1.0 PURPOSE AND BACKGROUND

A qualified Vendor is needed to assist the North Carolina Division of Archives and History with the development of a project that will study a campaign of the Revolutionary War typically called the “Race to the Dan.” The Race to the Dan River in Virginia was part of the efforts by American Major General Nathaniel Greene to wear down and stretch supply lines for the British under the command of General Lord Cornwallis. Cornwallis had entered North Carolina near Charlotte after an embarrassing defeat at Cowpens in South Carolina. The dramatic six-week pursuit of American troops stretched across the western Piedmont of North Carolina and into Virginia before culminating at the battle of Guilford Courthouse. The project will survey the known sites associated with the Race to the Dan, including campsites, skirmish areas, important river crossings, and other strategic areas associated with General Greene’s efforts to string out, delay, and out maneuver British troops under Cornwallis.

The selected Vendor shall be responsible for the compilation of a comprehensive report that incorporates the research and presents a clear study of the battlefields, campsites, and skirmish locations of the military campaign from 1781. The Vendor shall carry out work in a manner that meets the Secretary of Interior's Standards for Archeology and Historic Preservation, any applicable state and local statutes and guidelines, and by a professional that meets or exceeds the Secretary of the Interior’s Professional Qualifications Standards.

This project will be fully funded by a grant from the National Park Service, submitted proposals should not exceed \$120,000.00 for the total cost of all work to be completed.

The intent of this solicitation is to award an Agency Contract.

1.1 CONTRACT TERM

The Contract shall begin on the date of final Contract execution (the “Effective Date”) and end October 31, 2025. Proposals shall be submitted in accordance with the terms and conditions of this RFP and any addenda issued hereto.

Proposals shall be submitted in accordance with the terms and conditions of this RFP and any addenda issued hereto.

2.0 GENERAL INFORMATION

2.1 REQUEST FOR PROPOSAL DOCUMENT

This RFP is comprised of the base RFP document, any attachments, and any addenda released before Contract award, which are incorporated herein by reference.

2.2 E-PROCUREMENT FEE

ATTENTION: This is an NC eProcurement solicitation facilitated by the Ariba Network. The E-Procurement fee may apply to this solicitation. See the paragraph entitled ELECTRONIC PROCUREMENT of the North Carolina General Terms and Conditions.

General information on the E-Procurement Services can be found at: <http://eprocurement.nc.gov/>.

What is the Ariba Network?

The Ariba Network is a web-based platform that serves as a connection point for buyers and vendors. Vendors can log in to the Ariba Network to view purchase orders, respond to electronic requests for quotes, participate in Sourcing Events, and collaborate with buyers on contract documents.

For training on how to use the Sourcing Tool to view solicitations, submit questions, develop responses, upload documents, and submit offers to the State, Vendors should go to the following site:

<http://eprocurement.nc.gov/training/vendor-training>.

2.3 NOTICE TO VENDORS REGARDING RFP TERMS AND CONDITIONS

It shall be the Vendor’s responsibility to read the Instructions to Vendors, the North Carolina General Terms and Conditions, all relevant exhibits and attachments, and any other components made a part of this RFP and comply with all requirements and specifications herein. Vendors are also responsible for obtaining and complying with all Addenda and other changes that may be issued in connection with this RFP.

If Vendors have questions, issues, regarding any component of this RFP, those must be submitted as questions in accordance with the instructions in the PROPOSAL QUESTIONS Section. If the State determines that any changes will be made as a result of the questions asked, then such decisions will be communicated in the form of an RFP addendum. The State may also elect to leave open the possibility for later negotiation of specific provisions of the Contract that have been addressed during the question-and-answer period, prior to contract award.

Other than through the process of negotiation under 01 NCAC 05B.0503, the State rejects and will not be required to evaluate or consider any additional or modified terms and conditions submitted with Vendor’s proposal or otherwise. This applies to any language appearing in or attached to the document as part of the Vendor’s proposal that purports to vary any terms and conditions or Vendors’ instructions herein or to render the proposal non-binding or subject to further negotiation. Vendor’s proposal shall constitute a firm offer that shall be held open for the period required herein (“Validity Period” above).

