1.0 PURPOSE AND BACKGROUND

The University of North Carolina at Charlotte was established in 1965 by the North Carolina General Assembly which transformed Charlotte College, with beginnings in 1946, into a campus of The University of North Carolina. It is organized into the following eight colleges: College of Arts & Architecture; College of Science; College of Humanities & Earth and Social Science; College of Business; College of Education; College of Engineering; College of Health and Human Services; and the College of Computing and Informatics. It offers a broad array of degree programs at the undergraduate, graduate, and doctoral levels and also in graduate certificate programs.

Enrollment is approximately 32,000 with 19 percent of the students pursuing graduate degrees. The University is expected to experience continued growth in the foreseeable future.

The intent of this solicitation is to seek proposals for a chartered transportation dispatch software solution that will assist the Transportation team with group travel arrangements that are requested by campus departments and sanctioned student organizations. The objective is to procure and deploy a comprehensive platform to manage fleet operations, charter reservations, scheduling, billing and reporting over a defined contract period. The University's Transportation Department will use the system to provide custom charter transportation services to university affiliates across the region.

1.1 CONTRACT TERM

The Contract shall have an initial term of three (3) years, beginning on the date of final Contract execution (the "Effective Date").

At the end of the Contract's initial term, the State shall have the option, in its sole discretion, to renew the Contract on the same terms and conditions for up to five (5) additional one-year terms. The State will give the Vendor written notice of its intent to exercise each option before the end of the Contract's then-current term. In addition to any optional renewal terms, and with the Vendor's concurrence, the State reserves the right to extend the Contract after the last active term.

Proposals shall be submitted in accordance with the terms and conditions of this RFP and any addenda issued hereto.

2.0 GENERAL INFORMATION

2.1 REQUEST FOR PROPOSAL DOCUMENT

This RFP is comprised of the base RFP document, any attachments, and any addenda released before Contract award, which are incorporated herein by reference.

2.2 E-PROCUREMENT

ATTENTION: NC E-Procurement does NOT apply to this solicitation and the paragraph entitled ELECTRONIC PROCUREMENT of the North Carolina General Terms and Conditions does NOT apply.

2.3 NOTICE TO VENDORS REGARDING RFP TERMS AND CONDITIONS

It shall be the Vendor's responsibility to read the Instructions to Vendors, the North Carolina General Terms and Conditions, all relevant exhibits and attachments, and any other components made a part of this RFP and comply with all requirements and specifications herein. Vendors are also responsible for obtaining and complying with all Addenda and other changes that may be issued in connection with this RFP.

If Vendors have questions or issues regarding any component of this RFP, those must be submitted as questions in accordance with the instructions in the PROPOSAL QUESTIONS Section. If the State determines that any changes will

be made as a result of the questions asked, then such decisions will be communicated in the form of an RFP addendum. The State may also elect to leave open the possibility for later negotiation of specific provisions of the Contract that have been addressed during the question-and-answer period, prior to contract award.

Other than through the process of negotiation under 01 NCAC 05B.0503, the State rejects and will not be required to evaluate or consider any additional or modified terms and conditions submitted with Vendor's proposal or otherwise. This applies to any language appearing in or attached to the document as part of the Vendor's proposal that purports to vary any terms and conditions or Vendors' instructions herein or to render the proposal non-binding or subject to further negotiation. Vendor's proposal shall constitute a firm offer that shall be held open for the period required herein ("Validity Period" above).

The State may exercise its discretion to consider Vendor proposed modifications. By execution and delivery of this RFP Response, the Vendor agrees that any additional or modified terms and conditions, whether submitted purposely or inadvertently, shall have no force or effect, and will be disregarded unless expressly agreed upon through negotiation and incorporated by way of a Best and Final Offer (BAFO). Noncompliance with, or any attempt to alter or delete, this paragraph shall constitute sufficient grounds to reject Vendor's proposal as nonresponsive.

