not required to request clarifications; therefore, all offers should be complete and reflect the most favorable terms. Vendors should be prepared to send qualified personnel to Raleigh, North Carolina, to discuss technical and contractual aspects of the offer.

- d) Vendors are advised that the State is not obligated to ask for, or accept after the closing date for receipt of offer, data that is essential for a complete and thorough evaluation of the offer.

## **5.2 EVALUATION CRITERIA**

Evaluation shall include best value, as the term is defined in N.C.G.S. § 143-135.9(a)(1), compliance with information technology project management policies as defined by N.C.G.S. §143B-1340, compliance with information technology security standards and policies, substantial conformity with the specifications, and other conditions set forth in the solicitation.

- 1) How well the Vendor's offer conforms with the specifications
- 2) Total Cost of Ownership
- 3) Adherence to Section 3.2 Security Specifications
- 4) Vendor Schedule / Timeline for completing work
- 5) Strength of references relevant or material to technology area(s) or Specifications,
- 6) Vendor Past Performance - The Vendor may be disqualified from any evaluation or award if the Vendor or any key personnel proposed, has previously failed to perform satisfactorily during the performance of any contract with the State, or violated rules or statutes applicable to public bidding in the State.
- 7) Risks associated with Vendor's offer.

## **5.3 BEST AND FINAL OFFERS (BAFO)**

The State may establish a competitive range based upon evaluations of offers, and request BAFOs from the Vendor(s) within this range; e.g. "Finalist Vendor(s)". If negotiations or subsequent offers are solicited, the Vendor(s) shall provide BAFO(s) in response. Failure to deliver a BAFO when requested shall disqualify the non-responsive Vendor from further consideration. The State will evaluate BAFO(s), oral presentations, and product demonstrations as part of the Vendors' respective offers to determine the final rankings.

## **5.4 POSSESSION AND REVIEW**

During the evaluation period and prior to award, possession of the bids and accompanying information is limited to personnel of the issuing agency, and to the committee responsible for participating in the evaluation. Vendors who attempt to gain this privileged information, or to influence the evaluation process (i.e. assist in evaluation) will be in violation of purchasing rules and their offer will not be further evaluated or considered.

After award of contract the complete bid file will be available to any interested persons with the exception of trade secrets, test information or similar proprietary information as provided by statute and rule. Any proprietary or confidential information, which conforms to exclusions from public records as provided by N.C.G.S. §132-1.2 must be clearly marked as such in the offer when submitted.

# **6.0 VENDOR INFORMATION AND INSTRUCTIONS**

## **6.1 GENERAL CONDITIONS OF OFFER**

### **6.1.1 VENDOR RESPONSIBILITY**

It shall be the Vendor's responsibility to read this entire document, review all enclosures and attachments, and comply with all specifications, requirements and the State's intent as specified

herein. If a Vendor discovers an inconsistency, error or omission in this solicitation, the Vendor should request a clarification from the State's contact person.

The Vendor will be responsible for investigating and recommending the most effective and efficient solution. Consideration shall be given to the stability of the proposed configuration and the future direction of technology, confirming to the best of their ability that the recommended approach is not short lived. Several approaches may exist for hardware configurations, other products and any software. The Vendor must provide a justification for their proposed hardware, product and software solution(s) along with costs thereof. Vendors are encouraged to present explanations of benefits and merits of their proposed solutions together with any accompanying Services, maintenance, warranties, value added Services or other criteria identified herein.

### **6.1.2 RIGHTS RESERVED**

While the State has every intention to award a contract as a result of this RFP, issuance of the RFP in no way constitutes a commitment by the State of North Carolina, or the procuring Agency, to award a contract. Upon determining that any of the following would be in its best interests, the State may:

- a) waive any formality;
- b) amend the solicitation;
- c) cancel or terminate this RFP;
- d) reject any or all offers received in response to this RFP;
- e) waive any undesirable, inconsequential, or inconsistent provisions of this RFP;
- f) if the response to this solicitation demonstrate a lack of competition, negotiate directly with one or more Vendors;
- g) not award, or if awarded, terminate any contract if the State determines adequate State funds are not available; or
- h) if all offers are found non-responsive, determine whether Waiver of Competition criteria may be satisfied, and if so, negotiate with one or more known sources of supply.