The State may exercise in its discretion to consider Vendor proposed modifications. By execution and delivery of this RFP Response, the Vendor agrees that any additional or modified terms and conditions, whether submitted purposely or inadvertently, shall have no force or effect, and will be disregarded unless expressly agreed upon through negotiations and incorporated by way of a Best and Final Offer (BAFO). Noncompliance with, or any attempt to alter or delete, this paragraph shall constitute sufficient grounds to reject Vendor’s proposal as nonresponsive.

Questions related to the content of the solicitation, or the procurement process should be directed to the person on the title page of this document via the Sourcing Tool's message board by the date and time specified in the RFP SCHEDULE Section of this RFP. Vendors will enter “RFP # 46-DNCR-25-2035 – Questions” as the subject of the message. Question

submittals should include a reference to the applicable RFP section. This is the only manner in which questions will be received.

Questions or issues related to using the Sourcing Tool itself can be directed to the North Carolina eProcurement Help Desk at 888-211-7440, Option 2. Help Desk representatives are available Monday through Friday from 7:30 AM ET to 5:00 PM ET.

Questions received prior to the submission deadline date, the State's response, and any additional terms deemed necessary by the State will be posted in the Sourcing Tool in the form of an addendum and shall become an Addendum to this RFP. No information, instruction or advice provided orally or informally by any State personnel, whether made in response to a question or otherwise in connection with this RFP, shall be considered authoritative or binding. Vendors shall rely *only* on written material contained in the RFP and an addendum to this RFP.

2.6 PROPOSAL SUBMITTAL

IMPORTANT NOTE: This is an absolute requirement. Late bids, regardless of cause, will not be opened or considered, and will be automatically disqualified from further consideration. Vendor shall bear the sole risk of late submission due to unintended or unanticipated delay. It is the Vendor's sole responsibility to ensure its proposal has been received as described in this RFP by the specified time and date of opening. Failure to submit a proposal in strict accordance with instructions provided shall constitute sufficient cause to reject a Vendor's proposal(s). Solicitation responses are subject to Sealed Bidding requirements.

Vendor's proposals for this procurement must be submitted through the Sourcing Tool. For training on how to use the Sourcing Tool to view solicitations, submit questions, develop responses, upload documents, and submit offers to the State, Vendors should go to the following site: <https://eprocurement.nc.gov/training/vendor-training>

Questions or issues related to using the Sourcing Tool itself can be directed to the North Carolina eProcurement Help Desk at 888-211-7440, Option 2. Help Desk representatives are available Monday through Friday from 7:30 AM EST to 5:00 PM EST.

Tips for Using the Sourcing Tool

1. Vendors should review available training and confirm that they are able to access the Sourcing Event, enter responses, and upload files well in advance of the date and time response are due to allow sufficient time to seek assistance from the North Carolina eProcurement Help Desk.
2. Vendors may submit their responses early to make sure there are no issues, and then submit a revised response any time prior to the response due date and time. The State will only review the most recent response.
3. Vendors should respond to all relevant sections of the Sourcing Event. Certain questions or items are required in order to submit a response and are denoted with an asterisk. The Sourcing Tool will not allow a response to be submitted unless all required items are completed. The Sourcing Tool will provide error messages to help identify any required information that is missing when response is submitted.
4. Simply saving your response in the Sourcing Tool is not the same as submitting your response to the State. Vendors should make sure they complete the submission process and receive a message that their response was successfully submitted.