2.5 PRE-PROPOSAL MEETING

Mandatory Pre-Proposal Meeting

Date: Friday, July 10, 2026
 Time: 1:00 PM – 2:00 PM Eastern Time
 Location: Virtual
 Virtual Link: <https://charlotte-edu.zoom.us/j/98973047303>

Instructions: It shall be MANDATORY that a representative from each Vendor be present for a pre-proposal site visit. Attendees must arrive promptly. A campus map is available at <https://facilities.charlotte.edu/our-services/maps/printable-campus-maps> and Vendors are strongly encouraged to arrive early because parking on campus is difficult to obtain. All attendees must sign in upon arrival and clearly indicate each prospective Vendor represented on the sign in sheet. LATE ARRIVALS WILL NOT BE ALLOWED TO SIGN IN OR PARTICIPATE IN THE SITE VISIT, NOR SHALL THEIR PROPOSAL BE CONSIDERED. Once the sign-in process is complete, all other persons wishing to attend may do so to the extent that space and circumstances allow.

FAILURE TO ATTEND THE MANDATORY SITE VISIT SHALL RESULT IN VENDOR'S PROPOSAL BEING DEEMED NON-RESPONSIVE AND NOT CONSIDERED FOR AWARD.

The purpose of this meeting is for all prospective Vendors to apprise themselves of the conditions and requirements which will affect the performance of the work called for by this RFP. Vendors must stay for the duration of the site visit. No allowances will be made for unreported conditions that a prudent Vendor would recognize as affecting the work called for or implied by this RFP.

Vendors are cautioned that any information released to attendees during the site visit, other than that involving the physical aspects of the facility referenced above, and which conflicts with, supersedes, or adds to requirements in this RFP, must be confirmed by written addendum before it can be considered to be a part of this RFP.

2.6 PROPOSAL QUESTIONS

Upon review of the RFP documents, Vendors may have questions to clarify or interpret the RFP in order to submit the best proposal possible. To accommodate the Proposal Questions process, Vendors shall submit any such questions by the "Submit Written Questions" date and time provided in the RFP SCHEDULE Section above, unless modified by Addendum.

Written questions shall be emailed to wswint@charlotte.edu by the date and time specified above. Vendors should enter "RFP # 66-26087TS: Questions" as the subject for the email. Question submittals should include a reference to the applicable RFP section.

Questions received prior to the submission deadline date, the State's response, and any additional terms deemed necessary by the State will be posted in the form of an addendum to **the electronic Vendor Portal (eVP)**, <https://evp.nc.gov>, and shall become an Addendum to this RFP. No information, instruction or advice provided orally or informally by any State personnel, whether made in response to a question or otherwise in connection with this RFP, shall be considered authoritative or binding. Vendors shall rely *only* on written material contained in the RFP and an addendum to this RFP.

2.7 PROPOSAL SUBMITTAL

IMPORTANT NOTE: This is an absolute requirement. Vendor shall bear the risk of late submission due to unintended or unanticipated delay, or technical issue. It is the Vendor's sole responsibility to ensure its proposal has been received via the eVP as described in this RFP by the specified time and date of opening. The date and time of receipt will be electronically time stamped by the system when received. Any proposal or portion thereof received or attempted to be submitted after the proposal submission deadline will be rejected.

All proposal responses shall be submitted electronically via the electronic Vendor Portal (eVP). Additional information can be found at the eVP updates for Vendors link: <https://eprocurement.nc.gov/news-events/evp-updates-vendors>.

Attempts to submit a proposal via mail, courier, facsimile (FAX) machine, telephone or email in response to this RFP shall NOT be accepted.

This will be a One-Step proposal process:

Vendor's proposal may contain both the Technical and Financial Proposal (ATTACHMENT A) submitted for evaluation in a single file.