### **6.1.3 SOLICITATION AMENDMENTS OR REVISIONS**

Any and all amendments or revisions to this document shall be made by written addendum from the Agency Procurement Office. If either a unit price or extended price is obviously in error and the other is obviously correct, the incorrect price will be disregarded.

### **6.1.4 ORAL EXPLANATIONS**

The State will not be bound by oral explanations or instructions given at any time during the bidding process or after award. Vendor contact regarding this RFP with anyone other than the State's contact person may be grounds for rejection of said Vendor's offer. Agency contact regarding this RFP with any Vendor may be grounds for cancellation of this RFP.

### **6.1.5 E-PROCUREMENT**

**This is not an E-Procurement solicitation.** Attachment B, subparagraphs #38(a) and 38(b) of the attached North Carolina Department of Information Technology Terms and Conditions Services for General Purchases do not apply to this solicitation.

### **6.1.6 PROTEST PROCEDURES**

When a Vendor wants to protest a Contract awarded by the UNC System Office for information technology goods and services **OR** a contract valued at less than \$500,000, the University and Vendor shall comply with the following:

1. The Vendor shall submit a written request for a protest meeting to the System Office within 30 calendar days from the date of the Contract award. The Vendor's request shall contain reasons why it has a concern with the award and any supporting documentation. If the request does not contain this information, or if the System Office determines that the protest is meritless so that a meeting would serve no purpose, then the System Office may, within 10 calendar days from the date of receipt of the request, respond in writing to the Vendor and refuse the protest meeting request.
2. If the protest meeting is granted, the System Office shall schedule the meeting within 30 calendar days after receipt of the request, unless mutually agreed otherwise. Within 10 calendar days from the date of the protest meeting, the System Office shall respond to the Vendor in writing with the executive officer's decision and appeal rights under Article 4 of G.S. 150B.

When a Vendor wants to protest a Contract awarded by the UNC System Office valued over \$500,000 **AND** not for information technology goods and services, the Vendor shall comply with the procedures prescribed by 01 NCAC 05B .1519(b).

## **6.2 GENERAL INSTRUCTIONS FOR VENDOR**

### **6.2.1 QUESTIONS CONCERNING THE RFP**

Upon review of the RFP documents, Vendors may have questions to clarify or interpret the RFP in order to submit the best proposal possible. To accommodate the Proposal Questions process, Vendors shall submit any such questions by the "Submit Written Questions" date and time provided in the RFP SCHEDULE Section above, unless modified by Addendum.

Written questions shall be submitted to <https://forms.gle/KiXtsyjYidBxscvZ8> by the date and time specified above. Questions received prior to the submission deadline date, the State's response, and any additional terms deemed necessary by the State will be posted in the form of an addendum to the Interactive Purchasing System (IPS), <http://www.ips.state.nc.us>, and shall become an Addendum to this RFP. No information, instruction or advice provided orally or informally by any State personnel, whether made in response to a question or otherwise in connection with this RFP, shall be considered authoritative or binding. Vendors shall rely *only* on written material contained in the RFP and an addendum to this RFP.

### **6.2.2 ADDENDUM TO RFP**

If a pre-offer conference is held or written questions are received prior to the submission date, an addendum comprising questions submitted and responses to such questions, or any additional terms deemed necessary by the State shall become an Addendum to this RFP and provided via the State's Ariba Sourcing Tool. Vendors' questions posed orally at any pre-offer conference must be reduced to writing by the Vendor and provided to the Purchasing Officer as directed by said Officer. Oral answers are not binding on the State.

Critical updated information may be included in these Addenda. It is important that all Vendors bidding on this RFP periodically check the State's Ariba Sourcing Tool for any and all Addenda that may be issued prior to the offer opening date.

### **6.2.3 COSTS RELATED TO OFFER SUBMISSION**

Costs for developing and delivering responses to this RFP and any subsequent presentations of the offer as requested by the State are entirely the responsibility of the Vendor. The State is not liable for any expense incurred by the Vendors in the preparation and presentation of their offers.

All materials submitted in response to this RFP become the property of the State and are to be appended to any formal documentation, which would further define or expand any contractual relationship between the State and the Vendor resulting from this RFP process.

