Question: Will there be any paint repair/touch up scope?

Answer: Yes, although minimal it is presumed that some painted baseboard and wall areas may need to be painted. Worst case estimate is a total of 50 square feet of wall space.

Question: What are the product specs for the flooring material?

Answer: Flooring materials are Miliken carpet tiles, the owner has the necessary tiles in stock.

Question: Is floor leveling needed?

Answer: No.

Question: If toilet partitions are new, are the floor, or wall mounted?

Answer: Both

Question: will there be a need for new toilet accessories?

Answer: No

Question: What are the dimensions of the rooms needing flooring replacement/repair?

Answer: 56ft x 28ft and 54ft x 42ft

Question: Are there any as-builts available for the affected rooms?

Answer: Unfortunately no, the piping pre-dates the building itself and is piping from the previous auditorium while was demolished in order to build the current auditorium.