If confidential and proprietary information is included in the proposal, also submit one (1) signed, REDACTED copy of the proposal. Such information may include trade secrets defined by N.C. Gen. Stat. § 66-152 and other information exempted from the Public Records Act pursuant to N.C. Gen. Stat. §132- 1.2. Vendor may designate information, Products, Services or appropriate portions of its response as confidential, consistent with and to the extent permitted under the statutes and rules set forth above. By so redacting any page, or portion of a page, the Vendor warrants that it has formed a good faith opinion, having received such necessary or proper review by counsel and other knowledgeable advisors, that the portions determined to be confidential and proprietary and redacted as such, meet

the requirements of the Rules and Statutes set forth above. However, under no circumstances shall price information be designated as confidential.

If the Vendor does not provide a redacted version of the proposal with its proposal submission, the University may release an unredacted version if an open records request is received.

Failure to submit a proposal in strict accordance with these instructions shall constitute sufficient cause to reject a Vendor's proposal(s). Vendors are strongly encouraged to allow sufficient time to upload proposals.

Critical updated information may be included in Addenda to this RFP. It is important that all Vendors responding to this RFP periodically check the State's eVP website for any Addenda that may be issued prior to the bid opening date. All Vendors shall be deemed to have read and understood all information in this RFP and all Addenda thereto.

2.8 PROPOSAL CONTENTS

Vendors shall populate all attachments of this RFP that require the Vendor to provide information and include an authorized signature where requested. Failure to provide all required items, or Vendor's submission of incomplete items, may result in the State rejecting Vendor's proposal, in the State's sole discretion.

- a) Cover Letter, which must contain the following: (i) a statement that confirms that the proposer has read the RFP in its entirety, including all links, and all Addenda released in conjunction with the RFP, (ii) a statement that the Vendor agrees to perform in accordance with the scope of work, requirements, and specifications contained herein; (iii) Vendor's agreement to comply with all instructions, terms and conditions, and attachments; and (iv) contact information for Vendor's representative responsible for this RFP.

2.9 ALTERNATE PROPOSALS

Unless provided otherwise in this RFP, Vendor may submit alternate proposals for comparable Goods, various methods or levels of Service(s), or that propose different options. Alternate proposals must specifically identify the RFP requirements and advantage(s) addressed by the alternate proposal. Any alternate proposal, in addition to the marking described above, must be clearly marked with the legend: "Alternate Proposal #66-26087TS [for 'name of Vendor']". Each proposal must be for a specific set of Goods and Services and must include specific pricing. If a Vendor chooses to respond with various offerings, each must be offered with a separate price and be contained in a separate proposal document. Each proposal must be complete and independent of other proposals offered.

2.9 DEFINITIONS, ACRONYMS, AND ABBREVIATIONS

Relevant definitions for this RFP are provided in 01 NCAC 05A .0112 and in the Instructions to Vendors found below which are incorporated herein by this reference.

3.0 METHOD OF AWARD AND PROPOSAL EVALUATION PROCESS

3.1 METHOD OF AWARD

North Carolina G.S. 143-52 provides a general list of criteria the State shall use to award contracts, as supplemented by the additional criteria herein. The Goods or Services being procured shall dictate the application and order of criteria; however, all award decisions shall be in the State's best interest. All qualified proposals will be evaluated, and awards will be made to the Vendor(s) meeting the specific RFP Specifications and achieving the highest and best final evaluation, based on the criteria described below.

While the intent of this RFP is to award a Contract to a single Vendor, the State reserves the right to make separate awards to different Vendors for one or more portions, to not award one or more portions or to cancel this RFP in its entirety without awarding a Contract, if it is considered to be most advantageous to the State to do so.

The State reserves the right to waive any minor informality or technicality in proposals received.

3.2 CONFIDENTIALITY AND PROHIBITED COMMUNICATIONS DURING EVALUATION

While this RFP is under evaluation, the responding Vendor, including any subcontractors and suppliers, is prohibited from engaging in conversations intended to influence the outcome of the evaluation. See the Paragraph of the Instructions to Vendors entitled COMMUNICATIONS BY VENDORS.