#### **6.2.4 VENDOR ERRATA AND EXCEPTIONS**

Any errata or exceptions to the State's requirements and specifications may be presented on a separate page labeled "Exceptions to Requirements and Specifications". Include references to the corresponding requirements and specifications of the Solicitation. Any deviations shall be explained in detail. **The Vendor shall not construe this paragraph as inviting deviation or implying that any deviation will be acceptable. Offers of alternative or non-equivalent goods or services may be rejected if not found substantially conforming; and if offered, must be supported by independent documentary verification that the offer substantially conforms to the specified goods or services specification.** If a vendor materially deviates from RFP requirements or specifications, its offer may be determined to be non-responsive by the State.

Offers conditioned upon acceptance of Vendor Errata or Exceptions may be determined to be non-responsive by the State.

#### **6.2.5 ALTERNATE OFFERS**

The Vendor may submit alternate offers for various levels of service(s) or products meeting specifications. Alternate offers must specifically identify the RFP specifications and advantage(s) addressed by the alternate offer. Any alternate offers must be clearly marked with the legend as shown herein. Each offer must be for a specific set of Services or products and offer at specific pricing. If a Vendor chooses to respond with various service or product offerings, each must be an offer with a different price and a separate RFP offer. Vendors may also provide multiple offers for software or systems coupled with support and maintenance options, provided, however, all offers must satisfy the specifications.

Alternate offers must be submitted in a separate document and clearly marked "Alternate Offer for 'name of Vendor'" and numbered sequentially with the first offer if separate offers are submitted.

#### **6.2.6 MODIFICATIONS TO OFFER**

An offer may not be unilaterally modified by the Vendor.

#### **6.2.7 BASIS FOR REJECTION**

Pursuant to 9 NCAC 06B.0401, the State reserves the right to reject any and all offers, in whole or in part; by deeming the offer unsatisfactory as to quality or quantity, delivery, price or service offered; non-compliance with the specifications or intent of this solicitation; lack of competitiveness; error(s) in specifications or indications that revision would be advantageous to the State; cancellation or other changes in the intended project, or other determination that the proposed specification is no longer needed; limitation or lack of available funds; circumstances that prevent determination of the best offer; or any other determination that rejection would be in the best interest of the State.

#### **6.2.8 NON-RESPONSIVE OFFERS**

Vendor offers will be deemed non-responsive by the State and will be rejected without further consideration or evaluation if statements such as the following are included:

- "This offer does not constitute a binding offer",
- "This offer will be valid only if this offer is selected as a finalist or in the competitive range",
- "The Vendor does not commit or bind itself to any terms and conditions by this submission",
- "This document and all associated documents are non-binding and shall be used for discussion purposes only",
- "This offer will not be binding on either party until incorporated in a definitive agreement signed by authorized representatives of both parties", or

If neither of these options can reasonably be taken in Vendor's judgment, or if further use shall be prevented by injunction, the Vendor agrees to cease provision of any affected Services, and refund any sums the State has paid Vendor and make every reasonable effort to assist the State in procuring substitute Services. If, in the sole opinion of the State, the cessation of use by the State of any such Services due to infringement issues makes the retention of other items acquired from the Vendor under this Agreement impractical, the State shall then have the option of terminating the Agreement, or applicable portions thereof, without penalty or termination charge; and Vendor agrees to refund any sums the State paid for unused Services.
- c) The Vendor, at its own expense, shall defend any action brought against the State to the extent that such action is based upon a claim that the Services supplied by the Vendor, their use or operation, infringes on a patent, copyright, trademark or violates a trade secret in the United States. The Vendor shall pay those costs and damages finally awarded or agreed in a settlement against the State in any such action. Such defense and payment shall be conditioned on the following:
  - i) That the Vendor shall be notified within a reasonable time in writing by the State of any such claim; and,
  - ii) That the Vendor shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise provided, however, that the State shall have the option to participate in such action at its own expense.
- d) Vendor will not be required to defend or indemnify the State if any claim by a third party against the State for infringement or misappropriation results from the State's material alteration of any Vendor-branded Services, or from the continued use of the good(s) or Services after receiving notice they infringe on a trade secret of a third party.

