Guilford Technical Community College

Guilford Technical Community College (GTCC) is a comprehensive, public two-year college accredited by the Southern Association of Colleges and Schools Commission on Colleges. The College focuses on training and retraining Guilford County's workforce, and preparing students for further education.

GTCC offers more than 80 programs of study leading to associate degrees, certificates and diplomas, hundreds of professional development and personal enrichment courses, adult education classes, and workforce training for business and industry.

GTCC's open door admissions policy means that no adult is denied admission to the College. The College will help every applicant choose the appropriate courses or program of study.

GTCC was established in 1958 as the Guilford Industrial Education Center. It opened to train residents for jobs created by rapid manufacturing growth during the early 1950s.

Currently the fourth largest of the N.C. Community College System's 58 institutions, GTCC serves approximately 27,000 students annually. Six campuses include the main campus at Jamestown and additional campuses in Greensboro, High Point, and Colfax. In addition, the Aviation Campus in Greensboro includes three specialized aviation centers, while the Union Square Campus, Inc., a partnership campus with UNC Greensboro, North Carolina A&T State University, and Cone Health, supports specialized nursing program classes.

While the majority of GTCC's credit students are from Guilford County, the College also enrolls students from surrounding counties, several states, and more than 81 foreign countries.

Commencement Program

MAY 11, 2023

Dr. Anthony Clarke, President, Guilford Technical Community College, Presiding
Processional..... “Pomp and Circumstance,” Elgar

Order of Procession

Candidates for graduation, escorted by marshals
Members of faculty, staff, and administration
Members of the stage party
 President, Guilford Technical Community College
 Chair, Board of Trustees

Academic Apparel

American academic dress originated in the garments worn at medieval British universities, particularly Oxford, which was founded in the 12th century. Chancellors at Oxford were representatives of the bishop, and because of that close connection between university and church, students and faculty wore clerical dress.

The mortarboard cap came into use during the 16th century. Authorities differ on its origin. Some say the cap is square like a scholar's books; some say it is patterned after the shape of the Oxford campus. A black tassel signifies holders of bachelor's and master's degrees. The tassel may be gold for doctoral degrees and the governing offices of educational institutions.

Caps and gowns have been used in American schools since colonial times, but widespread movement for their use began in 1885. By 1895, the Intercollegiate Commission had prepared a code for academic costume that was approved by 95 percent of the American universities and colleges.

Individuals in an academic procession usually wear regalia appropriate to their highest degree. Variations to this procedure are authorized only for members of boards of trustees – who may wear doctoral gowns but whose hoods must be appropriate to the degrees they actually hold – and for an individual who is the official representative of an institution.

There are several types of gowns. Bachelor's gowns are black with long, pointed sleeves. Master's degree holders wear black gowns with a long, closed sleeve with an arc near the bottom and a slit for the arm. Doctoral gowns are usually black with full, round, open sleeves and front. The color of the velvet trim may be black or the same color as the velvet that edges the hood. Some institutions have authorized doctoral gowns in their school colors. The gray gown has been accepted for use by graduates of colleges offering less than a bachelor's degree.

The hood is worn at the back, suspended near the shoulders. The bachelor's degree hood is three feet long, with a two-inch velvet border; the master's degree hood is three and a half feet long with a three-inch border; the doctoral hood is four feet long with a five-inch border. The inner lining of the hood is the official color or colors of the institution conferring the degree. The color of the border indicates the field of learning in which the degree is earned.

Commencement Honors and Awards

Academic Excellence Award – One student from each of the 58 community colleges receives the Academic Excellence Award. The selection requirements are the student must be currently enrolled, they must have completed at least 12 semester hours in an associate degree program, and they must have a cumulative grade point average of no less than 3.25.

Teaching Innovation Award – Presented by the GTCC Board of Trustees, this award recognizes one faculty member each year who has developed an innovative strategy to meet student needs, address learning outcomes, and positively impact student success.

Awards and Recognitions

Gold Tassels are given to students who demonstrate academic excellence.

- ★ **Student Excellence Award**, given at the Student Excellence Day, recognizes students from each division. Students are nominated by faculty members and must have a program GPA of 3.0 or higher, be currently taking curriculum classes within a program of study, demonstrate how GTCC has impacted their professional or personal growth, and be actively involved at GTCC and in the community.
- **Phi Theta Kappa**, the honor society for two-year colleges, promotes scholarship, leadership, service, and fellowship. Membership is open to students who have completed 20 credit hours with a GPA of 3.5 or better.
- ◆ **National Adult Education Honor Society** provides meaningful recognition to deserving adult education students, improves student employment opportunities, develops student ambassadors, and creates adult education awareness.
- ▼ **Perseverance Award** is granted to students who are nominated by faculty, maintain a program GPA of 3.0 or higher, are currently taking curriculum classes within a program of study, and have overcome a significant challenge while enrolled at GTCC.
- ✚ **Community Service Award** is granted to students who are nominated by faculty, maintain a GPA of 3.0 or higher, are currently taking curriculum classes within a program of study, and regularly participate in community activities.

Awards and Recognitions, continued

-  **NC Global Scholars of Distinction** recognizes students who have a grade of A or B in 15 units of globally intensive coursework, attended a minimum of 8 hours of international campus activities, and completed 30 hours of study abroad or domestic intercultural experience. In partnership with the World View Program at UNC-Chapel Hill, this program is open to all curriculum students.
-  **Titan Trail Co-Curricular Learning Domain** provides out-of-classroom learning opportunities structured to maximize a student's GTCC experience. Students attend three events in various Titan Trail categories focused on such topics as global citizenship, civic engagement, and diversity, equity, and inclusion. Those that complete the Titan Trail earn a green and orange cord to wear at Commencement.