Each Vendor submitting a proposal to this RFP, including its employees, agents, subcontractors, suppliers, subsidiaries and affiliates, is prohibited from having any communications with any person inside or outside the using agency; issuing agency; other government agency office or body (including the purchaser named above, any department secretary, agency head, members of the General Assembly and Governor's office); or private entity, if the communication refers to the content of Vendor's proposal or qualifications, the content of another Vendor's proposal, another Vendor's qualifications or ability to perform a resulting contract, and/or the transmittal of any other communication of information that could be reasonably considered to have the effect of directly or indirectly influencing the evaluation of proposals, the award of a contract, or both.

Any Vendor not in compliance with this provision shall be disqualified from evaluation and award. A Vendor's proposal may be disqualified if its subcontractor and/or supplier engage in any of the foregoing communications during the time that the procurement is active (*i.e.*, the issuance date of the procurement until the date of contract award or cancellation of the procurement). Only those discussions, communications or transmittals of information authorized or initiated by the issuing agency for this RFP or inquiries directed to the purchaser named in this RFP regarding

requirements of the RFP (prior to proposal submission) or the status of the award (after submission) are excepted from this provision.

3.3 PROPOSAL EVALUATION PROCESS

Only responsive submissions will be evaluated.

The State will conduct a One-Step evaluation of Proposals:

Proposals will be received according to the method stated in the Proposal Submittal Section above.

All proposals must be received by the issuing agency not later than the date and time specified in the RFP SCHEDULE Section above, unless modified by Addendum. Vendors are cautioned that this is a request for offers, not an offer or request to contract, and the State reserves the unqualified right to reject any and all offers at any time if such rejection is deemed to be in the best interest of the State.

At the date and time provided in the RFP SCHEDULE Section above, unless modified by Addendum, the proposal from each responding Vendor will be accessed via the eVP and all offers (except those that have been previously withdrawn, or voided bids) will be noted. Since negotiations after receipt of bids is authorized pursuant to G.S. 143-49 and 01 NCAC 05B.0503, only the names of offerors and the Goods and Services offered shall be noted at the time of opening. Interested parties are cautioned that proposals and their components are subject to further evaluation for completeness and correctness and therefore may not be an exact indicator of a Vendor's final position.

At their option, the evaluators may request oral presentations or discussions with any or all Vendors for clarification or to amplify the materials presented in any part of the proposal. Vendors are cautioned, however, that the evaluators are not required to request presentations or other clarification—and often do not. Therefore, all proposals should be complete and reflect the most favorable terms available from the Vendor.

Upon completion of the evaluation process, the State will make award(s) based on the evaluation and post the award(s) to the eVP website under the RFP number for this solicitation. Award of a Contract to one Vendor does not mean that the other proposals lacked merit, but that, all factors considered, the selected proposal was deemed most advantageous and represented the best value to the State.

The State reserves the right to negotiate with one or more vendors, or to reject all original offers and negotiate with one or more sources of supply that may be capable of satisfying the requirement, and in either case to require Vendor to submit a Best and Final Offer (BAFO) based on discussions and negotiations with the State.

3.4 EVALUATION CRITERIA

$$\frac{\text{Financial Proposal Points Available (15)}}{\text{the cost of the lowest cost proposal}} \times \frac{\text{the cost of the cost proposal being evaluated}}{\text{the cost of the lowest cost proposal}}$$

3.5 PERFORMANCE OUTSIDE THE UNITED STATES

Vendor shall complete ATTACHMENT F: LOCATION OF WORKERS UTILIZED BY VENDOR. In addition to any other evaluation criteria identified in this RFP, the State may also consider, for purposes of evaluating proposed or actual contract performance outside of the United States, how that performance may affect the following factors to ensure that any award will be in the best interest of the State:

