1. OVERVIEW

Pursuant to N.C.G.S. § 143-129 and 2 C.F.R. 200.320, Brunswick County is soliciting **sealed** bids for ancillary materials related to the Longwood Road Sewer Project. **This is a re-advertisement for the Electrical and Grinder Packages Groups due to an insufficient number of bids received for each group. If a bidder previously bid on one or both of the aforementioned product groups and would still like to be considered for the award of contract, the bidder must submit a new bid for this re-advertisement.**

Brunswick County has received a grant from the North Carolina Department of Environmental Quality, as more particularly set forth herein, to extend sewer service to the Ash, North Carolina area and provide sewer service to underserved property owners along the route. The project includes installing low-pressure sewer collection systems to provide wastewater service to a currently underserved, rural area of Brunswick County. The materials requested in this Invitation to Bid are directly associated with, and necessary for, the completion of this project.

The materials are grouped by product type. It is not required for a bidder to submit a bid for each group; however, if a bidder intends to bid on a group, then the submitted bid must include pricing for **all materials in said group**. The County reserves the right to award more than one contract to more than one bidder, based on bids received for the various groups. Substitutions will only be permitted with Brunswick County's prior written authorization. Bidders should list all known substitutions in the submitted bid. Quantities denoted are estimates for bidding purposes only. The County does not guarantee that any minimum or maximum number of purchases will be made under an awarded contract. All materials must comply with the County's specifications as referenced in the [Brunswick County Engineering Design Manual for Water & Sewer Systems](#).

Each bid must include anticipated lead times for each product in the group. **Notwithstanding the foregoing or anything else to the contrary contained herein, all orders for all materials must be fulfilled, and final invoices submitted to the County for same, no later than October 30, 2026.**

Any changes to the specifications herein will be made in the form of an Addendum to this Invitation to Bid and will be supplied to all known prospective bidders and posted on the Brunswick County website. Notwithstanding the foregoing, bidders will be responsible for ensuring that they have all addenda. Brunswick County may negotiate and refine final specifications with the selected bidder.

No act or omission by the County which is attributable to non-appropriation of funds shall constitute a breach of or default under this Agreement.

5. COMPENSATION

- (1) *Total Charges.* The County agrees to pay the price(s) for the Goods specified in the Price List or other document set forth on Exhibit "A" or as set out above. These prices constitute the maximum total charges payable to the Supplier for the Goods during the term of this Agreement.

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Supplier agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

- (2) The Supplier will, in all solicitations or advertisements for employees placed by or on behalf of the Supplier, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- (3) The Supplier will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or

action, including an investigation conducted by the employer, or is consistent with the Supplier's legal duty to furnish information.

- (4) The Supplier will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Supplier's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (5) The Supplier will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (6) The Supplier will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (7) In the event of the Supplier's noncompliance with the nondiscrimination clauses of this Agreement or with any of the said rules, regulations, or orders, this Agreement may be canceled, terminated, or suspended in whole or in part and the Supplier may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (8) The Supplier will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Supplier will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event the Supplier becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Supplier may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, that if the applicant so participating is a state or local government, the above equal opportunity clause is not applicable to any agency,

instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

42. COMPLIANCE WITH THE CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Compliance with the Contract Work Hours and Safety Standards Act:

- (1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty (40) hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty (40) hours in such workweek.
- (2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (1) of this section the Supplier and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, the Supplier and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$32 or the current amount statutorily required by 29 C.F.R. § 5.5(b)(2) as may be amended from time to time, for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty (40) hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

In the event of any violations of these clauses, the prime contractor, and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and associated liquidated damages and may be subject to debarment, as appropriate.
- (5) *Anti-retaliation.* It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

 - ii. Any rights of copyright purchased by the Supplier using federal assistance funded in whole or in part by the Department of the Treasury.
- (2) Unless Treasury determines otherwise, a Supplier performing experimental, developmental, or research work required as part of this Agreement agrees to permit Treasury to make available to the public either (1) Treasury's license in the copyright to any subject data developed in the course of the Agreement, or (2) a copy of the subject data first produced under the Agreement for which a copyright has not been obtained. If the experimental, developmental, or research work which is the subject of this Agreement is not completed for any reason whatsoever, all data developed under the Agreement shall become subject data as defined herein and shall be delivered as the federal government may direct.
- (3) Unless prohibited by North Carolina law, upon request by the federal government, the Supplier agrees to indemnify, save, and hold harmless the federal government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional

violation by the Supplier of proprietary rights, copyrights, or right of privacy arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under the Agreement. The Supplier shall be required to indemnify the federal government for any such liability arising out of the wrongful act of any employee, official, or agent of the Supplier.

- (4) Nothing contained in this clause shall imply a license to the federal government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the federal government under any patent.
- (5) Data developed by the Supplier and financed entirely without using federal assistance provided by the federal government that has been incorporated into work required by the underlying Agreement is exempt from the requirements herein, provided that the Supplier identifies that data in writing at the time of delivery of the work. The Supplier agrees to include these requirements in each Subcontract for experimental, developmental, or research work financed in whole or in part with federal assistance.
- (6) For the purposes of this section, “subject data” means “recorded information, whether or not copyrighted, . . . that is delivered or specified to be delivered as required by the contract.” Examples of “subject data” include, but are not limited to, “computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information, but do not include financial reports, cost analyses or other similar information used for performance or administration of the contract.”

Pursuant to N.C.G.S. § 143-133.3, the Supplier understands that it is a requirement of this Agreement that the Supplier and its Subcontractors must comply with the provisions of Article 2 of Chapter 64 of the North Carolina General Statutes. In doing so, the Supplier agrees that, unless it is exempt by law, it shall verify the work authorization of its employees utilizing the federal E-Verify program and standards as promulgated and operated by the United States Department of Homeland Security, and the Supplier shall require its Subcontractors to do the same. Upon request, the Supplier agrees to provide the County with an affidavit of compliance or exemption.

50. GOVERNMENTAL IMMUNITY

The County, to the extent applicable, does not waive its governmental immunity by entering into this Agreement and fully retains all immunities and defenses provided by law with regard to any action based on this Agreement.

51. NON-WAIVER

Failure by the County at any time to require the performance by the Supplier of any of the provisions of this Agreement shall in no way affect the County's right hereunder to enforce the same, nor shall any waiver by the County of any breach be held to be a waiver of any succeeding breach or a waiver of this Section.

52. ENTIRE AGREEMENT

This Agreement constitutes the entire agreement between the parties with respect to the subject matter herein. There are no other representations, understandings, or agreements between the parties with respect to such subject matter. This Agreement supersedes all prior agreements, negotiations, representations, and proposals, written or oral.

53. HEADINGS

The headings in this Agreement are for convenience of reference only and shall not define or limit any of the terms or provisions hereof.

54. SEVERABILITY

The invalidity of one or more of the phrases, sentences, clauses, or sections contained in this Agreement shall not affect the validity of the remaining portion of the Agreement so long as the material purposes of this Agreement can be determined and effectuated. If a provision of this Agreement is held to be unenforceable, then both parties shall be relieved of all obligations arising under such provision, but only to the extent that such provision is unenforceable, and this

Agreement shall be deemed amended by modifying such provision to the extent necessary to make it enforceable while preserving its intent.
