Contact Email	manfrediz@uncw.edu
Closing Date	12/01/2025
Project Budget	\$ 681,000
Project Description	One-Two Sentences UNC Wilmington is seeking a qualified commissioning agent for the MARBIONC Lab Building Glycol Recovery System Replacement project at the Center for Marine Science campus. The project involves replacing the existing glycol recovery system, including associated piping, controls, and startup. The commissioning agent will verify system performance, coordinate with the design and construction teams, witness testing, and provide a final report to confirm the system meets design intent and operational requirements.
Submit Letters of Interest and Current SF-330 to:	(Contact Person, Name of Institution & Address) Zachary Manfredi UNCW manfrediz@uncw.edu (electronic submittal)

In order to offer architectural or engineering services in response to this solicitation, the proposer must be licensed in the State of North Carolina.