- Total cost to the State
- Level of quality provided by the Vendor
- Process and performance capability across multiple jurisdictions
- Protection of the State's information and intellectual property
- Availability of pertinent skills
- Ability to understand the State's business requirements and internal operational culture
- Particular risk factors such as the security of the State's information technology
- Relations with citizens and employees
- Contract enforcement jurisdictional issues

3.6 INTERPRETATION OF TERMS AND PHRASES

This RFP serves two functions: (1) to advise potential Vendors of the parameters of the solution being sought by the State; and (2) to provide (together with other specified documents) the terms of the Contract resulting from this procurement. The use of phrases such as "shall," "must," and "requirements" are intended to create enforceable contract conditions. In determining whether proposals should be evaluated or rejected, the State will take into consideration the degree to which Vendors have proposed or failed to propose solutions that will satisfy the State's needs as described in the RFP. Except as specifically stated in the RFP, no one requirement shall automatically disqualify a Vendor from consideration. However, failure to comply with any single requirement may result in the State exercising its discretion to reject a proposal in its entirety.

4.0 REQUIREMENTS

This Section lists the requirements related to this RFP. By submitting a proposal, the Vendor agrees to meet all stated requirements in this Section as well as any other specifications, requirements, and terms and conditions stated in this RFP. If a Vendor is unclear about a requirement or specification, or believes a change to a requirement would allow for

the State to receive a better proposal, the Vendor is urged to submit these items in the form of a question during the question and answer period in accordance with the Proposal Questions Section above.

4.1 FINANCIAL PROPOSAL

Proposal price shall constitute the total cost to the State for complete performance in accordance with the requirements and specifications herein, including all applicable charges for handling, transportation, administrative and other similar fees. Complete ATTACHMENT A: FINANCIAL PROPOSAL and include in Vendor's proposal. The pricing provided in ATTACHMENT A, or resulting from any negotiations, is incorporated herein and shall become part of any resulting Contract.

All submissions must contain a complete pricing breakdown as follows:

- A summarized price schedule that clearly describes each of the software, professional services, training, support and maintenance, and hardware components we will be required to purchase/lease to obtain a complete solution. Please include anticipated annual costs over the entire contract term including the optional renewals in an itemized or line by line breakdown.
- A detailed schedule of all software costs for this project

If an action is brought pursuant to N.C.G.S. §132-9 to compel the State to disclose information marked confidential, the Vendor agrees that it will intervene in the action through its counsel and participate in defending the State, including any public official(s) or public employee(s). Public Records laws in N.C.G.S. §132-1 *et seq.* The State may, in its sole discretion, provide a non-disclosure and confidentiality agreement satisfactory to the State for Vendor's execution. Default may be cause for debarment as provided in 09 NCAC 06B.1206. The rights and remedies of the State provided above shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Contract.

- a) If Vendor fails to deliver or provide correct Services or other Deliverables within the time required by the Agreement, the State shall provide written notice of said failure to Vendor, and by such notice require performance assurance measures pursuant to N.C.G.S. 143B-1340(f). - b) Should the State fail to perform any of its obligations upon which Vendor's performance is conditioned, Vendor shall not be in default for any delay, cost increase or other consequences resulting from the State's failure. Vendor will use reasonable efforts to mitigate delays, costs or expenses arising from assumptions in the Vendor's offer documents that prove erroneous or are otherwise invalid. Any deadline that is affected by any such failure in assumptions or performance by the State shall be extended by an amount of time reasonably necessary to compensate for the effect of such failure.
- c) Vendor shall provide a plan to cure any delay or default if requested by the State. The plan shall state the nature of the delay or default, the time required for cure, any mitigating factors causing or tending to cause the delay or default, and such other information as the Vendor may deem necessary or proper to provide.
- d) If the prescribed acceptance testing stated in the Solicitation Documents or performed pursuant to Paragraph 9) of the DIT Terms and Conditions is not completed successfully, the State may request substitute Software, cancel the portion of the Contract that relates to the unaccepted Software, or continue the acceptance testing with or without the assistance of Vendor. These options shall remain in effect until such time as the testing is successful or the expiration of any time specified for completion of

the testing. If the testing is not completed after exercise of any of the State's options, the State may cancel any portion of the contract related to the failed Software and take action to procure substitute software. If the failed software (or the substituted software) is an integral and critical part of the proper completion of the work for which the Deliverables identified in the solicitation documents or statement of work were acquired, the State may terminate the entire contract.

