1.5 Evaluation

In evaluating the responsive proposals submitted, WS/FCS will apply the "Best Value" standard in selecting the vendor. Price is not the only criteria that will be used in the evaluation process. "Best Value" means the most advantageous balance of price/cost, quality, service performance, and other elements, as defined by WS/FCS. Any award resulting from this bid, will be made to that vendor whose offer conforms to the bid and it is determined to be the most advantageous, or "best value" to WS/FCS, in the sole judgment of WS/FCS. The selection process will include, but not be limited to, the following considerations:

1. The provider's ability to assist WS/FCS in meeting the overall goals of the bid.
2. The extent to which the goods or services meet WS/FCS needs.
3. The firm's overall experience, reputation, expertise, stability, and financial responsibility.

4. The vendor's past relationship with WS/FCS, if any.
5. The experience and qualifications of the staff.
6. Vendor's financial terms and product design offered to WS/FCS.
7. Any other relevant factor that a private business entity would consider in selecting a vendor.

It is understood that the SFA may use all means at their collective disposal to evaluate the bids received and the final decision as to the best overall offer, both as to price and to suitability of the products and/or services offered to fit the needs of the SFA. The final decision will be made by the Child Nutrition Director, the SFA Purchasing Officer, the SFA Finance Officer and/or SFA designee.

1.6 Specifications

Catalog numbers, brand names, or manufacturer's product or reference numbers used in the item specifications are intended to be descriptive, not restrictive. These references, as well as "approved brands" listed, are intended to identify and indicate the type of product being sought and establish the level of quality desired. If any conflict exists in the item specifications between the product descriptions and any brand names or model or reference numbers used, the product descriptions will override the brand names or product number references.

In most cases, bids on brands of equivalent nature and quality will be considered, provided they are regularly produced products from a reputable manufacturer. However, in some cases, the SFA may find it advantageous to standardize equipment and/or supplies by manufacturer in order to achieve efficiencies in procurement, repair, and operation, to match existing stock, or to satisfy other requirements. In these cases, preferences will be given to the specific products identified as "approved brands" especially if all other evaluation factors are deemed to be equal. For this reason, where specific brands or products are identified, it is preferable for the offeror to propose the exact item specified, in addition to an alternate brand or model where desired.

All bids must identify the manufacturer, model, and specifications of the equipment being offered. **"Pre-Approved Equal"** Brands may be allowed where indicated. To offer "Pre-Approved Equal" items, rather than any "approved brand" specified, the offeror must supply a complete description and sufficient data for the SFA to properly analyze the product being compared. Samples may be requested for items other than "approved brands". These "Pre-Approved Equal" brands must be approved by the SFA **before** the bid opening. The SFA reserves the right to reject any brand submitted.

Substitutions: The SFA will not accept any substitutes after items(s) have been awarded as specified, unless such substitutions are deemed to be in the best interest of the SFA, and unless prior agreements have been reached and reduced to writing regarding such substitutions. Substituting without the prior approval of the SFA, will constitute a breach of contract by the vendor which may result in the initiation of actions covered in this General terms and Conditions document entitled "Remedies for Nonperformance of Contract, and Contract Termination" and the associated financial impacts attached thereto, and may jeopardize any future business from the SFA.

If the offeror fails to identify the manufacturer, brand, portion size, etc. for any item included in the bid, the SFA will assume the offeror is proposing the **exact manufacturer/model identified in the specification**, and if awarded, the offeror will be required to furnish the **exact manufacturer/model identified in the specification**. **Substitutions will not be allowed.**

The apparent silence of the specifications as to any detail or the apparent omission from any specification of a detailed description concerning any point shall be regarded as meaning that only the best communication practices shall prevail. All interpretations of the specifications shall be made on the basis of this statement.

1.7 Deviations for Item Specification or General Terms and Conditions

Any and all limitations, expectations, qualifications, special conditions, or deviations from these General Terms and Conditions or any of the item specifications, including the offering of any alternate to the "approved brand and/or model" (where identified), must be clearly noted in detail by the offeror at the time of submission of the bid. The absence of such limitations, exceptions, qualifications, special conditions, or deviations being submitted in writing with the offeror's response will hold the offeror accountable to the SFA to perform in strict accordance with all these General Terms and Conditions and all the item specifications as written, including any such limitations, exceptions, qualifications, special conditions, or deviations with the bid response may place the

offeror at a competitive disadvantage or otherwise prevent the SFA from considering the affected item(s).

Any deviation from any of the item specifications, including the delivery of any product other than the specific brand of the product awarded, will be grounds for rejection of the product(s) when delivered, and will expose the vendor to the remedies identified in this General Terms and Conditions document entitled "Remedies for Non-Performance of Contract, and Contract Termination" and may jeopardize future business from the SFA.