5. **Only Proposals submitted through the Content Section of the Ariba Sourcing Event will be considered. Proposals submitted through the Message Board will not be accepted or considered for award.**

If confidential and proprietary information is included in the proposal, also submit one (1) signed, REDACTED copy of the proposal. Such information may include trade secrets defined by N.C. Gen. Stat. § 66-152 and other information exempted from the Public Records Act pursuant to N.C. Gen. Stat. §132- 1.2. Vendor may designate information, Products, Services or appropriate portions of its response as confidential, consistent with and to the extent permitted under the statutes and rules set forth above. By so redacting any page, or portion of a page, the Vendor warrants that it has formed a good faith opinion, having received such necessary or proper review by counsel and other knowledgeable advisors, that the portions determined to be confidential and proprietary and redacted as such, meet the requirements

of the Rules and Statutes set forth above. However, under no circumstances shall price information be designated as confidential.

If the Vendor does not provide a redacted version of the proposal with its proposal submission, the Department may release an unredacted version if a record request is received.

2.7 PROPOSAL CONTENTS

Vendors shall provide responses to all questions and complete all attachments for this RFP that require the Vendor to provide information and upload them to the Sourcing Event in the Sourcing Tool. Vendor may not be able to submit its response in the Sourcing Tool unless all required items are addressed. Vendors shall provide authorized signatures where requested. Failure to provide all required items, or Vendor's submission of incomplete items, may result in the State rejecting Vendor's proposal, in the State's sole discretion.

Vendor shall include the following items and attachments in the Sourcing Tool:

- a) Cover Letter, which must contain the following: (i) a statement that confirms that the proposer has read the RFP in its entirety, including all links, and all Addenda released in conjunction with the RFP; (ii) a statement that the Vendor agrees to perform in accordance with the scope of work, requirements, and specifications contained herein; and (iii) Vendor's agreement to comply with all instructions, terms and conditions, and attachments.

Alternate proposals must specifically identify the RFP requirements and advantage(s) addressed by the alternate proposal. Each proposal must be for a specific set of Goods and Services and must include specific pricing. Each proposal must be complete and independent of other proposals offered. If a Vendor chooses to respond with various offerings, Vendor shall follow the specific instructions for uploading Alternate Proposals in the Sourcing Tool.

2.9 DEFINITIONS, ACRONYMS, AND ABBREVIATIONS

Relevant definitions for this RFP are provided in 01 NCAC 05A .0112 and in the Instructions to Vendors found in the Sourcing Tool, which are incorporated herein by this reference.

3.0 METHOD OF AWARD AND PROPOSAL EVALUATION PROCESS

3.1 METHOD OF AWARD

North Carolina G.S. 143-52 provides a general list of criteria the State shall use to award contracts, as supplemented by the additional criteria herein. The Goods or Services being procured shall dictate the application and order of criteria; however, all award decisions shall be in the State's best interest. All qualified proposals will be evaluated, and awards will be made to the Vendor(s) meeting the specific RFP Specifications and achieving the highest and best final evaluation, based on the criteria described below.

While the intent of this RFP is to award a Contract(s) to a single vendor the State reserves the right to make separate awards to different Vendors for one or more line-items, to not award one or more line-items or to cancel this RFP in its entirety without awarding a Contract, if it is considered to be most advantageous to the State to do so.

The State reserves the right to waive any minor informality or technicality in proposals received.

3.2 CONFIDENTIALITY AND PROHIBITED COMMUNICATIONS DURING EVALUATION

While this RFP is under evaluation, the responding Vendor, including any subcontractors and suppliers, is prohibited from engaging in conversations intended to influence the outcome of the evaluation. See Paragraph 29 of the Instructions to Vendors entitled COMMUNICATIONS BY VENDORS.

Each Vendor submitting a proposal to this RFP, including its employees, agents, subcontractors, suppliers, subsidiaries and affiliates, is prohibited from having any communications with any person inside or outside the using agency; issuing agency; other government agency office or body (including the purchaser named above, any department secretary, agency head, members of the General Assembly and Governor's office); or private entity, if the communication refers to the content of Vendor's proposal or qualifications, the content of another Vendor's proposal, another Vendor's qualifications or ability to perform a resulting contract, and/or the transmittal of any other communication of information that could be reasonably considered to have the effect of directly or indirectly influencing the evaluation of proposals, the award of a contract, or both.