**4) ACCESS AVAILABILITY; REMEDIES:**

- a) The Vendor warrants that the Services will be in good working order, and operating in conformance with Vendor's standard specifications and functions as well as any other specifications agreed to by the parties in writing, and shall remain accessible 24/7, with the exception of scheduled outages for maintenance and of other service level provisions agreed in writing, e.g., in an SLA. Vendor does not warrant that the operation of the Services will be completely uninterrupted or error free, or that the Services functions will meet all the State's requirements, unless developed as Customized Services.

b) The State shall notify the Vendor if the Services are not in good working order or inaccessible during the term of the Agreement. Vendor shall, at its option, either repair, replace or reperform any Services reported or discovered as not being in good working order and accessible during the applicable contract term without cost to the State. If the Services monthly availability averages less than 99.9% (excluding agreed-upon maintenance downtime), the State shall be entitled to receive automatic credits as indicated immediately below, or the State may use other contractual remedies such as recovery of damages, as set forth herein in writing, e.g., in Specifications, Special Terms or in an SLA, and as such other contractual damages are limited by N.C.G.S. §143B-1350(h1) and the Limitation of Liability paragraph below. If not otherwise provided, the automatic remedies for nonavailability of the Subscription Services during a month are:

1. A 10% service credit applied against future fees if Vendor does not reach 99.9% availability.
2. A 25% service credit applied against future fees if Vendor does not reach 99% availability.
3. A 50% service credit applied against future fees or eligibility for early termination of the Agreement if Vendor does not reach 95% availability.

If, however, Services meet the 99.9% service availability level for a month, but are not available for a consecutive 120 minutes during that month, the Vendor shall grant to the State a credit of a pro-rated one-day of the monthly subscription Services fee against future Services charges. Such credit(s) shall be applied to the bill immediately following the month in which Vendor failed to meet the performance requirements or other service levels, and the credit will continue to be deducted from the monthly invoice for each prior month that Vendor fails to meet the support response times for the remainder of the duration of the Agreement. If Services monthly availability averages less than 99.9% (excluding agreed-upon maintenance downtime), for three (3) or more months in a rolling twelve-month period, the State may also terminate the contract for material breach in accordance with the Default provisions hereinbelow.

c) Support Services. If Vendor fails to meet Support Service response times as set forth herein or in an SLA for a period of three consecutive months, a 10% service credit will be deducted from the invoice in the month immediately following the third month, and the 10% service credit will continue to be deducted from the monthly invoice for each month that Vendor fails to meet the support response times for the remainder of the duration of the Agreement.

**5) EXCLUSIONS:**

- a) Except as stated above in Paragraphs 3 and 4, Vendor and its parent, subsidiaries and affiliates, subcontractors and suppliers make no warranties, express or implied, as to the Services.
- b) The warranties provided in Paragraphs 3 and 4 above do not cover repair for damages, malfunctions or service failures substantially caused by:
  - i) Actions of non-Vendor personnel;
  - ii) Failure to follow Vendor's written instructions relating to the Services provided to the State; or
  - iii) Force Majeure conditions set forth hereinbelow.
  - iv) The State's sole misuse of, or its own inability to use, the Services.

**6) PERFORMANCE REVIEW AND ACCOUNTABILITY.** N.C.G.S. § 143B-1340(f) and 09 NCAC 06B.1207 require provisions for performance review and accountability in State IT contracts. For this procurement, these shall include the holding a retainage of 10% of the contract value and withholding the final payment contingent on final acceptance by the State as provided in 09 NCAC 06B.1207(3) and (4), unless waived or otherwise agreed, in writing. The Services herein will be provided consistent with and under these Services performance review and accountability guarantees.