1.8 Purchase Order Requirements

A response to this RFP is an offer to contract with the SFA based upon the Item Specifications and the General Terms and Conditions contained in the RFP. Offers do not become Contracts unless and until they are both accepted by the SFA through an Award Notice to the offeror. This contract shall collectively include (1) the General Terms and Conditions and the Item Specifications included in the RFP and any subsequent addenda thereto, (2) the offeror's signed Bid Certification and any subsequent addenda thereto, (3) the offeror's entire response to the RFP (4) the offeror's Notice of Award document, (5) and any additional terms, conditions, or instructions. All binding agreements should be submitted as part of the bid packet. The contract shall be interpreted by and governed under the laws of the State of North Carolina.

1.9 Invoices and Payment Conditions

Invoices must reflect (a) the name and address of the vendor, (b) the name and address of the SFA building/location, (c) the period for which the invoice is addressing. Invoices must be mailed directly to the SFA address, come via email file, or be hand delivered.

In any case, payment will be made only after satisfactory delivery and acceptance of merchandise in good order, including the necessary documentation indicated above, and only after receipt of a correct Invoice form the vendor, including the necessary information indicated above. At the option of the SFA, invoices with incorrect prices or other errors or inconsistencies will not be paid until corrected by issuance of a corrected invoice. At the option of the SFA, invoices may be corrected upon receipt and payment may be made based upon their corrections.

1.10 Records Retention Requirements

By signing this bid, the offeror understands that the SFA, the U.S. Department of Agriculture, the NC Department of Public Instruction, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the contractor which are directly pertinent to the specific contract, for the purpose of audits, examinations, excerpts, and transcriptions.

Additionally, the offeror must provide all documents as necessary for the independent auditor to conduct the SFA's single audit. The SFA will contract to have the single audit conducted as a regular, direct expense to the SFA; Child Nutrition funds may not be used for this purpose.

The offeror must retain pertinent records identified by source, type, and category for a minimum of three years after the SFA makes final payments. In the event of any unresolved audit findings, the records shall be retained beyond the three (3) year period for as long as required for resolution of the issues raised by the audit.

1.11 Remedies of Non-Performance of Contract and Termination of Contract

If the vendor cannot comply with the terms and conditions in fulfilling its Contract as anticipated, the vendor must supply the same products or services contracted from other sources at the contract price. The vendor's delay

in the above will constitute the vendor's material breach of contract, whereupon the SFA may terminate the vendor's contract for cause as provided by the remainder of this section.

Unless this Contract is extended by mutual agreement of the parties beyond the expiration of the contract time period as stated on the Bid Certification, this Contract shall terminate upon the expiration of the contract term as stated on the Bid Certification.

Except as otherwise provided within the General Terms and Conditions of this document, this Contract may be terminated in whole or in part by either party in the event of substantial failure by the other party to fulfill its obligations under this contract through no fault of the terminating party; provided that no such termination may be implemented unless and until the other party is given 1) at least thirty (30) days written notice (delivered by certified mail, return receipt requested) of intent to terminate, and 2) an opportunity for consultation with the terminating party, followed by a reasonable opportunity, of not more than ten (10) working days, to rectify the defects in products or performance, prior to termination. Valid causes for termination of this Contract will include, but are not limited to:

- (1) the vendor's failure to adhere to any of the provisions of the General Terms and Conditions of this RFP,
- (2) the vendor delivering any product(s) that fail to meet the Item Specifications included in this RFP relating to the awarded product(s),
- (3) the vendor delivering any substitution(s) of product(s) different than those originally proposed and awarded without the prior written approval of the SFA,
- (4) the vendor's failure to meet the required delivery schedules as identified in the contract documents, or
- (5) the vendor's violation of any other provision contained within these General Terms and Conditions or any attachment thereto which provides for contract termination as a remedy.

Notwithstanding anything contained in this section, in the event of the vendor's breach of any provision in this contract, the SFA reserves the right to enforce the performance of this contract in any manner prescribed by law or deemed to be in the best interest of its members, including, but not limited to, the purchase of other products of like type and quality from other sources in the open market. In the event the SFA elects to purchase other products from other sources, the SFA will invoice the vendor for any increased costs to the SFA, and the vendor agrees, by submission of a bid response, to promptly pay any such charges invoiced.

In the event the SFA terminates this Contract, in whole or in part, for any reason provided for within the contract, the SFA reserves the right to award the canceled Contract, or any portion thereof, to the next lowest or most responsible offeror as it deems such award to be in the best interest of the SFA.

Any Contract termination resulting from any cause other than a Force Majeure event will be deemed valid reason for not considering any future bid from the defaulting vendor.

In the performance of this contract, time is of the essence and these General Terms and Conditions are of the essence.

1.12 Right to Assurance

Whenever one party to this Contract in good faith has reason to question the other party's intent to perform the questioning party may demand that the other party give a written assurance of his intent to perform. In the event that a demand is made and no assurance is given within five (5) days, the demanding party may treat this failure as an anticipatory repudiation of the contract.

1.13 Regulatory Compliance

1. The offeror and SFA mutually agree to comply with all applicable standards, orders or requirements issued pursuant to Section 306 of the Clean Air Act (42 USC 1857 [h]), Section 508 of the Clean Water Act (33 USC 1368), Executive Order 117389 and Environmental Protection Agency regulations (40 CFR Part 15).