Any Vendor not in compliance with this provision shall be disqualified from evaluation and award. A Vendor's proposal may be disqualified if its subcontractor and/or supplier engage in any of the foregoing communications during the time that the procurement is active (*i.e.*, the issuance date of the procurement until the date of contract award or cancellation of the procurement). Only those discussions, communications or transmittals of information authorized or initiated by the issuing agency for this RFP or inquiries directed to the purchaser named in this RFP regarding requirements of the RFP (prior to proposal submission) or the status of the award (after submission) are excepted from this provision.

3.3 PROPOSAL EVALUATION PROCESS

Only responsive submissions will be evaluated.

The State will conduct a One-Step evaluation of Proposals:

Proposals will be received according to the method stated in the Proposal Submittal Section above.

All proposals must be received by the issuing agency not later than the date and time specified in the RFP SCHEDULE Section above, unless modified by Addendum. Vendors are cautioned that this is a request for offers, not an offer or request to contract, and the State reserves the unqualified right to reject any and all offers at any time if such rejection is deemed to be in the best interest of the State.

At the date and time provided in the RFP SCHEDULE Section above, unless modified by Addendum, the proposal from each responding Vendor will be opened publicly and all offers (except those that have been previously withdrawn, or voided bids) will be tabulated. The tabulation shall be made public at the time it is created. When negotiations after

receipt of bids are authorized pursuant to G.S. 143-49 and 01 NCAC 05B.0503, only the names of offerors and the Goods and Services offered shall be tabulated at the time of opening. If negotiation is anticipated, cost and price shall become available for public inspection at the time of the award. Interested parties are cautioned that these costs and their components are subject to further evaluation for completeness and correctness and therefore may not be an exact indicator of a Vendor's pricing position.

At their option, the evaluators may request oral presentations or discussions with any or all Vendors for clarification or to amplify the materials presented in any part of the proposal. Vendors are cautioned, however, that the evaluators are not required to request presentations or other clarification—and often do not. Therefore, all proposals should be complete and reflect the most favorable terms available from the Vendor.

Upon completion of the evaluation process, the State will make award(s) based on the evaluation and post the award(s) to the *electronic Vendor Portal (eVP)*, <https://evp.nc.gov>, under the RFP number for this solicitation. Award of a Contract to one Vendor does not mean that the other proposals lacked merit, but that, all factors considered, the selected proposal was deemed most advantageous and represented the best value to the State.

The State reserves the right to negotiate with one or more vendors, or to reject all original offers and negotiate with one or more sources of supply that may be capable of satisfying the requirement, and in either case to require Vendor to submit a Best and Final Offer (BAFO) based on discussions and negotiations with the State.

3.4 EVALUATION CRITERIA

In addition to the general criteria in G.S. 143-52 which may or may not be relevant to this RFP, all qualified proposals will be evaluated, and award made based on considering the following criteria, to result in an award most advantageous to the State:

The criteria listed below will be applied to each proposal response:

CRITERIA		MAXIMUM POINTS
Overall Experience of Company & Demonstrated Results (Section 4.5 Vendor Experience, Section 4.6 References)		35 Total
1	The Vendor demonstrates a successful experience in carrying out similar types of projects as described in the RFP and provided references are for services of a similar size and scope to those in the RFP.	35 points
Project Organization/ Technical Approach (Section 5.3 Project Organization, Section 5.4 Technical Approach)		40 Total
1	The proposal response clearly demonstrates the Vendor's understanding of the project work included in the RFP.	20 points
2	The Vendor's technical approach provided in the proposal demonstrates an understanding of the Scope of Work and project area(s).	20 points
Pricing/Cost Effectiveness (ATTACHMENT A: PRICING FORM)		25 Total
1	Proposed budget is sufficient to ensure completion of the project work, and each cost is reasonable and necessary.	25 points

Total Points

100

The State will determine low cost by normalizing the scores as follows:

The proposal with the lowest cost will receive a score of 25. All other competing proposals will be assigned a portion of the maximum score using the formula:

$$25 \text{ points} \times \frac{\text{the cost of the lowest cost proposal}}{\text{the cost of the Vendor proposal being evaluated}}$$

Results would be the percentage of points Vendor would receive for NOT being the lowest cost.