20) WAIVER OF DEFAULT: Waiver by either party of any default or breach by the other Party shall not be deemed a waiver of any subsequent default or breach and shall not be construed to be a modification or novation of the terms of the Agreement, unless so stated in writing and signed by authorized representatives of the Agency and the Vendor, and made as an amendment to the Agreement pursuant to Paragraph 40) herein below.

21) TERMINATION: Any notice or termination made under the Agreement shall be transmitted via US Mail, Certified Return Receipt Requested. The period of notice for termination shall begin on the day the return receipt is signed and dated.

The rights and remedies of the State provided above shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Contract. Vendor shall not be relieved of liability to the State for damages sustained by the State arising from Vendor's breach of the Agreement; and the State may, in its discretion, withhold any payment due as a setoff until such time as the damages are finally determined or as agreed by the parties. Voluntary or involuntary Bankruptcy or receivership by Vendor shall be cause for termination.

22) LIMITATION OF VENDOR'S LIABILITY:

- a) Where Deliverables are under the State's exclusive management and control, the Vendor shall not be liable for direct damages caused by the State's failure to fulfill any State responsibilities of assuring the proper use, management and supervision of the Deliverables and programs, audit controls, operating methods, office procedures, or for establishing all proper checkpoints necessary for the State's intended use of the Deliverables. Vendor shall not be responsible for any damages that arise from (i) misuse or modification of Vendor's Software by or on behalf of the State, (ii) the State's failure to use corrections or enhancements made available by Vendor, (iii) the quality or integrity of data from other automated or manual systems with which the Vendor's Software interfaces, (iv) errors in or changes to third party software or hardware implemented by the State or a third party (including the vendors of such software or hardware) that is not a subcontractor of Vendor or that is not supported by the Deliverables, or (vi) the operation or use of the Vendor's Software not in accordance with the operating procedures developed for the Vendor's Software or otherwise in a manner not contemplated by this Agreement.
- b) The Vendor's liability for damages to the State arising under the contract shall be limited to two times the value of the Contract.
- c) The foregoing limitation of liability shall not apply to claims covered by other specific provisions including but not limited to Service Level Agreement or Deliverable/Product Warranties pursuant to Section II, 2) of

these Terms and Conditions, or to claims for injury to persons or damage to tangible personal property, gross negligence or willful or wanton conduct. This limitation of liability does not apply to contributions among joint tortfeasors under N.C.G.S. 1B-1 *et seq.*, the receipt of court costs or attorney's fees that might be awarded by a court in addition to damages after litigation based on the Agreement. For avoidance of doubt, the Parties agree that the Service Level Agreement and Deliverable/Product Warranty Terms in the Contract are intended to provide the sole and exclusive remedies available to the State under the Contract for the Vendor's failure to comply with the requirements stated therein.

23) VENDOR'S LIABILITY FOR INJURY TO PERSONS OR DAMAGE TO PROPERTY:

- a) The Vendor shall be liable for damages arising out of personal injuries and/or damage to real or tangible personal property of the State, employees of the State, persons designated by the State for training, or person(s) other than agents or employees of the Vendor, designated by the State for any purpose, prior to, during, or subsequent to delivery, installation, acceptance, and use of the Deliverables either at the Vendor's site or at the State's place of business, provided that the injury or damage was caused by the fault or negligence of the Vendor.

24) TIME IS OF THE ESSENCE: Time is of the essence in the performance of the Agreement.

