Bids shall be submitted in accordance with the terms and conditions of this RFB and any addenda issued hereto.

### 1.1 CONTRACT TERM

The Contract shall have an initial term beginning on the date of award (the “Effective Date”) and continue for 12 months after the date of award or until the completion and acceptance of all work contained within the scope of work, whichever is sooner.

The Vendor will be held to the Project Time Frame provided by the Vendor in Attachment A and required to complete the required work in that span, subject to potential adjustments as a result of events beyond its reasonable control. The beginning and the time for completion of the of the Project Time Frame are essential conditions of the contract. Note that the Vendor’s Project Time Frame will not begin to run until the Vendor receives the Notice to Proceed. This Project Time Frame may be subject to adjustments pending evaluation and prior to award.

## 2.0 GENERAL INFORMATION

---

### 2.1 REQUEST FOR BID DOCUMENT

This RFB is comprised of the base document, any attachments, and any addenda released before RFB award. All attachments and addenda released for this RFB in advance of any award are incorporated herein by reference. Vendor shall attach its response to this RFB for submission; however, any and all additional, modified, or conflicting terms and conditions submitted on or with Vendor’s bid shall be disregarded and shall not be considered part of any Work Order arising from this RFB. Any attempt to delete or avoid the force of the previous sentence shall render Vendor’s bid invalid and non-responsive, and it shall not be considered.

### 2.2 SUBMISSION INSTRUCTIONS

**IMPORTANT NOTE: This is an absolute requirement.** Vendor shall bear the risk of late submission due to unintended or unanticipated delay. It is the Vendor’s sole responsibility to ensure its bid has been received as described in this RFB by the specified time and date of opening. Failure to submit a bid in strict accordance with instructions provided shall constitute sufficient cause to reject a Vendor’s bids(s). Solicitation responses are subject to Sealed Bidding requirements.

Vendor’s bids for this procurement must be submitted through the Sourcing Tool. For training on how to use the Sourcing Tool to view solicitations, submit questions, develop responses, upload documents, and submit offers to the State, Vendors should go to the following site: <https://eprocurement.nc.gov/training/vendor-training>

Questions or issues related to using the Sourcing Tool itself can be directed to the North Carolina eProcurement Help Desk at 888-211-7440, Option 2. Help Desk representatives are available Monday through Friday from 7:30 AM EST to 5:00 PM EST.

Tips for Using the Sourcing Tool

- a) Vendors should review available training and confirm that they are able to access the Sourcing Event, enter responses, and upload files well in advance of the date and time response are due to allow sufficient time to seek assistance from the North Carolina eProcurement Help Desk.

- b) Vendors may submit their responses early to make sure there are no issues, and then submit a revised response any time prior to the response due date and time. The State will only review the most recent response.
- c) Vendors should respond to all relevant sections of the Sourcing Event. Certain questions or items are required in order to submit a response and are denoted with an asterisk. The Sourcing Tool will not allow a response to be submitted unless all required items are completed. The Sourcing Tool will provide error messages to help identify any required information that is missing when response is submitted.
- d) Simply saving your response in the Sourcing Tool is not the same as submitting your response to the State. Vendors should make sure they complete the submission process and receive a message that their response was successfully submitted.

## 2.3 QUESTIONS

Upon review of the RFB documents, Vendors may have questions to clarify or interpret the RFB in order to submit the best bid possible. To accommodate the Bid Questions process, Vendors shall submit any such questions by the "Submit Written Questions" date and time provided below, unless modified by Addendum.

Questions related to the content of the solicitation, or the procurement process should be directed to the person on the title page of this document via the Sourcing Tool's message board by **September 9, 2024** at 2:00 PM. Vendors will enter **#4588-0010 4617-0008 Haywood County Acq/Demo Questions** as the subject of the message. Question submittals should include a reference to the applicable RFB section. This is the only manner in which questions will be received.

Questions or issues related to using the Sourcing Tool itself can be directed to the North Carolina eProcurement Help Desk at 888-211-7440, Option 2. Help Desk representatives are available Monday through Friday from 7:30 AM ET to 5:00 PM ET.

Questions received prior to the submission deadline date, the State's response, and any additional terms deemed necessary by the State will be posted in the Sourcing Tool in the form of an addendum and shall become an Addendum to this RFB. No information, instruction or advice provided orally or informally by any State personnel, whether made in response to a question or otherwise in connection with this RFB, shall be considered authoritative or binding. Vendors shall rely *only* on written material contained in the RFB and any addendum to this RFB.

### **3.0 METHOD OF AWARD AND EVALUATION PROCESS**

---

#### **3.1 METHOD OF AWARD**

North Carolina G.S. 143-52 provides a general list of criteria the State shall use to award contracts, as supplemented by the additional criteria herein. The Services being procured shall dictate the application and order of criteria; however, all award decisions shall be in the State's best interest. All qualified proposals will be evaluated, and awards will be made to the Vendor(s) meeting the specific RFB Specifications and achieving the highest and best final evaluation, based on the criteria described below.

NCEM may obtain bids from one or more potential Vendors. In order for a Vendor's bid to be considered responsive, Vendor must responsively bid on all properties and those line items within each property and project, included those properties listed as options. All bids will be evaluated, and the award will be made based on the lowest responsive, responsible bid meeting specifications for all properties.

The property(s) listed as an option(s) in this solicitation has been funded but is awaiting final administrative approval and documentation. Once final administrative approval has taken place, the State may exercise that option(s) as long as it takes place within option(s) exercise term provided in this solicitation by the selected Vendor(s) in Attachment A below. The State asks the Vendor to provide a time frame by which they would need to have the option(s) exercised by the State in order to complete the optioned property within the total project time frame. The Contract shall have an initial term per the vendor's project time frame provided in Attachment A, beginning on the date of contract award (the "Effective Date").

Except where it is determined not to be in the State's best interest, the State will evaluate offers for award purposes by adding the total price for all options to the total price the prime bid. Evaluation of options will not obligate the State to exercise the options.

While the intent of this RFB is to award a Contract and the right to the options to a single Vendor for all projects, the State reserves the right to make separate awards to different Vendors for one or more projects, or to not award any projects or to cancel this RFB in its entirety without awarding a contract if it is considered to be most advantageous to the State to do so.

#### **3.2 REQUEST FOR BID EVALUATION PROCESS**

- a) The State shall review the responses to this RFB to confirm that they meet the specifications and requirements. The State reserves the right to waive any minor informality or technicality.
- b) For all responses that pass the initial review process, the State will review and assess Vendors' pricing. The State may request additional formal responses or submissions from any or all Vendors for the purpose of clarification or to amplify the materials presented in the RFB. Vendors are cautioned, however, that the State is not required to request clarification, and often does not. Therefore, all responses should be complete and reflect the most favorable terms available from Vendor. Prices cannot be altered or modified as part of a clarification.
- c) The State reserves the right to contact references as well as any other known sources to verify Vendor's past performance. This information may be considered in making an award.

- d) Vendors are cautioned that this is a request for bid, not a request or an offer to contract, and the State reserves the unqualified right to reject any and all offers at any time if such rejection is deemed to be in the best interest of the State.

### **3.3 CONFIDENTIALITY AND PROHIBITED COMMUNICATIONS DURING EVALUATION**

While this RFB is under evaluation, the responding Vendor, including any subcontractors and suppliers, is prohibited from engaging in conversations intended to influence the outcome of the evaluation. See Paragraph 30 of the Instructions to Vendors entitled COMMUNICATIONS BY VENDORS.

Each Vendor submitting a proposal to this RFB, including its employees, agents, subcontractors, suppliers, subsidiaries and affiliates, is prohibited from having any communications with any person inside or outside the using agency; issuing agency; other government agency office or body (including the purchaser named above, any department secretary, agency head, members of the General Assembly and Governor's office); or private entity, if the communication refers to the content of Vendor's proposal or qualifications, the content of another Vendor's proposal, another Vendor's qualifications or ability to perform a resulting contract, and/or the transmittal of any other communication of information that could be reasonably considered to have the effect of directly or indirectly influencing the evaluation of proposals, the award of a contract, or both.

Any Vendor not in compliance with this provision shall be disqualified from evaluation and award. A Vendor's proposal may be disqualified if its subcontractor and/or supplier engage in any of the foregoing communications during the time that the procurement is active (*i.e.*, the issuance date of the procurement until the date of contract award or cancellation of the procurement). Only those discussions, communications or transmittals of information authorized or initiated by the issuing agency for this RFB or inquiries directed to the purchaser named in this RFB regarding requirements of the RFB (prior to proposal submission) or the status of the award (after submission) are excepted from this provision.

### **3.4 CONFIDENTIALITY DURING PROCESS**

During the evaluation period and prior to award, all information concerning the responses and evaluation is confidential, and possession of the responses and accompanying information is limited to personnel of the issuing agency and any third parties involved in this procurement process, and to the committee responsible for participating in the evaluation. Any attempt on behalf of Vendor to gain such confidential information, or to influence the evaluation process (e.g., contact anyone involved in the evaluation, criticize another Vendor, offer any benefit or information not contained in the bid) in any way is a violation of North Carolina purchasing law and regulations and shall constitute sufficient grounds for disqualification of Vendor's offer from further evaluation or consideration in the discretion of the State (NCAC 05B. 0103).

### **3.5 NOTICE TO VENDORS REGARDING TERMS AND CONDITIONS**

It shall be Vendor's responsibility to read the Instructions, the State's terms and conditions, all relevant exhibits and attachments, and any other components made a part of this RFB and comply with all requirements and specifications herein. Vendors also are responsible for obtaining and complying with all Addenda and other changes that may be issued in connection with this RFB.