3.5 PERFORMANCE OUTSIDE THE UNITED STATES

Vendor shall complete ATTACHMENT F: LOCATION OF WORKERS UTILIZED BY VENDOR. In addition to any other evaluation criteria identified in this RFP, the State may also consider, for purposes of evaluating proposed or actual contract performance outside of the United States, how that performance may affect the following factors to ensure that any award will be in the best interest of the State:

- a) Total cost to the State
- b) Level of quality provided by the Vendor
- c) Process and performance capability across multiple jurisdictions
- d) Protection of the State’s information and intellectual property
- e) Availability of pertinent skills
- f) Ability to understand the State’s business requirements and internal operational culture
- g) Particular risk factors such as the security of the State’s information technology
- h) Relations with citizens and employees
- i) Contract enforcement jurisdictional issues

3.6 INTERPRETATION OF TERMS AND PHRASES

This RFP serves two functions: (1) to advise potential Vendors of the parameters of the solution being sought by the State; and (2) to provide (together with other specified documents) the terms of the Contract resulting from this procurement. The use of phrases such as “shall,” “must,” and “requirements” are intended to create enforceable contract conditions. In determining whether proposals should be evaluated or rejected, the State will take into consideration the degree to which Vendors have proposed or failed to propose solutions that will satisfy the State’s needs as described in the RFP. Except as specifically stated in the RFP, no one requirement shall automatically disqualify a Vendor from consideration. However, failure to comply with any single requirement may result in the State exercising its discretion to reject a proposal in its entirety.

4.0 REQUIREMENTS

This Section lists the requirements related to this RFP. By submitting a proposal, the Vendor agrees to meet all stated requirements in this Section as well as any other specifications, requirements, and terms and conditions stated in this RFP. If a Vendor is unclear about a requirement or specification, or believes a change to a requirement would allow for the State to receive a better proposal, the Vendor is urged to submit these items in the form of a question during the question-and-answer period in accordance with the Proposal Questions Section above.

4.1 PRICING

Proposal price shall constitute the total cost to the State for complete performance in accordance with the requirements and specifications herein, including all applicable charges for handling, transportation, administrative and other similar fees. Complete ATTACHMENT A: PRICING FORM and upload in the Sourcing Tool. The pricing provided in ATTACHMENT A, or resulting from any negotiations, is incorporated herein and shall become part of any resulting Contract.

4.2 INVOICES

Invoices shall include detailed information to allow Purchasing Agency to verify pricing at point of receipt matches the correct price from the original date of order. The following fields shall be included on all invoices, as relevant:

Vendor's Billing Address, Customer Account Number, NC Contract Number, Order Date, Purchase Order Number, Item Descriptions, Price, Quantity, and Unit of Measure.

The State is requiring this certification to minimize potential issues from contracting with a Vendor that is financially unstable. From the date of the Certification to the expiration of the Contract, the Vendor shall notify the State within thirty (30) days of any occurrence or condition that materially alters the truth of any statement made in this Certification. The Contract Manager may require annual recertification of the Vendor's financial stability..

4.4 HUB PARTICIPATION

Pursuant to North Carolina General Statute G.S. 143-48, it is State policy to encourage and promote the use of small, minority, physically handicapped, and women contractors in purchasing Goods and Services. As such, this RFP will serve to identify those Vendors that are minority owned or have a strategic plan to support the State's Historically Underutilized Business program by meeting or exceeding the goal of 10% utilization of diverse firms as 1st or 2nd tier subcontractors. Vendor shall complete ATTACHMENT D: HUB SUPPLEMENTAL VENDOR INFORMATION.