**7) LIMITATION OF LIABILITY: Limitation of Vendor's Contract Damages Liability:**

- a) Where Services are under the State's exclusive management and control, the Vendor shall not be liable for direct damages caused by the State's failure to fulfill any State responsibilities of assuring the proper use, management and supervision of the Services and programs, audit controls, operating methods, office procedures, or for establishing all proper checkpoints necessary for the State's intended use of the Services.
- b) The Vendor's liability for damages to the State arising under the contract shall be limited to two times the value of the Contract.
- c) The foregoing limitation of liability shall not apply to claims covered by other specific provisions including but not limited to Service Level Agreement or Deliverable/Product Warranty compliance, or to claims for injury to persons or damage to tangible personal property, gross negligence or willful or wanton conduct. This limitation of liability does not apply to contributions among joint tortfeasors under N.C.G.S. 1B-1 et seq., the receipt of court costs or attorney's fees that might be awarded by a court in addition to damages after litigation based on this Contract. For avoidance of doubt, the Parties agree that the Service Level Agreement and Deliverable/Product Warranty Terms in the Contract are intended to provide the sole and exclusive remedies available to the State under the Contract for the Vendor's failure to comply with the requirements stated therein.

**8) Vendor's Liability for Injury to Persons or Damage to Property:**

- a) The Vendor shall be liable for damages arising out of personal injuries and/or damage to real or tangible personal property of the State, employees of the State, persons designated by the State for training, or person(s) other than agents or employees of the Vendor, designated by the State for any purpose, prior to, during, or subsequent to

delivery, installation, acceptance, and use of the Deliverables either at the Vendor's site or at the State's place of business, provided that the injury or damage was caused by the fault or negligence of the Vendor.

- b) The Vendor agrees to indemnify, defend and hold the Agency and the State and its Officers, employees, agents and assigns harmless from any liability relating to personal injury or injury to real or personal property of any kind, accruing or resulting to any other person, firm or corporation furnishing or supplying work, Services, materials or supplies in connection with the performance of this Agreement, whether tangible or intangible, arising out of the ordinary negligence, willful or wanton negligence, or intentional acts of the Vendor, its officers, employees, agents, assigns or subcontractors.
- c) Vendor shall not be liable for damages arising out of or caused by an alteration or an attachment not made or installed by the Vendor.

**9) MODIFICATION OF SERVICES:** If Vendor modifies or replaces the Services provided to the State and other tenants, and if the State has paid all applicable Subscription Fees, the State shall be entitled to receive, at no additional charge, access to a newer version of the Services that supports substantially the same functionality as the then accessible version of the Services. Newer versions of the Services containing substantially increased functionality may be made available to the State for an additional subscription fee. In the event of either of such modifications, the then accessible version of the Services shall remain fully available to the State until the newer version is provided to the State and accepted. If a modification materially affects the functionality of the Services as used by the State, the State, at its sole option, may defer such modification.

**10) TRANSITION PERIOD:**

- a) For ninety (90) days, either prior to the expiration date of this Agreement, or upon notice of termination of this Agreement, Vendor shall assist the State, upon written request, in extracting and/or transitioning all Data in the format determined by the State ("Transition Period").
- b) The Transition Period may be modified in an SLA or as agreed upon in writing by the parties in a contract amendment.
- c) During the Transition Period, Services access shall continue to be made available to the State without alteration.
- d) Vendor agrees to compensate the State for damages or losses the State incurs as a result of Vendor's failure to comply with this Transition Period section in accordance with the Limitation of Liability provisions above.
- e) Upon termination, and unless otherwise stated in an SLA, and after providing the State Data to the State as indicated above in this section with acknowledged receipt by the State in writing, the Vendor shall permanently destroy or render inaccessible any portion of the State Data in Vendor's and/or subcontractor's possession or control following the completion and expiration of all obligations in this section. Within thirty (30) days, Vendor shall issue a written statement to the State confirming the destruction or inaccessibility of the State's Data.
- f) The State at its option, may purchase additional Transition services as may be agreed upon in a supplemental agreement.

**11) TRANSPORTATION:** Transportation charges for any Deliverable sent to the State other than electronically or by download, shall be FOB Destination unless delivered by internet or file-transfer as agreed by the State, or otherwise specified in the solicitation document or purchase order.

**12) TRAVEL EXPENSES:** All travel expenses should be included in the Vendor's proposed costs. Separately stated travel expenses will not be reimbursed. In the event that the Vendor may be eligible to be reimbursed for travel expenses specifically agreed to in writing and arising under the performance of this Agreement, reimbursement will be at the out-of-state rates set forth in G.S. §138-6; as amended from time to time. Vendor agrees to use the lowest available airfare not requiring a weekend stay and to use the lowest available rate for rental vehicles. All Vendor incurred travel expenses shall be billed on a monthly basis, shall be supported by receipt and shall be paid by the State within thirty (30) days after invoice approval. Travel expenses exceeding the foregoing rates shall not be paid by the State. The State will reimburse travel allowances only for days on which the Vendor is required to be in North Carolina performing Services under this Agreement.