If Vendors have questions, issues, or exceptions regarding any term, condition, instruction, or other component within this RFB, those shall be submitted as questions to the Agency pursuant to Section 2.3 of this RFB. If the State determines that any changes will be made as a result of the points raised, then such decisions will be communicated in the form of an addendum. Other than through this process and subject to the provisions of Section 2.3, the State rejects and shall not be required to evaluate or consider any additional or modified terms and conditions or Instructions to Vendor submitted with Vendor's proposal. This applies to any language appearing in or attached to

the RFB as part of the Vendor's proposal that purports to vary any terms and conditions or FEMA rules, requirements, standards, HMGP requirements, and/or the State's instructions herein or to render the RFB as non-binding or subject to further negotiation. Vendor's proposal shall constitute a firm offer to perform HMGP contracts assigned or awarded to Vendor after competitive bidding. **By execution and delivery of a response to the RFB, Vendor agrees that any additional or modified terms and conditions, including Instructions to Vendors, whether submitted purposely or inadvertently, or any purported condition to the offer shall have no force or effect, and will be disregarded unless expressly agreed upon through negotiations and incorporated by way of a Best and Final Offer (BAFO). Noncompliance with, or any attempt to alter or delete, this paragraph shall constitute grounds to reject Vendor's Bid as nonresponsive.**

### **3.6 INTERPRETATION OF TERMS AND PHRASES**

This RFB serves two functions: (1) to advise potential Vendors of the parameters of the solution being sought by the State; and (2) to provide a (together with other specified documents) the terms of the Work Orders resulting from this procurement. As such, all terms in the original RFPQ #: 19-RFPQ-410898913-GSX its addenda, and the RFB shall be enforceable in accordance with the General Contract Terms and Conditions. The use of phrases such as "shall," "must," and "requirements" are intended to create enforceable conditions. In determining whether bids should be evaluated or rejected, the State will take into consideration the degree to which Vendors have proposed or failed to propose solutions that will satisfy the State's needs as described in the RFB. However, failure to comply with any single requirement may result in the State exercising its discretion to reject a bid in its entirety.

## **4.0 REQUIREMENTS**

---

This section lists the requirements related to this RFB. By submitting a response, the Vendor agrees to meet all the stated requirements in this Section as well as any other specifications, requirements, and terms and conditions stated in this RFB. If the Vendor is unclear or has any questions about the specifications, requirements, or terms and conditions herein, it is urged and cautioned to contact the issuing agency Contract Lead as specified in this Request.

### **4.1 APPROVED PRICING AND COSTS**

**ACQUISITION COSTS:** Contractors will have to agree to pricing, which is different depending upon the batch awarded. For projects \$30,000 and above, Vendors shall provide proposing pricing for appropriate items specified on ATTACHMENT A: BID WORKSHEET. Any changes to prices will be used for future bids and will not be retroactive for projects which already have signed Notices to Proceed. For projects under \$30,000, composite pricing will be set by the Vendor in conjunction with NCEM. Vendors who do not accept the composite pricing will not be awarded contracts below \$30,000.

### **4.2 CHANGE ORDER**

The State may at any time, as the need arises, order changes within the Scope of Work without invalidating the contract. If such changes increase or decrease the amount due under the contract, or the time required for performance of the work, an equitable adjustment shall be authorized by Change Order.

At any point during the construction or design process, if the Scope of Work changes, a Change Order shall be submitted, and pricing shall be negotiated with the State prior to proceeding. These Change Orders will have to be approved by NCEM and/or by the Authority Having Jurisdiction. Vendors shall provide NCEM with documentation of these required changes with submitted Change Order.

### **4.3 PRICING**

This RFB requires Vendor to provide its best price per line item for each project, whether that be per square foot or a lump sum fixed price, including all applicable charges for including all applicable charges for labor, materials, transportation, general and administrative overhead, and profit for each project within this RFB. The Vendor must

complete ATTACHMENT A: BID WORKSHEET (Worksheets Attached in Email) and include in Bid. The individual pricing items provided in ATTACHMENT A, or resulting from any negotiations, is incorporated herein and shall become the price for each element on the resulting Contract.

Any costs not reflected in the Work Order (WO) will be paid out according to an authorized change order after showing documentation that additional costs are required by the Authority Having Jurisdiction. The Work Order (WO) is a comprehensive document that contains the awarded vendor name, price awarded pursuant to this RFB, address of the project, program, and insurance requirements that shall be followed by awarded vendor. Change Order pricing shall be negotiated between Vendor and NCEM.

Price shall constitute the total cost to the State for all deliverables required in each Work Order. Vendor shall not invoice for any amounts not specifically allowed for in this Work Order Batch per ATTACHMENT A: BID WORKSHEET (attached in email) and included with Vendor's bid. Vendor shall submit for any and all projects in this RFB.

#### 4.4 INVOICES

**Vendor shall submit invoices to the NCEM Project Manager once every 30 days or as agreed upon during the pre-construction meeting.** The standard format for invoicing shall be single invoices, meaning Vendor shall provide the Project Manager with an invoice for each task or Work Order for each project site. Each task will only be permitted to be invoiced once, unless approved, in writing, by NCEM. Vendor will submit a separate invoice per bid project number. Invoices shall include detailed information, supporting documentation, proof of completion, and/or deliverables (as specified in the RFB) requested in a Work Order to allow NCEM or their designee to verify fees, costs, and/or expenses.

At a minimum, the following fields shall be included on all invoices: Vendor's Contact Information, RFB Number, Bid Project Number, Work Order Date, Site Address, Item Description, Price, Quantity, and Unit of Measure.

Proof of payment for supplies and materials to accompany invoices will be accepted in the following formats: copy of cancelled check, copy of CC/Cash receipt, copy of electronic funds transfer, and/or copy of wire transfer.

Proof of completion will be accepted in the following formats: Project Manager site visit and supplemental sign-off, drawings, reports, certificates, photos and/or any other format approved by the NCEM Project Manager.

Vendor(s) wishing to participate electronic fund transfer (EFT) shall fill out and submit with bid ATTACHMENT D: VENDOR ELECTRONIC PAYMENT FORM.

#### 4.5 WITHDRAWAL/SEVERABILITY

NCEM makes no guarantee of volume of work under any contract. Homeowner(s) may elect to withdraw from the program at any time up until the start of construction. **All parties (Homeowner, Subrecipient, Vendor, and State) shall be notified within 7 days of the signed withdrawal letter.** At time of withdrawal, the Vendor shall submit a final invoice for all tasks completed thus far on the project site. The Vendor will be reimbursed for all completed tasks on the project site.

In addition to a final invoice for all completed tasks, the Vendor shall submit an amount of the construction management costs that corresponds with the completed tasks and an amount of the profit and overhead that corresponds with the completed tasks at the time of withdrawal for this property. For example, if 20 percent of reimbursable tasks have been completed prior to withdrawal, then the Vendor will be reimbursed 20 percent of the construction management costs for the particular property. Once the final invoice for a withdrawn property has been processed, no additional invoices may be submitted in association with the property unless approved by NCEM in writing.

In addition to withdrawal of properties, NCEM reserves the right to terminate individual properties in the contract for convenience or cause without affecting the rest of the properties in the contract. As with withdrawals, termination of properties for convenience or cause shall not affect the rest of the properties in the contract.

#### 4.6 LIQUIDATED DAMAGES

The date of beginning and the time for completion of the work within the Project Time Frame are essential conditions of the contract and the work embraced shall be commenced on the date specified in the Notice to Proceed. In addition to the Project Time Frame, other mandatory progress time frames are contained within this solicitation. The Vendor will proceed with work at such a rate of progress to insure full completion within established time frames. The time frames for completion of work and progress will reviewed and confirmed by the State and the Vendor, in writing, at the time of the pre-construction conference. It is expressly understood and agreed, by and between the Vendor and the State, that the contracted time for the completion of the work described herein is a reasonable time, taking into consideration the average climatic and economic conditions and other factors prevailing in the locality of the work.

The Vendor also understands that if circumstances beyond his/her control cause a delay in the Vendor's construction schedule, the Vendor may request an amendment to the agreed time for completion of work. The time for completion of work may then be amended, in writing, by mutual assent of the Vendor and the State. Any delay in work caused by the Vendor's failure to submit deliverables for approval shall not be considered as adequate justification for an extension of the project performance schedule.

For each business day in excess of the above number of days, the sum of \$250.00 per day shall be deducted from Prime Contractor's next draw request as liquidated damages reasonably estimated in advance to cover the losses incurred by NCEM by reason of failure of said Prime Contractor to complete the work within the time specified, such time being in the essence of this Contract and a material consideration thereof.

The Vendor shall not be charged with liquidated damages or any excess cost when the delay in completion of work is due to the following and the Vendor has promptly given written notice of such delay to the State:

- a) To any preference, priority or allocation order duly issued by the State in writing.
- b) To unforeseeable causes beyond the control and without the fault or negligence of the Vendor, including by not restricted to, acts of God, or of the public enemy, acts of the State, acts of another Vendor in performance of a contract with the State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and abnormal and unforeseeable weather; and

#### 4.8 ACQUISITION SERVICES SCOPE OF SERVICES

Each acquisition shall consist of several marked steps to be approved by the local authority having jurisdiction to initiate, execute, and closeout each project. These steps may require multiple site visits by various professionals along with meetings between the Prime Contractor, State, subgrantee representative, and/or homeowner. The

Prime Contractor(s) and/or licensed professional shall schedule or provide services that include, but are not limited to, the following:

- a) **NOTIFY THE PROPERTY OWNER:** Prime Contractor meets with each homeowner(s) to provide project timeline, conduct a review, assist as necessary with a Duplication of Benefits (DOB) analysis through coordination with the subgrantee representative, homeowner, and State, and determine eligibility for Uniform Relocation Act (URA) assistance and State Acquisition Relocation Funds (SARF). **Conclude settlement with the homeowner(s) on the first project site within 90 days of the pre-acquisition conference.**
- b) **OBTAIN A SURVEY:** It is necessary to have a legal mete and bounds description of the property to be acquired. An exception to this may be the acquisition of easements where the easement joins an existing property line. To obtain a mete and bounds description requires the property to be surveyed by a professional land surveyor. Professionally prepared survey plats created prior to intuition may be considered eligible at the discretion of the State Hazard Mitigation Officer.
- c) **CONDUCT TITLE SEARCHES:** As with all real estate transactions a title search is conducted in order to assure the property to be acquired is being acquired from rightful owners. It is necessary to have an attorney render an opinion of title for each property to be acquired in order to identify any ownership issues and encumbrances that will need to be resolved prior to closing. **If issues are found in title search, NCEM shall be notified of these issues as soon as the issues are discovered.**
- d) **CONDUCT PROPERTY APPRAISAL:** An appraisal must be completed on the property in the project. The appraisal must be a **current fair market value**. An appraisal must be completed for each property and each project, including any vacant lots. The appraisals should recognize that the majority of properties in the acquisition project are located in a Special Flood Hazard Area. Appraisers must be licensed by the State of North Carolina. Prior to any appraisals being conducted, the Sub-applicant must advise the property owner (in writing) as to the time the appraiser will visit the property and invite the property owner to accompany the appraiser during a site visit. This notice may be included as part of the written Preliminary Acquisition Notice or be sent as a separate notice, (as noted previously, all notices MUST be sent by certified or registered mail, return receipt requested, or personally served and receipt documented). The appraisal report must reflect nationally recognized appraisal standards, including the Uniform Appraisal Standards for Federal Land Acquisition. The appraisal must contain sufficient documentation, including valuation data and the appraiser's analysis of that data, to support the opinion of value.
- e) **PROVIDE WRITTEN OFFER TO PURCHASE:** Following review of the appraisal, the Contractor must establish just compensation. Just compensation is usually the same as the appraiser's recommendation of **current fair market value**. However, it can never be less than the review appraiser's recommended **current fair market value**. The Contractor MUST prepare a written Statement of the Basis for the Determination of Just Compensation to be sent to the property owner with the Written Offer to Purchase. This statement must include:
  1. A legal description of and location identification of the property;
  2. Interest to be acquired (e.g., fee simple, easement, etc.);
  3. An inventory identifying the building structures, fixtures, etc., which are considered to be a part of the real property;
  4. In the case of tenant-owned improvements, the amount determined to be just compensation for the improvement and the basis, as set forth in the review appraisal;
  5. Any Purchase Option Agreement.