4.5 VENDOR EXPERIENCE

In its Proposal, Vendor shall demonstrate experience with public and/or private sector clients with similar or greater size and complexity to the State. 5.0 SPECIFICATIONS AND SCOPE OF WORK

5.1 GENERAL

A qualified Vendor is needed to assist the North Carolina Division of Archives and History with the development of a project that will study a campaign of the Revolutionary War typically called the “Race to the Dan.” The Race to the Dan River in Virginia was part of the efforts by American Major General Nathaniel Greene to wear down and stretch supply lines for the British under the command of General Lord Cornwallis. Cornwallis had entered North Carolina near Charlotte after an embarrassing defeat at Cowpens in South Carolina. The dramatic six-week pursuit of American troops stretched across the western Piedmont of North Carolina and into Virginia before culminating at the battle of Guilford Courthouse. The project will survey the known sites associated with the Race to the Dan, including campsites, skirmish areas, important river crossings, and other strategic areas associated with General Greene’s efforts to string out, delay, and out maneuver British troops under Cornwallis.

The selected Vendor shall be responsible for the compilation of a comprehensive report that incorporates the research and presents a clear study of the battlefields, campsites, and skirmish locations of the military campaign from 1781. The Vendor shall carry out work in a manner that meets the Secretary of Interior's Standards for Archeology and Historic Preservation, any applicable state and local statutes and guidelines, and by a professional that meets or exceeds the Secretary of the Interior’s Professional Qualifications Standards.

The Vendor shall:

- **Survey, identify, and document endangered, compromised, and potentially eligible properties associated with the Race to the Dan campaign.**
 - Survey work to identify vulnerable locations that face encroachment or development as well as to document other sites that could be better protected.
 - Create a resource management plan that will incorporate findings from the survey, the SHPO’s records, as well as the NC Office of State Archaeology regarding the corridor, with emphasis on river crossings.
- **Host conversations with preservation-minded residents** in the campaign region
- **Complete a study of locations associated with the campaign.**
- **Identify next steps in a larger effort to detect, preserve, and interpret the sites** associated with the pivotal maneuvers to frustrate, delay, and damage the capabilities of the British forces in North Carolina prior to the fateful surrender at Yorktown. The second phase will implement the findings of this project and further our knowledge of the spaces and places associated with the campaign. Additionally, information gleaned from this project will inform the overall Southern Campaign National Heritage Corridor as it grows its work.

5.2 TASKS/DELIVERABLES

The Vendor shall complete the following tasks/deliverables by October 1, 2025, in three distinct phases, as follows:

Phase I:

During Phase I the selected Vendor shall be responsible for undertaking a survey project to identify Race to the Dan campaign locations, ownership of areas associated with the campaign, generate GIS information, and document the possibility of preservation of the original landscapes associated with the action that took place at those locations. Additional work shall include investigation as to whether or not interpretive signage can be safely installed for public review. (The anticipated completion time for Phase I is 9 months after the contracting process is completed and a vendor has been secured).

This proposed work shall include at minimum the following: The Vendor shall prepare a detailed report on approximately 30 to 40 locations with findings, including description of land ownership, assignment of status (endangered, protected, etc), GIS coordinates, interpretive signage possibilities with public access, and other standard preservation survey content.

Phase II:

Using data compiled in Phase I, the Vendor shall generate a cultural resource management plan for the corridor associated with the campaign, including research as to whether or not any archaeological work has taken place along the corridor locations. (Anticipated completion time for Phase II is 6 months from submission of Phase I report).

This proposed work shall include at minimum the following: The Vendor shall generate a detailed Cultural Resource Management Plan for each site identified by Phase #1, including a summary of archaeological work.

Phase III:

The Vendor shall facilitate community information sharing sessions in 4 locations across the campaign area to build interest, gather public information, and to gain public insight into preservation and educational opportunities associated with the campaign trail. Provide a consolidated report on the findings of the information sessions. This work will take place concurrently with Phases I and II.

This proposed work shall include at minimum the following: Vendor shall plan and facilitate 4 regional information sessions in the campaign area and generate a detailed report of findings and recommendations gathered in community sessions.