**13) PROHIBITION AGAINST CONTINGENT FEES AND GRATUITIES:** Vendor warrants that it has not paid, and agrees not to pay, any bonus, commission, fee, or gratuity to any employee or official of the State for the purpose of obtaining any contract or award issued by the State. Subsequent discovery by the State of non-compliance with these provisions shall constitute sufficient cause for immediate termination of all outstanding Agreements with the Vendor. Violations of this provision may result in debarment of the Vendor(s) or Vendor(s) as permitted by 9 NCAC 06B.1207, or other provision of law.

**14) AVAILABILITY OF FUNDS:** Any and all payments by the State are expressly contingent upon and subject to the appropriation, allocation and availability of funds to the State for the purposes set forth in this Agreement. If this Agreement or any Purchase Order issued hereunder is funded in whole or in part by federal funds, the State's performance and payment shall be subject to and contingent upon the continuing availability of said federal funds for the purposes of the Agreement or Purchase Order. If the term of this Agreement extends into fiscal years subsequent to that in which it is approved such continuation of the Agreement *is expressly contingent upon* the appropriation, allocation, and availability of funds by the N.C. Legislature for the purposes set forth in the Agreement. If funds to effect

payment are not available, the State will provide written notification to Vendor. If the Agreement is terminated under this paragraph, Vendor agrees to terminate any Services supplied to the State under this Agreement, and relieve the State of any further obligation thereof. The State shall remit payment for Services accepted on or prior to the date of the aforesaid notice in conformance with the payment terms.

#### 15) PAYMENT TERMS:

- a) Payment may be made by the State in advance of or in anticipation of subscription Services to be actually performed under the Agreement or upon proper invoice for other Services rendered. Payment terms are Net 30 days after receipt of correct invoice. Initial payments are to be made after final acceptance of the Services. Payments are subject to any retainage requirements herein. The Purchasing State Agency is responsible for all payments under the Agreement. Subscription fees for term years after the initial year shall be as quoted under State options herein, but shall not increase more than 5% over the prior term, except as the parties may have agreed to an alternate formula to determine such increases in writing. - c) For any third party software licensed by Vendor or its subcontractors for use by the State, a copy of the software license including terms acceptable to the State, an assignment acceptable to the State, and documentation of license fees paid by the Vendor must be provided to the State before any related license fees or costs may be billed to the State.
- d) An undisputed invoice is an invoice for which the State and/or the Purchasing State Agency has not disputed in writing within thirty (30) days from the invoice date, unless the agency requests more time for review of the invoice. Upon Vendor's receipt of a disputed invoice notice, Vendor will work to correct the applicable invoice error, provided that such dispute notice shall not relieve the State or the applicable Purchasing State Agency from its payment obligations for the undisputed items on the invoice or for any disputed items that are ultimately corrected. The Purchasing State Agency is not required to pay the Vendor for any Software or Services provided without a written purchase order from the appropriate Purchasing State Agency. In addition, all such Services provided must meet all terms, conditions, and specifications of this Agreement and purchase order and be accepted as satisfactory by the Purchasing State Agency before payment will be issued.
- e) The Purchasing State Agency shall release any amounts held as retainages for Services completed within a reasonable period after the end of the period(s) or term(s) for which the retainage was withheld. Payment retainage shall apply to all invoiced items, excepting only such items as Vendor obtains from Third Parties and for which costs are chargeable to the State by agreement of the Parties. The Purchasing State Agency, in its sole discretion, may release retainages withheld from any invoice upon acceptance of the Services identified or associated with such invoices.

- a) Initial acceptance testing is required for all Vendor supplied Services before going live, unless provided otherwise in the solicitation documents or a Statement of Work. Acceptance of Services may be controlled by additional written terms as agreed by the parties.
- b) After initial acceptance of Services, the State shall have the obligation to notify Vendor, in writing and within ten (10) days following provision of any Deliverable described in the contract if it is not acceptable.