Once the Contractor has submitted the Written Offer of Purchase to the property owner, the Contractor may then negotiate the purchase of the property. The owner must be provided an opportunity to discuss the offer, propose a higher value, and document the higher value. The owner can consider the offer and either accept it, obtain a new appraisal, or decide not to participate in the buyout. Condemnation of property is not allowed in any hazard mitigation grant programs. The Offer must specify the date on which negotiation for the sale of the property will begin, which may or may not be the same date as the written offer.

- f) **CLOSING:** Following successful negotiations, a Deed of Transfer or Contract of Sale must be prepared and executed, including the transfer of documents, prior to or at the time of closing. The Contractor must reimburse the owner to the extent it deems "fair and reasonable" for incidental costs associated with transfer of title including, but not limited to recording fees, transfer taxes, penalty cost or other charges for prepayment of any preexisting recorded mortgages. At the conclusion of settlement, the Sub-applicant must provide the owner with a Statement of Settlement Costs which identifies all settlement costs regardless of whether they are paid at, before, or after closing, and must clearly separate charges paid by the owner. This information is presented on the HUD1 form. The Statement of Settlement Costs must be dated and certified as true and correct by the closing attorney or other person handling the transaction. A receipt for purchase price must be secured by the Contractor.

Prime Contractor(s) will be bound to specific terms and conditions which are subject to change prior to the execution of any contract that may result from this Solicitations. It is the intent and goal of NCEM and the State of North Carolina to ensure every project is successful, so Prime Contractor(s) are encouraged to work proactively to identify and resolve all issues and problems immediately to minimize delays in completing projects.

#### 4.9 DEMOLITION SERVICES SCOPE OF WORK

Each demolition shall consist of several marked steps to be approved by the local authority having jurisdiction to initiate, execute, and closeout each project. These steps may require multiple site visits by various professionals along with meetings between the Prime Contractor, State, subgrantee representative and/or homeowner.

A pre-construction conference shall take place after RFBs have been awarded to discuss the Scope of Work with the Prime Contractor(s) and Hazard Mitigation leadership. **All demolition work should conclude on each project site within 60 days of settlement and shall not exceed 90 days.** The Prime Contractor(s) and/or licensed professional shall schedule or provide services that include, but are not limited to, the following:

- a) **PRE-DEMOLITION CONFERENCE:** A meeting between NCEM and the Prime Contractor to discuss the initial project schedule and Scope of Work after the award of the Contract. **At this conference, as noted in Section 5.4 Bond; Performance and Payment, the Vendor shall furnish performance and payment bonds or the contract shall be cancelled. Within 14 days following this conference, the Prime Contractor(s) shall provide an initial project schedule and Scope of Work for all awarded projects that corresponds to the Total Project Frame provided in this RFB.**
- b) **PRE-DEMOLITION EVALUATION:** The Prime Contractor and construction manager shall perform an initial assessment of the structure to determine the required course of action during the demolition process. Should lead-based paint and asbestos be discovered during the acquisition process, additional precautions shall be taken to ensure these items are disposed of or recycled at an approved facility, following environmental regulations. The Prime Contractor shall provide NCEM with an affidavit stating that any lead-based paint or asbestos containing materials have been disposed of at an approved facility.
- c) **PERMITS:** The Prime Contractor shall obtain all required permits with the local authority having jurisdiction prior to beginning demolition. **A copy of any permits shall be provided to NCEM as well as clearly displayed on site.**
- d) **MOBILIZATION:** Prime Contractor to complete preparatory work and operations necessary to facilitate the movement of personnel, equipment, supplies and incidentals to the project site. Mobilization shall occur 90 days after the Pre-Construction Meeting with HM.
- e) **PREPARATORY SITEWORK:** All preparatory sitework necessary to ready the site for demolition (e.g., access, grading, excavating, etc.). The Prime Contractor shall protect all trees and shrubs designated to remain in the vicinity of the operations. Additionally, the Prime Contractor is responsible for the entire site and shall provide all the necessary protections as required by laws or ordinances governing such conditions.
- f) **DEACTIVATION AND DISCONNECTING UTILITIES:** All exterior utilities shall be deactivated and disconnected prior to the demolition process.
- g) **DEMOLITION:** The systematic dismantling, razing, destroying, and/or wrecking of the structure.

- h) **REMOVAL OF UNDERGROUND IMPROVEMENTS AND SECONDARY STRUCTURES:** All underground storage tanks, septic tanks, wells, etc., shall be removed or filled/capped per local, State and Federal regulations. Additionally, any secondary structures (e.g., sheds, garages, etc.) shall be removed.
- i) **REMOVAL OF UTILITIES:** All underground utilities shall be capped, and excess remains shall be removed from the site and disposed of or recycled at an approved facility, following environmental regulations.
- j) **DEBRIS REMOVAL:** All debris generated by the demolition process shall be removed from the site and disposed of or recycled at an approved facility, following environmental regulations.
- k) **LAND RESTORATION:** All grading, sitework, and seeding done to return the site to open “green” space. Any additional provisions for conversion of the property shall be included in subsequent RFB’s Scope of Work.
- l) **POST-DEMOLITION EVALUATION:** The Prime Contractor and representative(s) from the State shall complete a post-demolition evaluation at each site prior to demobilization. The primary focus of this inspection is to assess the post-demolition condition of the site and compliance with the Scope of Work, all construction service documents, FEMA standards, and local and State codes. If it is found that the site does not meet expected conditions or comply with FEMA standards, or local and State codes, the Prime Contractor is responsible for making the additional changes or completing the necessary work to bring the site into compliance. It is at the discretion of the State to determine what work is reimbursable should the construction services fall outside the Scope of Work at any point.
- m) **DEMOLITION:** Prime Contractor to complete post-work and operations necessary to facilitate the removal of personnel, equipment, supplies, and incidentals from the project site. The Prime Contractor shall also maintain photo evidence, interior and exterior, of the structure’s condition until the demolition occurs. Final site condition photos shall be provided to the State prior to demobilization. At any point during the demolition process, if the Scope of Work changes, a Change Order shall be submitted and reviewed by the State prior to continuing work. If applicable, the Engineer of Record (EOR) shall be notified immediately if any unforeseen site conditions are encountered once demolition has begun. Additionally, any modified design requests due to site conditions shall be submitted to the EOR for review and approval prior to deviating from any sealed demolition documents. **All letters and revisions shall be provided to the State within 7 days of issuance and copies shall be available on site for the jurisdictional officials.**

#### 4.10 ACQUISITION/DEMOLITION SERVICES PRICING

Contractor shall prepare bid on the provided bid prep sheets with this solicitation. The Contractor shall provide pricing for each home covering the services laid out in the preceding SOW for both the acquisition and demolition process. **The current EXPECTED CLOSING VALUE of each home is already provided on the bid worksheets and does not have to be figured into the Contractor’s cost. NCEM Hazard Mitigation (HM) will provide all closing costs, per the negotiated offer to purchase. Contractors will be provided the instructions for how to provide the negotiated offer to purchase to NCEM HM (minimum of 45 days to closing) during the pre-acquisition conference after successfully being awarded the project based on the bidding process.** Once the Contractor has provided their price for each service per home in the bid packet, the top sheet will automatically summarize the contractor’s total bid for the project and the Contractor will follow all further direction as outlined in remaining portions of this RFB.

Vendors are cautioned that proposals sent via U.S. Mail, including Express Mail, may not be delivered by the Mail Service Center to the agency's purchasing office on the due date in time to meet the proposal deadline. All Vendors are urged to take the possibility of delay into account when submitting a proposal by U.S. Postal Service, courier, or other delivery service.
- 8. **DETERMINATION OF RESPONSIVENESS:** Any Offer which fails to conform to the material requirements of the Solicitation may be rejected as nonresponsive. Offers which impose conditions that modify material requirements of the Solicitation may be rejected. If a fixed price is required, an Offer will be rejected if the total possible cost to the State cannot be determined. Offerors will not be given an opportunity to correct any material nonconformity. Any deficiency resulting from a minor informality may be cured or waived at the sole discretion of the Procurement Officer.
- 9. **CONTENTS OF OFFER:**
  - a) Offers should be complete and carefully worded and should convey all of the information requested.

Clarification of an Offer must be documented in writing and included with the Offer. Clarifications may not be used to revise an Offer or the Solicitation.
- 12. **ACCEPTANCE AND REJECTION:** The State reserves the right to reject any and all bids, to waive any informality in bids and, unless otherwise specified by the Vendor, to accept any item in the bid. If either a unit price or an extended price is obviously in error and the other is obviously correct, the incorrect price will be disregarded. Regardless of error or omission, a Vendor shall not be permitted to increase its pricing after the deadline for submitting bids.
- 13. **CONFIDENTIAL INFORMATION:** To the extent permitted by applicable statutes and rules, the State will maintain confidential trade secrets in its bid that the Vendor does not wish disclosed. Any material labeled as confidential constitutes a representation by the Vendor that it has made a reasonable effort in good faith to determine that such material is, in fact, a trade secret under G.S. § 132-1.2. Vendors are urged and cautioned to limit the marking of information as a trade secret or as confidential so far as is possible. If a legal action is brought to require the disclosure of any material so marked as confidential, the State will notify Vendor of such action and allow Vendor to defend the confidential status of its information.

14. **BASIS FOR REJECTION:** Pursuant to 01 NCAC 05B .0501, the State reserves the right to reject any and all Offers, in whole or in part, by deeming the Offer unsatisfactory as to quality or quantity, delivery, price or service offered, non-compliance with the requirements or intent of this Solicitation, lack of competitiveness, error(s) in specifications or indications that revision would be advantageous to the State, cancellation or other changes in the intended project or any other determination that the proposed requirement is no longer needed, limitation or lack of available funds, circumstances that prevent determination of the best offer, or any other determination that rejection would be in the best interest of the State.
15. **INFORMATION AND DESCRIPTIVE LITERATURE:** Vendor shall furnish all information requested in the Solicitation document. Further, if required elsewhere in this bid, each Vendor shall submit with its bid any sketches, descriptive literature, and/or complete specifications covering the goods and services offered. Reference to literature submitted with a previous bid or available elsewhere will not satisfy this provision. Do not submit bid samples or descriptive literature unless expressly requested. Unsolicited bid samples or descriptive literature will not be examined or tested, will not be used to determine responsiveness, and will not be deemed to vary any of the provisions of the Solicitation. Failure comply with these requirements shall constitute sufficient cause to reject a bid without further consideration.
16. **WITHDRAWAL OF BID OR PROPOSAL:** Proposals submitted electronically may be withdrawn at any time prior to the date for bid opening identified on the cover page of this Solicitation document (or such later date included in an Addendum). Proposals that have been delivered by hand, U.S. Postal Service, courier, or other delivery service may be withdrawn only in writing and if receipt is acknowledged by the office issuing the Solicitation document prior to the time for opening identified on the cover page of the Solicitation document (or such later date included in an Addendum). 19. **RECYCLING AND SOURCE REDUCTION:** It is the policy of the State to encourage and promote the purchase of products with recycled content to the extent economically practicable, and to purchase items which are reusable, refillable, repairable, more durable, and less toxic to the extent that the purchase or use is practicable and cost-effective. We also encourage and promote using minimal packaging and the use of recycled/recyclable products in the packaging of commodities purchased. However, no sacrifice in quality of packaging will be acceptable. The company remains responsible for providing packaging that will adequately protect the commodity and contain it for its intended use. Companies are strongly urged to bring to the attention of purchasers those products or packaging they offer which have recycled content and that are recyclable.
20. **CERTIFICATE TO TRANSACT BUSINESS IN NORTH CAROLINA:** As a condition of Contract award, each out-of-State Vendor that is a corporation, limited-liability company, or limited-liability partnership shall have received, and shall maintain throughout the term of The Contract, a Certificate of Authority to Transact Business in North

Carolina from the North Carolina Secretary of State, as required by North Carolina law. A State contract requiring only an isolated transaction completed within a period of six months, and not in the course of a number of repeated transactions of like nature, shall not be considered transacting business in North Carolina and shall not require a Certificate of Authority to Transact Business.

21. **SUSTAINABILITY:** To support the sustainability efforts of the State of North Carolina we solicit Your cooperation in this effort. Pursuant to Executive Order 156 (1999), it is desirable that all responses meet the following:

  - b) Unless absolutely necessary, all bids and copies should minimize or eliminate use of non-recyclable or non-reusable materials such as plastic report covers, plastic dividers, vinyl sleeves, and GBC binding. Three-ringed binders, glued materials, paper clips, and staples are acceptable.
  - c) Materials should be submitted in a format which allows for easy removal, filing and/or recycling of paper and binder materials. Use of oversized paper is strongly discouraged unless necessary for clarity or legibility.
22. **HISTORICALLY UNDERUTILIZED BUSINESS (HUB):** The State is committed to retaining Vendors from diverse backgrounds, and it invites and encourages participation in the procurement process by businesses owned by minorities, women, disabled, disabled business enterprises and non-profit work centers for the blind and severely disabled. In particular, the State encourages participation by Vendors certified by the State Office of Historically Underutilized Businesses, as well as the use of HUB-certified vendors as subcontractors on State contracts.
23. **INELIGIBLE VENDORS:** As provided in G.S. 147-86.59 and G.S. 147-86.82, the following companies are ineligible to contract with the State of North Carolina or any political subdivision of the State. A contract with the State or any of its political subdivisions by any company identified in a) or b) below shall be void ab initio

Online registration and other purchasing information is available at the following website: <http://ncadmin.nc.gov/about-doa/divisions/purchase-contract>.
26. The status of a Vendor's E-Procurement Services account(s) shall be considered a relevant factor in determining whether to approve the award of a Contract resulting from this Solicitation document. Click on the IPS BIDS icon, click on Search for Bid, enter the bid number, and then search. Tabulations will normally be available at this web site not later than one working day after the bid opening. If negotiation is anticipated under 01 NCAC 05B.0503, pricing may not be public until award. Lengthy or complex tabulations may be summarized, with other details not made available on IPS. Requests for additional details or information concerning such tabulations cannot be honored.
28. **NC BIDS:** NC BIDS is an electronic bidding application that allows an agency to receive Vendor responses electronically for specified Solicitations, saving time and money by eliminating the need to print and ship paper proposal packages. Each individual Solicitation document will indicate whether responses must be submitted electronically through NC BIDS or whether paper responses are required. Submissions that do not comply with

the stated submission method will be deemed non-responsive. For more information and online training on NC Bids, visit <https://ncadmin.nc.gov/about-doa/divisions/purchase-and-contract/nc-bids/nc-bids-vendors>.

29. **CONFIDENTIAL INFORMATION:** To the extent permitted by applicable statutes and rules, the State will maintain as confidential trade secrets in bids that the Vendor does not wish disclosed. As a condition to confidential treatment, each page containing trade secret information shall be identified in boldface at the top and bottom as "CONFIDENTIAL" by the Vendor, with specific trade secret information enclosed in boxes, marked in a distinctive color or by similar indication. Cost information shall not be deemed confidential under any circumstances. Regardless of what a Vendor may label as a trade secret, the determination whether it is or is not entitled to protection will be determined in accordance with G.S. 132-1.2. Any material labeled confidential constitutes a representation by the Vendor that it has made a reasonable effort in good faith to determine that such material is, in fact, a trade secret under G.S. 132-1.2. Vendors are urged to limit the marking of information as a trade secret or as confidential so far as is possible. If a legal action is brought to require the disclosure of any material so marked confidential, the State will notify Vendor of such action and allow Vendor to defend the confidential status of its information.
30. **COMMUNICATION BY VENDORS:** In submitting its bid, the Vendor agrees not to discuss or otherwise reveal the contents of its bid to any source, government or private, outside of the using or issuing agency until after the award of the Contract or cancellation of this Solicitation. A Vendor shall not: (a) transmit to the issuing and/or using agency any information commenting on the ability or qualifications of any other Vendor to provide the advertised good, equipment, commodity; (b) identify defects, errors and/or omissions in any other Vendor's bid and/or prices at any time during the procurement process; and/or (c) engage in or attempt any other communication or conduct that could influence the evaluation or award of a Contract related to this Solicitation. Failure to comply with this requirement shall constitute sufficient justification to disqualify a Vendor from a Contract award. Only those communications with the using agency or issuing agency authorized by this Solicitation are permitted.
31. **INFORMAL COMMENTS:** The State shall not be bound by informal explanations, instructions or information given at any time by anyone on behalf of the State during the competitive process or after award. The State is bound only by information provided in writing in this Solicitation document and in formal Addenda.

The protest request must be received in the proper office within thirty (30) consecutive calendar days from the date of the Contract award. Protest letters shall contain specific grounds and reasons for the protest, how the protesting party was harmed by the award made and any documentation providing support for the protesting party's claims.
32. **Note:** Contract award notices are sent only to the Vendor actually awarded the contract, and not to every person or firm responding to a Solicitation. Vendors are also responsible for obtaining and complying with all Addenda and other changes that may be issued concerning the Solicitation.

35. **ORAL EXPLANATIONS NON-BINDING:** Oral explanations or instructions will not be binding. Any information given a prospective Offeror concerning a Solicitation will be furnished promptly to all other prospective Offerors as an Addendum to the Solicitation, if that information is necessary for submitting offers or if the lack of it would be prejudicial to other prospective Offerors. 36. **MAXIMUM COMPETITION:** The State seeks to permit the maximum practicable competition. Offerors are urged to advise the State, as soon as possible, regarding any aspect of this procurement, including any aspect of the Solicitation that unnecessarily or inappropriately limits full and open competition. If the State determines that any changes will be made resulting from the questions asked, then such decisions will be communicated in the form of an Addendum.
37. **FIRM OFFER:** Vendor's bid shall constitute a firm offer. By execution and delivery of a bid in response to a Solicitation, the Vendor agrees that any additional or modified terms and conditions, whether submitted purposefully or inadvertently, shall have no force or effect, and will be disregarded. - b) Federal Law, such as the following, applies as provided for therein: Titles VI and VII of the Civil Rights Act of 1964 (PL 88-352), and the regulations issued pursuant thereto (prohibiting discrimination on the basis race, color, national origin and ensuring that individuals are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, or age); Title IX of the Education Amendments of 1972 (codified as amended at 20 U.S.C. § 1681 et seq.) (prohibiting age discrimination); Executive Order 11063 as amended by Executive Order 2259; and Section 109 of the Housing and Community Development Act of 1974, as amended.

***Contracts Partially or Wholly Federally Funded.***

To the extent federal funding is involved in this procurement, in whole or in part, compliance with the following is required:

- c) The Vendor shall comply with all Federal Funds Provisions requirements (below) and not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Vendor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Vendor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause. The Vendor shall, in all solicitations or advertisements for employees placed by or on behalf of the Vendor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- d) The Vendor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Vendor's legal duty to furnish information.
- e) The Vendor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Vendor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- f) The Vendor shall comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- g) The Vendor shall furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and shall permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- h) In the event of the Vendor's noncompliance with the nondiscrimination clauses of this Contract or with any of the said rules, regulations, or orders, this Contract may be canceled, terminated, or suspended in whole or in part and the Vendor may be declared ineligible for further Government contracts or federally assisted construction Contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- i) The Vendor shall include the portion of the sentence immediately preceding paragraph (a) and the provisions of paragraphs (a) through (g) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Vendor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions,

including sanctions for noncompliance: Provided, however, that in the event a Vendor (or herein "applicant," as applicable in context within these Federal Funds Provisions) becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Vendor may request the United States to enter into such litigation to protect the interests of the United States.

- j) The Vendor further agrees that it shall be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the Vendor so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the Contract.
  - k) The Vendor agrees that it shall assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of Vendors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it shall furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it shall otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.
  - l) The Vendor further agrees that it shall refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a Vendor debarred from, or who has not demonstrated eligibility for, Government Contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon Vendors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the Vendor agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part any relevant grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the Vendor under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such Vendor; and refer the case to the Department of Justice for appropriate legal proceedings.
9. **PAYMENT TERMS:** Payment terms are net not later than 30 days after receipt of a correct invoice or acceptance of goods, whichever is later. The Procuring Agency is responsible for all payments to the Vendor under the Contract. Payment by some agencies may be made by procurement card. If the Vendor accepts Visa, MasterCard, etc., from other customers, it shall accept procurement card payment by the State under the terms provided for the procurement card. 01 NCAC 05B.1523. If payment is made by procurement card, then payment for amounts then due may be processed immediately by the Vendor. The State does not agree in advance, in contract, pursuant to Constitutional limitations, to pay costs such as interest, late fees, penalties or attorney's fees. This Contract will not be construed as an agreement by the State to pay such costs and will be paid only as ordered by a court of competent jurisdiction.
10. **CONDITION AND PACKAGING:** Unless otherwise expressly provided by special terms and conditions or specifications in the Contract or by express, specific federal law or rule, it is understood and agreed that any item offered or shipped has not been sold or used for any purpose, is newly manufactured, and shall be in first class condition. All containers/packaging shall be suitable for handling, storage or shipment.
11. **INTELLECTUAL PROPERTY WARRANTY AND INDEMNITY:** Vendor shall hold and save the State, its officers, agents and employees, harmless from liability of any kind, including costs and expenses, resulting from infringement of the rights of any third party in any Services or copyrighted material, patented or patent-pending invention, article, device or appliance delivered in connection with the Contract.
- a) Vendor warrants to the best of its knowledge that:
    - i. Performance under the Contract does not infringe upon any intellectual property rights of any third party; and

- ii. There are no actual or threatened actions arising from, or alleged under, any intellectual property rights of any third party.
  - b) Should any deliverables supplied by Vendor become the subject of a claim of infringement of a patent, copyright, trademark or a trade secret in the United States, the Vendor, shall at its option and expense, either procure for the State the right to continue using the deliverables, or replace or modify the same to become non-infringing. If neither of these options can reasonably be taken in Vendor's judgment, or if further use shall be prevented by injunction, the Vendor agrees to cease provision of any affected deliverables and refund any sums the State has paid Vendor for such deliverables and make every reasonable effort to assist the State in procuring substitute deliverables. If, in the sole opinion of the State, the cessation of use by the State of any such deliverables due to infringement issues makes the retention of other items acquired from the Vendor under this Agreement impractical, the State shall then have the option of terminating the Agreement, or applicable portions thereof, without penalty or termination charge; and Vendor agrees to refund any sums the State paid for unused Services or other deliverables.
  - c) The Vendor, at its own expense, shall defend any action brought against the State to the extent that such action is based upon a claim that the deliverables supplied by the Vendor, their use or operation, infringe on a patent, copyright, trademark or violate a trade secret in the United States. The Vendor shall pay those costs and damages finally awarded or agreed in a settlement against the State in any such action. Such defense and payment shall be conditioned on the following:
    - i. That the Vendor shall be notified within a reasonable time in writing by the State of any such claim; and
    - ii. That the Vendor shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise provided, however, that the State shall have the option to participate in such action at its own expense.
  - d) Vendor will not be required to defend or indemnify the State to the extent any claim by a third party against the State for infringement or misappropriation results solely from the State's material alteration of any Vendor-branded deliverables or Services, or from the continued use of the Services or other deliverables after receiving written notice from the Vendor of the claimed infringement.
12. **ADVERTISING:** Vendor agrees not to use the existence of the Contract or the name of the State of North Carolina as part of any commercial advertising or marketing of products or Services except as provided in 01 NCAC 05B.1516. A Vendor may inquire whether the State is willing to be included on a listing of its existing customers.
13. **ACCESS TO PERSONS AND RECORDS:**
- a) During, and after the term hereof during the relevant period required for retention of records by State law (G.S. 121-5, 132-1 et seq., typically five years), the State Auditor and any Purchasing Agency's internal auditors shall have access to persons and records related to the Contract to verify accounts and data affecting fees or performance under the Contract, as provided in G.S. 143-49(9). However, if any audit, litigation or other action arising out of or related in any way to this project is commenced before the end of such retention of records period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved or until the end of the record retentions period, whichever is later.
  - b) The following entities may audit the records of this contract during and after the term of the contract to verify accounts and data affecting fees or performance:
    - 1. The State Auditor.
    - 2. The internal auditors of the affected department, agency or institution.
    - 3. The Joint Legislative Commission on Governmental Operations and legislative employees whose primary responsibility is to provide professional or administrative services to the Commission.
  - c) The Joint Legislative Commission on Governmental Operations has the authority to:

2. Evaluate the implementation of public policies, as articulated by enacted law, administrative rule, executive order, policy, or local ordinance, by any non-State entity receiving public funds.
3. Investigate possible instances of misfeasance, malfeasance, nonfeasance, mismanagement, waste, abuse, or illegal conduct by officers and employees of a non-State entity receiving, directly or indirectly, public funds, as it relates to the officer's or employee's responsibilities regarding the receipt of public funds.
4. Receive reports as required by law or as requested by the Commission.
5. Access and review
  - a. Any documents or records related to any contract awarded by a State agency, including the documents and records of the contractor, that the Commission determines will assist in verifying accounts or will contain data affecting fees or performance; and
  - b. Any records related to any subcontract of a contract awarded by a State agency that is utilized to fulfill the contract, including, but not limited to (i) records related to the drafting and approval of the subcontract, and (ii) documents and records of the contractor or subcontractor that the Commission determines will assist in verifying accounts or will contain data affecting fees or performance.
- d) The Joint Legislative Commission on Governmental Operations has the power to:
  1. Compel access to any document or system of records held by a non-State entity receiving, directly or indirectly, public funds, to the extent the documents relate to the receipt, purpose or implementation of a program or service paid for with public funds.
  2. Compel attendance of any officer or employee of any non-State entity receiving public funds, provided the officer or employee is responsible for implementing a program or providing a service paid for with public funds.
- e) Unless prohibited by federal law, the Commission and Commission staff in the discharge of their duties under this Article shall be provided access to any building or facility owned or leased by a non-State entity receiving public funds provided (i) the building or facility is used to implement a program or provide a service paid for with public funds and (ii) the access is reasonably related to the receipt, purpose, or implementation of a program or service paid for with public funds.
- f) Any confidential information obtained by the Commission shall remain confidential and is not a public record as defined in G.S. 132-1.
- g) Any document or information obtained or produced by Commission staff in furtherance of staff's duties to the Commission is confidential and is not a public record as defined in G.S. 132-1.
- h) A person who conceals, falsifies, or refuses to provide to the Commission any document, information, or access to any building or facility as required by this Article with the intent to mislead, impede, or interfere with the Commission's discharge of its duties under this Article shall be guilty of a Class 2 misdemeanor.

14. **ASSIGNMENT OR DELEGATION OF DUTIES:**

- a) As a convenience to the Vendor, the State may include any person or entity designated by the Vendor in writing as a joint payee on the Vendor's payment check. In no event shall such approval and action obligate the State to anyone other than the Vendor.
- b) If Vendor requests any assignment, or delegation of duties, the Vendor shall remain responsible for fulfillment of all Contract obligations. Upon written request, the State may, in its unfettered discretion, approve an assignment or delegation to another responsible entity acceptable to the State, such as the surviving entity of a merger, acquisition or a corporate reorganization if made as part of the transfer of all or substantially all of the Vendor's assets. 01 NCAC 05B.1507. Any

purported assignment or delegation made in violation of this provision shall be void and a material breach of the Contract. G.S. 143-58.

15. **INSURANCE:** This section provides minimum insurance coverage rates that are applicable to most moderate risk solicitations. Agency Risk Analysis will determine if higher insurance coverage amounts are needed based on the likelihood and severity of exposure to the State. The analysis is documented in writing in the official file and considers the following non-exclusive factors: (1) Potential for damage to State property or property of a third party, (2) Potential for bodily injury to State employees or third parties, (3) Whether Vendor will transport State property, clients, or employees, (4) Use of a vehicle to accomplish the work or to travel to or from State locations, (5) Anticipated physical contacts of the Vendor with the State, (6) Anticipated number and activity of Vendor personnel within the State, and (7) Any other unique considerations that could result in harm, bodily injury, or property damage. The Purchasing Agency has specified elsewhere in this Contract any increase in the minimum insurance coverage requirements below if the risk from the above factors is high.
- a) **REQUIREMENTS** - Providing and maintaining adequate insurance coverage is a material obligation of the Vendor and is of the essence of the Contract. All such insurance shall meet all laws of the State of North Carolina. Such insurance coverage shall be obtained from companies that are authorized to provide such coverage and that are authorized by the NC Commissioner of Insurance to do business in North Carolina. The Vendor shall at all times comply with the terms of such insurance policies, and all requirements of the insurer under any such insurance policies, except as they may conflict with existing North Carolina laws or the Contract. The limits of coverage under each insurance policy maintained by the Vendor shall not be interpreted as limiting the Vendor's liability and obligations or the indemnification requirements under the Contract. As provided above, a State agency is authorized, upon written evaluation and substantiation in the official file of the significant risk of bodily injury and/or property or other damage in the contract, to require and enforce higher coverage limits to mitigate the potential risk of liability to the State.
  - b) **COVERAGE** - During the term of the Contract, the Vendor at its sole cost and expense shall provide commercial insurance of such type and with such terms and limits as may be reasonably associated with the Contract. At a minimum, the Vendor shall provide and maintain the following coverage and limits, subject to higher requirements by an agency after the risk analysis indicated above:
    - i. For Small Purchases as defined under North Carolina Administrative Code 01 NCAC 05A.0112 (35) and 05B.0301 (1), the minimum applicable insurance requirements for Worker's Compensation and Automobile Liability will apply as required by North Carolina law. The Purchasing Agency may require Commercial General Liability coverage consistent with the assessed risks involved in the procurement.
    - ii. For Contracts valued in excess of the Small Purchase threshold, but up to \$1,000,000.00 the following limits shall apply:
      - 1. Worker's Compensation - The Vendor shall provide and maintain Worker's Compensation Insurance, as may be required by the laws of North Carolina, as well as employer's liability coverage, with minimum limits of \$250,000.00, covering all of Vendor's employees who are engaged in any work under the Contract in North Carolina. If any work is sub-Contracted, the Vendor shall require the sub-contractor to provide the same coverage for any of its employees engaged in any work under the Contract within the State.
      - 2. Commercial General Liability - General Liability Coverage on a Comprehensive Broad Form on an occurrence basis in the minimum amount of \$500,000.00 Combined Single Limit. Defense costs shall be in excess of the limit of liability.
      - 3. Automobile - Automobile Liability Insurance, to include liability coverage covering all owned, hired and non-owned vehicles, used within North Carolina in connection with the Contract. The minimum combined single limit shall be \$250,000.00 bodily injury and property damage.

iii. For Contracts valued in excess of \$1,000,000.00 the following limits shall apply:

- g) Prime Contractor shall designate a responsible person of his organization as safety officer/inspector to inspect the project site for unsafe health and safety hazards, to report these hazards to Prime Contractor for correction, and whose duties also include accident prevention on the project, and to provide other safety and health measures on the project site as required by the terms and conditions of the Contract. The name of the safety inspector shall be made know to the GC/CM, PM and NCEM at the time of the preconstruction meeting and in all cases prior to any work starting on the project.
- h) In the event of an emergency affecting the safety of life, the protection of work, or safety of adjoining properties, Prime Contractor is hereby authorized to act at his own discretion, without further authorization from anyone, to prevent such threatened injury or damage. Any compensation claimed by Prime Contractor on account of such action shall by determined as provided for under Article 10(b).
- i) Any and all costs associated with correcting damage caused to adjacent properties of the construction site or staging area shall by borne by Prime Contractor. These costs shall include but not be limited to flooding, mud, sand, stone, debris, and discharging of waste products.

#### **ARTICLE 7 – SEDIMENTATION POLLUTION CONTROL ACT OF 1973**

- a) Any land-disturbing activity performed by Prime Contractor in connection with the project shall comply with all erosion control measures set forth in the contract documents and any additional measures which may be required in order to ensure that the project is in full compliance with the Sedimentation Pollution Control Act of 1973, as implemented by Title 15, North Carolina Administrative Code, Chapter 4, Sedimentation Control, Subchapters 4A, 4B and 4C, as amended (15 N.C.A.C. 4A, 4B and 4C).
- b) Upon receipt of notice that a land-disturbing activity is in violation of said act, Prime Contractor shall be responsible for ensuring that all steps or actions necessary to bring the project in compliance with said act are promptly taken.
- c) Prime Contractor shall by responsible for defending and legal actions instituted pursuant to G.S. § 113A-64 against any party or persons described in this article.
- d) To the fullest extent permitted by law, Prime Contractor shall indemnify and hold harmless NCEM, PM, EOR, and the agents, consultants and employees of NCEM and PM, and EOR from and against all claims, damages, civil penalties, losses and expenses, including, but not limited to, attorneys' fee, arising out of or resulting from the performance of work or failure of performance of work, provided that any such claim, damage, civil penalty, loss or expense is attributable to a violation of the Sedimentation Pollution Control Act. Such obligation shall not be construed to negate, abridge or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party or persons described in this article.

#### **ARTICLE 8 – INSPECTION OF THE WORK**

- a) It is a condition of this Contract that the work shall be subject to inspection during normal working hours and during any time work is in preparation and progress by Prime Contractor, EOR, designated official representatives of GC/CM, Authority Having Jurisdiction, PM, NCEM and those persons required by State law to test special work for official approval. Prime Contractor shall therefore provide safe access to the work at all times for such inspections. Owner must give advance notice to Prime Contractor and/or GC/CM to ensure Owner safety pursuant to OSHA requirements.
- b) Where special inspection or testing is required by virtue of any State laws, instructions of the EOR and/or GC/CM, specifications or codes, Prime Contractor shall give adequate notice to the EOR, GC/CM and PM of the time set for such inspection or test, if the inspection or test will be conducted by a party other than the EOR. Such special tests or inspections will be made in the presence of the GC/CM, or his authorized representative, or EOR (if necessary) and it shall be Prime Contractor's responsibility to serve ample notice of such tests.
- c) All laboratory tests shall be paid for by Prime Contractor unless provided otherwise in the contract documents, including laboratory tests to establish design mix for concrete, and for additional tests to prove compliance with contract documents where materials have tested deficient, except when the testing laboratory did not follow the appropriate American Society of Testing and Materials (ASTM) testing procedures.
- d) Should any work be covered up or concealed prior to inspection and approval by Authority Having Jurisdiction and/or NCEM representative (when required by the Contract) and/or special inspector, such work shall be uncovered or exposed for inspection, if so required by Authority Having Jurisdiction (verbally or in writing) or NCEM (in writing). Inspection of the work will be made upon notice from the Prime Contractor. All cost involved in uncovering, repairing, replacing, recovering and/or restoring to design condition the work that has been covered or concealed will be paid by the Prime Contractor involved.

#### **ARTICLE 9 – CONTRACTOR AND SUBCONTRACTOR RELATIONSHIPS**

- a) Prime Contractor agrees that the terms of its Contract shall apply equally to each subcontractor as to Prime Contractor, and Prime Contractor agrees to take such action as may be necessary to bind each subcontractor to these terms. Prime Contractor further agrees to conform to the Code of Ethical Conduct as adopted by the Associated General Contractors of America, Inc., with respect to contractor-subcontractor relationships, and that payments to subcontractors shall be made in accordance with the provisions of G.S. § 143-134.1 titled Interest on final payments due to Prime Contractors: payments to subcontractors.
- b) Within seven (7) days of receipt by Prime Contractor of each periodic or final payment, Prime Contractor shall pay the subcontractor based on work completed or service provided under the subcontract. Should any periodic or final payment to the subcontractor be delayed by more than seven (7) days after receipt of periodic or final payment by Prime Contractor, Prime Contractor shall pay the subcontractor interest, beginning on the eighth day, at the rate of one percent (1%) per month or fraction thereof on such unpaid balance as may be due. PM and NCEM shall not be liable for interest resulting from Prime Contractor's failure to pay any subcontractor.
- c) NCEM will retain no more than five (5) percent of the progress payments from Prime Contractor, which will be released upon file acceptance of the HMGP project. Should Prime Contractor fail to perform work under the Contract, substantially delay completion of the work, or fail to correct non-conforming work in a timely manner, NCEM, through PM, may be retainage to correct non-conforming work and/or complete performance of the Contract. The percentage of retainage on payments made by Prime Contractor to the subcontractor shall not exceed the percentage of retainage on payments made by NCEM to Prime Contractor. Any percentage of retainage on payments made by Prime Contractor to the subcontractor that exceeds the percentage of retainage on payments made by NCEM to Prime Contractor shall be subject to interest to be paid by Prime Contractor to the subcontractor at the rate of one percent (1%) per month or fraction thereof.
- d) Nothing in this section shall prevent Prime Contractor, at the time of application and certification to PM and NCEM, from withholding application and certification to NCEM for payment to the subcontractor for unsatisfactory job progress; defective construction not remedied; disputed work; third-party claims filed or reasonable evidence that claim will be filed; failure of subcontractor to make timely payments for labor, equipment and materials; damage to Prime Contractor or another subcontractor; reasonable evidence that subcontractor cannot be completed for the unpaid balance of the subcontract sum; or a reasonable amount for retainage not to exceed the initial percentage retained by NCEM.

**ARTICLE 10 – CHANGES IN THE WORK**

- a) NCEM, through PM, may make changes to the work covered by the Contract. These changes will not invalidate any portion of the Contract and will not relieve or release Prime Contractor from any guarantee given by it pertinent to the Contract provisions. These changes will not affect the validity of the guarantee bond and will not relieve the surety or sureties of said bond. All extra work shall be executed under conditions of the original Contract.
- b) Except in an emergency endangering life or property, no change shall be made by Prime Contractor except upon receipt of an approved Change Order or written field order from PM authorizing such change. No claim for adjustments of the Contract price shall be valid unless this procedure is followed.  
A field order, transmitted by fax, electronically, or hand delivered, may be used where the change involved impacts the critical path of the work. A formal Change Order shall be issued as expeditiously as possible.  
In the event of an emergency endangering life or property, Prime Contractor may be directed to proceed on a time and materials basis, whereupon Prime Contractor shall proceed and keep accurately on such form as specified by PM and/or NCEM, a correct account of costs, together with all proper invoices, payrolls and supporting data. Upon completion of the work, the Change Order will be prepared as outlined under either Method “c(1)” or Method “c(2)” or both.
- c) In determining the value of changes, either additive or deductive, Contract shall be based on the discretion of NCEM.
- d) Should below grade concealed conditions be encountered in the performance of the work, or should concealed or unknown conditions in an existing structure be at variance with the conditions indicated by the Contract documents, the Contract sum and time for completion may be equitably adjusted by Change Order upon claim by either party made within thirty (30) days after the condition has been identified. All Change Orders shall be supported by a unit cost breakdown showing method of arriving at net cost as defined above.
- e) In all Change Orders, Prime Contractor will provide such proposal and supporting data in suitable written format. PM shall verify correctness. Delay in the processing of the Change Order due to lack of proper submittal by Prime Contractor of all required supporting data shall not constitute grounds for a time extension or basis of a claim. Within fourteen (14) days after receipt of Prime Contractor’s accepted proposal, including all supporting documentation required by PM, PM shall prepare the Change Order and forward to Prime Contractor for his signature or otherwise respond, in writing, to Prime Contractor’s proposal. Within seven (7) days after receipt of the Change Order executed by Prime Contractor, PM’s representative shall certify the Change Order by his or her signature, and forward the Change Order and all supporting data to NCEM for its review of HMGP and/or grant eligibility compliance and, if compliant, NCEM will sign the change order and the revised scope of work may proceed. If the Change Order is denied, then Prime Contractor shall not proceed with the work. In case of emergency or extenuating circumstances, approval of changes may be obtained verbally by telephone or via field orders approved by all parties, and then shall be substantiated in writing as outlined under normal procedure.
- f) A Change Order, when issued, shall include full compensation, or credit, for the work included, omitted or substituted. It shall show on its face the adjustment in time for completion of the project as a result of the change in the work.
- g) Prime Contractor understands and acknowledges that any and all Change Orders made subsequent to this Grant Agreement shall be incorporated herein by reference into this original Grant Agreement. Subsequent Change Orders shall then represent the entire Grant Agreement between the parties for the new construction of their damaged home under the Program.

**ARTICLE 11 – TIME OF COMPLETION, DELAYS, EXTENSION OF TIME**

- a) Prime Contractor shall commence work to be performed under this agreement on a date to be specified in a written Notice to Proceed from the PM and shall fully complete all work hereunder within the time of completion stated in the Contract. In addition to completion, other time frames, such as substantial completion, are specified in the contract and must be followed. Time is of the essence and Prime Contractor acknowledges NCEM will likely suffer financial damage for failure to complete the work within the time of completion. For each day in excess of the above number of days, the sum of \$250.00 per day shall be deducted

from Prime Contractor's next draw request as liquidated damages reasonably estimated in advance to cover the losses incurred by NCEM by reason of failure of said Prime Contractor to complete the work within the time specified, such time being in the essence of this Contract and a material consideration thereof. If Prime Contractor disputes the calculation of liquidated damages, the NCEM may recover actual damages.

- b) If Prime Contractor is delayed at any time in the progress of his work solely by: any act or negligence of Owner, PM or NCEM; by change ordered in the work; by labor disputes at the project site; by abnormal weather conditions not reasonably anticipated for the locality where the work is performed; by unavoidable casualties; by any causes beyond Prime Contractor's control; or by any other causes which PM and NCEM determine may justify the delay, then the Contract time may be extended by Change Order only for the time which PM and NCEM may determine is reasonable.

Time extensions will not be granted for rain, wind, snow, or other natural phenomena of normal intensity for the locality where the work is performed. For purposes of determining extent of delay attributable to unusual weather phenomena, a determination shall be made by comparing the weather for the Contract period involved with the average of the preceding five (5) year climatic range during the same time interval based on the Nation Oceanic and Atmospheric Administration National Weather Service statistics for the locality where the work is performed and on daily weather logs kept on the job side by the Prime Contractor reflecting the effect of the weather on progress of the work and initialed by the PM's representative. No weather delays shall be considered after the building is dried-in unless work claimed to be delayed is on the critical path of the baseline schedule or approved updated schedule. Time extensions for weather delays, acts of God, labor disputes, fire, delays in transportation, unavoidable casualties or other delays which are beyond the control of NCEM do not entitle Prime Contractor to compensable damages for delays. Any Prime Contractor claim for compensable damages for delays is limited to delays caused solely by Owner or its agents. Prime Contractor caused delays shall be accounted for before Owner or PM caused delays in the case of concurrent delays.

- c) **Requests for extensions of time shall be made in writing to PM, with copies provided to NCEM and PM, within fifteen (15) days following cause of delay.** The request must contain a brief description of: the event or situation that caused the delay; how the event and situation impacted critical work needed to complete the project on time as such work is reflected in the schedule or reasonably inferred from the progress of construction; a statement of Prime Contractor's inability to perform other work to mitigate the impact of the event or situation causing delay; a statement that Prime Contractor (including employees, subcontractors, or suppliers) were not the cause of the event or situation; and such other additional work and costs incurred by Prime Contractor resulting from the event or situation delaying Prime Contractor's work. **Prime Contractor understands that the failure to provide a timely request with the requested details and cost information shall result in rejection of the request absent a reasonable and substantiated explanation for the lack of timeliness which was caused by events, situations or persons outside Prime Contractor's control. Prime Contractor further understands that the payments made under this Contract are from a Federal grant administered by a State agency and, as a result, Prime Contractor understands that any requests for time extensions are subject to the State and Federal False Claims Acts and auditing requirements.**
- d) If a performance or payment bond has been provided by Prime Contractor for this project, then Prime Contractor shall notify its surety in writing of any extension of time that is granted by NCEM.

#### **ARTICLE 12 – APPLICATIONS FOR PAYMENT**

- a) Prime Contractor shall submit to PM a request for payment for work done on a schedule agreed upon by Prime Contractor and PM. The request shall be in the form agreed upon between Prime Contractor and PM, but shall show substantially the value of work done and materials delivered to the site during the period since the last payment, and shall sum up the financial status of the Contract with the following information:
1. Total value of Contract including Change Orders.
  2. Value of work completed to date.
  3. Less five percent (5%) retainage.
  4. Less previous payments.
  5. Current amount due.

- b) Prime Contractor, upon request of PM, shall substantiate the request with invoices or vouchers or payrolls or other evidence including compliance with Federal prevailing wage laws.
- c) Prior to submitting the first request, Prime Contractor shall prepare for PM a schedule of values (SOV) showing a breakdown of the Contract price into values of the various parts of the work, so arranged as to facilitate payments to Prime Contractor and subcontractors. Prime Contractor shall list the value of each subcontractor and supplier, identifying each minority business subcontractor and supplier.
- d) NCEM will direct PM to withhold retainage up to the statutory amount of five percent (5%) to ensure a Prime Contractor's completion of the project and/or it resolve any disputes with NCEM or subcontractors.

**ARTICLE 13 – CERTIFICATES OF PAYMENT AND FINAL PAYMENT**

- a) Within five (5) days from receipt of request for payment from Prime Contractor (or other date set by Prime Contractor, PM and NCEM), Prime Contractor shall issue and forward to PM a certificate for payment. This certificate shall indicate the amount requested by Prime Contractor. If the certificate is withholding payment.
- b) No certificate issued or payment made shall constitute an acceptance of the work or any part thereof until issuance of a certificate of occupancy is issued by Authority Having Jurisdiction, and PM and NCEM closeout the Contract (warranties and guarantees shall remain in effect after Contract closeout). The making and acceptance of final payment shall constitute a waiver of all claims by Prime Contractor against Owner, PM and/or NCEM except:
  - 1. Claims arising from unsettled liens or claims against Prime Contractor.
  - 2. Faulty work or materials appearing after final payment.
  - 3. Failure of Prime Contractor to perform the work in accordance with drawings and specifications, such failure appearing after payment.
  - 4. As conditioned in any payment bond.
- c) Prime Contractor shall forward to PM and NCEM the final application for payment along with the following documents:
  - 1. List of minority business subcontractors and material suppliers showing breakdown of contract amounts and total actual payments to subs and material supplies.
  - 2. Affidavit of Release of Liens.
  - 3. Affidavit of Prime Contractor of payment to material suppliers and subcontractors.
  - 4. Consent of Surety to Final Payment.
  - 5. Certificates of State agencies required by State law.
  - 6. If applicable, Asbestos Manifest from a permitted disposal facility.
  - 7. Warranty certification by homeowner.
  - 8. Homeowner Acceptance of work.

**ARTICLE 14 – PAYMENT WITHHELD**

- a) PM, with approval of NCEM, may withhold payment for the following reasons:
  - 1. Faulty work not corrected.
  - 2. The unpaid balance on the contract is insufficient to complete the work in the judgement of the EOR and/or PM.
  - 3. To provide for sufficient contract balance to cover liquidated damages that will be assessed.
  - 4. Payment documentation has not been submitted by the Prime Contractor or is unacceptable.
  - 5. Non-compliance with contractual requirements.
- b) When grounds for withholding payments have been removed, payment will be released.

**ARTICLE 15 – RESERVED****ARTICLE 16 – PAYMENT & PERFORMANCE BONDS**

- a) **Payment Bond - NCEM, through PM, will require Prime Contractor to furnish a payment bond executed by a surety company authorized to do business in North Carolina. The bond shall be in the full Contract amount. The bond shall be countersigned by an authorized agent of the bonding company who is licensed to do business in North Carolina.**
- b) **Performance Bond – NCEM, through PM, will require Prime Contractor to furnish a performance bond executed by a surety company authorized to do business in North Carolina. The performance bond shall be**

**in the full Contract amount. Prime Contractor shall submit a sample performance bond and sample power of attorney to NCEM and PM for review and approval.**

**ARTICLE 17 – PRIME CONTRACTOR’S AFFIDAVIT**

The final payment of retained amount due Prime Contractor on account of the Contract shall not become due until Prime Contractor has furnished to PM and NCEM and affidavit signed, sworn, and notarized to the effect that all payments for materials, services, or subcontracted work in connection with his Contract have been satisfied, and that no claims or liens exist against Prime Contractor in connection with this Contract. In the event that Prime Contractor cannot obtain similar affidavits from subcontractors to protect Prime Contractor and Owner from possible liens or claims against the subcontractor, Prime Contractor shall state in his affidavit that no claims or liens exist against any subcontractor to the best of Prime Contractor’s knowledge, and if any appear afterwards, Prime Contractor shall hold NCEM and Owner harmless.

**ARTICLE 18 – USE OF PREMISES**

- a) Prime Contractor shall confine its equipment, the storage of materials and the operations of its workmen to limits indicated by law, ordinances, permits or directions of Authority Having Jurisdiction, PM, and NCEM and shall not exceed those established limits in its operation.
- b) Prime Contractor shall not load or permit any part of the structure to be loaded with a weight that will endanger its safety.
- c) Prime Contractor shall enforce PM’s and NCEM’s instructions regarding signs, advertisements, fires and smoking.
- d) No firearms, any type of alcoholic beverages, or drugs (other than those prescribed by a physician) will be permitted at the job site.

**ARTICLE 19 – CUTTING, PATCHING AND DIGGING**

- a) Prime Contractor shall do all cutting, fitting, or patching of his work that may be required to make its several parts come together properly and fit it to receive or be received by work of other subcontractors shown upon or reasonably implied by the drawings and specifications for the complete structure, as the EOR or PM may direct.
- b) Any cost brought about by defective or ill-timed work shall be borne by the party responsible therefore.
- c) Prime Contractor should coordinate the work of the subcontractors to avoid unnecessary cutting, fitting, or patching so that Prime Contractor avoids damaging the work of its subcontractors, and subcontractors avoid damaging the work of Prime Contractor and/or other subcontractors.

**ARTICLE 20 – UTILITIES, STRUCTURES, SIGNS**

- a) If the house is unoccupied, Prime Contractor shall provide necessary and adequate facilities for water, electricity, gas, oil, sewer, and other utility services which may be necessary and required for completion of the project, including all utilities required for testing, cleaning, balancing, and sterilization of designated plumbing, mechanical and electrical systems. Any permanent meters installed shall be listed in Prime Contractor’s name until work has a final acceptance. Prime Contractor shall contact all affected utility companies prior to bid to determine their requirements to provide temporary and permanent service and include all costs associated with providing those services in their bid. Coordination of the work of the utility companies during construction is the sole responsibility of Prime Contractor. If occupied, PM, Prime Contractor and Owner must reach an agreement as to apportionment of utilities, which must be included in the Contract before construction begins.
- b) Meters shall be relisted in Owner’s name on the day following final acceptance, and Owner shall pay for services used after that date.

**ARTICLE 21 – CLEANING UP**

- a) Prime Contractor shall keep the building and surrounding area reasonably free from rubbish at all times, and shall remove debris from the site on a timely basis or when directed to do so by PM. Prime Contractor shall provide an onsite refuse container(s) for the use of all contractors. Prime Contractor shall remove rubbish and debris from the building on a daily basis. Prime Contractor shall broom clean the building as required to minimize dust and dirt accumulation.
- b) Prime Contractor shall provide and maintain suitable all-weather access to the building.

- c) Before final inspection and acceptance of the building, Prime Contractor shall clean the work area, including glass, hardware, fixtures, masonry, tile and marble (using no acid), clean and wax all floors as specified, and completely prepare the building for use by Owner, with no cleaning required by Owner.

**ARTICLE 22 – GUARANTEE**

- a) Prime Contractor shall unconditionally guarantee materials and workmanship against patent defects arising from faulty materials, faulty workmanship or negligence for a period of twelve (12) months following the date of final acceptance of the work or beneficial occupancy and shall replace such defective materials or workmanship without cost to Owner. Prime Contractor shall provide a ten (10) year warranty for all structural work performed under the Contract.
- b) Where items of equipment or material carry a manufacturer's warranty for any period in excess of twelve (12) months, then the manufacturer's warranty shall apply for that particular piece of equipment or material. Prime Contractor shall replace such defective equipment or materials, without cost to Owner, within the manufacturer's warranty period.
- c) Additionally, Owners may bring an action for latent defects caused by the negligence of Prime Contractor which are hidden or not readily apparent to Owner, NCEM or PM at the time of final acceptance, whichever occurred first, in accordance with applicable law.
- d) Guarantees for roof, equipment, materials, and supplies shall be stipulated in the specification sections governing such roof, equipment, materials, or supplies. Prime Contractor shall also provide all instruction manuals stipulated in the specification sections and/or that were furnished to Prime Contractor from the manufacturer (e.g., hot water heaters, HVAC units, electrical equipment or fixtures, plumbing equipment and fixtures, appliances, etc.).

**ARTICLE 23 – WOMEN AND MINORITY BUSINESS PARTICIPATION**

2 C.F.R. § 200.321 requires that all necessary affirmative steps are taken to assure that minority and women's businesses are used when possible, and G.S. § 143-128.2 establishes a ten percent (10%) goal for participation by minority and women owned businesses in total value of work for the HMGP. The document, *Guidelines for Recruitment and Selection of Minority Businesses for Participation in State Construction Contracts*, including affidavits, is found on the N.C. State Construction Office website.

**ARTICLE 24 – PRIME CONTRACTOR EVALUATION**

Prime Contractor's overall work performance on each assigned or awarded HMGP project/Contract shall be fairly evaluated in accordance with the policy and procedures for determining continued prequalification for future work in the HMGP. Prime Contractor Evaluation Procedures are hereby incorporated and made a part of Prime Contractor's approval of its application for prequalification. PM and NCEM will evaluate Prime Contractor's performance.

**ARTICLE 25 – GIFTS**

Pursuant to G.S. § 133-32, it is unlawful for any Vendor or Contractor (i.e. architect, bidder, prime contractor, construction manager, design professional, engineer, subcontractor, supplier, vendor, etc.) to make gifts or to give favors to any State employee. This prohibition covers those Vendors and Contractors who: (1) have a contract with a governmental agency; or (2) have performed under such a contract within the past year; or (3) anticipate bidding on such a contract in the future. For additional information regarding the specific requirements and exemptions, Vendors and Contractors are encouraged to review G.S. § 133-32.

During the construction of the Project, Prime Contractor and subcontractors are prohibited from making gifts to any employee of NCEM and/or and other State employee from and other State agency that may have any involvement, influence, responsibilities, oversight, management and/or duties that pertain to and/or relate to the contract administration, financial administration and/or disposition of claims arising from and/or relating to the Contract and/or Project. In addition, Prime Contractors are prohibited from making gifts to the Owner at any time. Prime Contractors in violation of this provision of the agreement will be removed from participation in the program and reported to FEMA for investigation.

**ARTICLE 26 – AUDITING – ACCESS TO PERSONS AND RECORDS**

In accordance with 2 C.F.R. § 200.501 and G.S. § 147-64.7, the Office of the Inspector General (OIG), State Auditor, NCEM, or other applicable State agency internal auditors, or FEMA shall have access to Prime Contractor's officers,

employees, agents, and/or other persons in control of and/or responsible for Prime Contractor's records that relate to this Contract for purposes of conducting audits under the referenced statute. FEMA and NCEM's internal auditors shall also have the right to access and copy Prime Contractor's records relating to the Contract and Project during the term of the Contract and within five (5) years following the completion of the Project/closeout of the Contract to verify accounts, accuracy, information, calculations and/or data affecting and/or relating to Prime Contractor's requests for payment, requests for Change Orders, Change Orders, claims for extra work, requests for time extensions and related claims for delay/extended general conditions costs, claims for lost productivity, claims for loss efficiency, claims for idle equipment or labor, claims for price/cost escalation, pass-through claims of subcontractors and/or suppliers, and/or any other type of claim for payment or damages from PM, NCEM and/or Owner.

#### **ARTICLE 27 – NORTH CAROLINA FALSE CLAIMS ACT**

The False Claims Act (31 U.S.C. § 3729) and the North Carolina False Claims Act ("NCFCA"), G.S. §§ 1-605 through 1-618, apply to this Contract. Prime Contractor should familiarize itself with the False Claims Act and the NCFCA and should seek the assistance of an attorney if it has any questions regarding the NCFCA and its applicability to any requests, demands and/or claims for payment it submits to the State through the contracting State agency, institution, university, or community college.

The purpose of the NCFCA "is to deter persons from knowingly causing or assisting in causing the State to pay claims that are false or fraudulent and to provide remedies in the form of treble damages and civil penalties when money is obtained from the State by reason of a false or fraudulent claim." (Section 1-605(b).) Prime Contractor's liability under the NCFCA may arise from, but not limited to: requests for payment, invoices, billing, claims for extra work, requests for change orders, requests for time extensions, claims for delay damages/extended general conditions costs, claims for loss productivity, claims for loss efficiencies, claims for idle equipment or labor, claims for price/cost escalation, pass-through claims of subcontractors and/or suppliers, documentation used to support any of the foregoing requests or claims, and/or any other request for payment from the State through the contracting State agency, institution, university or community college.

## **ATTACHMENT H: FEMA RULES AND REGULATIONS**

---

To the extent applicable, the following are the requirements that Vendor must agree to in order to be awarded any contract under this solicitation. If Vendor is unwilling to meet any of these requirements, Vendor's submittal shall not be considered.

1. **No Governmental Non-Competes.** Vendor shall not impose or enforce any non-competition agreement upon the employees included in Vendor's bid that would prevent those employees from accepting any offer of employment from the State of North Carolina outside the first Term of the Contract. By executing this RFB, the Vendor affirms this condition, as directed in the Vendor Experience Section 4.4 of this RFB. This affirmation is a material condition for the State's award of any work under this RFB.
2. **Program Monitoring.** Vendor agrees to assist and cooperate with the Federal grantor agency and NCEM or their duly designated representatives in the monitoring of the projects to which this contract relates, and to provide in form and manner approved by NCEM such monitoring reports, progress reports, and the like as may be required and to provide such reports at the times specified.
3. **Remedies.** Remedies for performance and default are governed under Sections 1 and 2 and related sections of the N.C. General Terms & Conditions included in this solicitation and Section 4 of the FEMA Rules and Regulations below.
4. **Termination for Cause.** In addition to Section 2 of the N.C. General Terms & Conditions included in this solicitation, if through any cause, Vendor shall fail to fulfill in a timely or proper manner any obligation under this Contract, or if Vendor shall violate any of the covenants, agreements, or stipulations of The Contract, NCEM shall thereupon have the right to terminate this Contract by giving written notice to Vendor of such termination and specifying the effective date of such termination. Unless a shorter time is determined by NCEM to be necessary, NCEM shall affect termination according to the following procedure:

- a) **Notice to Cure.** NCEM shall give written notice of the conditions of default, setting for the ground or grounds upon which such default is declared ("Notice to Cure"). The Vendor shall have ten (10) days from receipt of the Notice to Cure or any longer period that is set forth in the Notice to Cure to cure the default.
  - b) **Notice of Termination.** If the conditions set forth in the Notice to Cure are not cured within the period set forth in the Notice to Cure, NCEM may terminate the Contract, in whole or in part. NCEM shall give the Vendor written notice of such termination ("Notice of Termination"), specifying the applicable provision(s) under which the Contract is terminated and the effective date of the termination.
  - c) In such event, all finished or unfinished documents, data, studies, and reports prepared by Vendor entitle Vendor's receipt of just and equitable compensation for any satisfactory work completed on such documents. Notwithstanding the above, Vendor shall not be relieved of liability to NCEM for damage sustained to NCEM by virtue of any breach of this Contract by Vendor. NCEM may withhold any payments to Vendor for the purpose of set off until such time as the exact amount of damages due NCEM from Vendor is determined.
5. **Termination for Convenience.** Termination of the Contract for convenience shall be governed by Section 2 of the N.C. General Terms & Conditions included in this solicitation.
6. **Equal Employment Opportunity.** During the performance of this Contract, the Vendor agrees as follows:
- a) The Vendor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Vendor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but are not limited to, the following:  
  
Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Vendor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
  - b) The Vendor shall, in all solicitations or advertisements for employees placed by or on behalf of the Vendor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
  - c) The Vendor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Vendor's legal duty to furnish information.
  - d) The Vendor will send each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Vendor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
  - e) The Vendor shall comply with all provision of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