25) DATE AND TIME WARRANTY: The Vendor warrants that any Deliverable, whether Services, hardware, firmware, middleware, custom or commercial software, or internal components, subroutines, and interface therein which performs, modifies or affects any date and/or time data recognition function, calculation, or sequencing, will still enable the modified function to perform accurate date/time data and leap year calculations. This warranty shall survive termination or expiration of the Contract.

26) INDEPENDENT CONTRACTORS: Vendor and its employees, officers and executives, and subcontractors, if any, shall be independent Vendors and not employees or agents of the State. The Agreement shall not operate as a joint venture, partnership, trust, agency or any other similar business relationship.

A complete packing list must accompany each shipment.

28) NOTICES: Any notices required under the Agreement should be delivered to the Contract Administrator for each party. Unless otherwise specified in the Solicitation Documents, any notices shall be delivered in writing by U.S. Mail, Commercial Courier or by hand.

31) TAXES: The State of North Carolina is exempt from Federal excise taxes and no payment will be made for any personal property taxes levied on the Vendor or for any taxes levied on employee wages. Agencies of the State may have additional exemptions or exclusions for federal or state taxes. Evidence of such additional exemptions or exclusions may be provided to Vendor by Agencies, as applicable, during the term of the Agreement. Applicable State or local sales taxes shall be invoiced as a separate item.

32) GOVERNING LAWS, JURISDICTION, AND VENUE:

- a) The Agreement is made under and shall be governed and construed in accordance with the laws of the State of North Carolina and applicable Administrative Rules. The place of the Agreement or purchase order, its situs and forum, shall be Wake County, North Carolina, where all matters, whether sounding in Contract or in tort, relating to its validity, construction, interpretation and enforcement shall be determined. Vendor agrees and submits, solely for matters relating to the Agreement, to the jurisdiction of the courts of the State of North Carolina, and stipulates that Wake County shall be the proper venue for all matters.
- b) Except to the extent the provisions of the Contract are clearly inconsistent therewith, the applicable provisions of the Uniform Commercial Code as modified and adopted in North Carolina shall govern the Agreement. To the extent the Contract entails both the supply of "goods" and "Services," such shall be deemed "goods" within the meaning of the Uniform Commercial Code, except when deeming such Services as "goods" would result in a clearly unreasonable interpretation.
- 33) FORCE MAJEURE:** Neither party shall be deemed to be in default of its obligations hereunder if and so long as it is prevented from performing such obligations as a result of events beyond its reasonable control, including without limitation, fire, power failures, any act of war, hostile foreign action, nuclear explosion, riot, strikes or failures or refusals to perform under subcontracts, civil insurrection, earthquake, hurricane, tornado, or other catastrophic natural event or act of God.
- 34) COMPLIANCE WITH LAWS:** The Vendor shall comply with all laws, ordinances, codes, rules, regulations, and licensing requirements that are applicable to the conduct of its business, including those of federal, state, and local agencies having jurisdiction and/or authority.
- 35) SEVERABILITY:** In the event that a court of competent jurisdiction holds that a provision or requirement of the Agreement violates any applicable law, each such provision or requirement shall be enforced only to the extent it is not in violation of law or is not otherwise unenforceable and all other provisions and requirements of the Agreement shall remain in full force and effect. All promises, requirement, terms, conditions, provisions, representations, guarantees and warranties contained herein shall survive the expiration or termination date unless specifically provided otherwise herein, or unless superseded by applicable federal or State statute, including statutes of repose or limitation.
- 36) CHANGES:** The Agreement and subsequent purchase order(s) is awarded subject to the provision of the specified Services and the shipment or provision of other Deliverables as specified herein. Any changes made to the Agreement or purchase order proposed by the Vendor are hereby rejected unless accepted in writing by the Agency or State Award Authority. The State shall not be responsible for Services or other Deliverables delivered without a purchase order from the Agency or State Award Authority.
- 37) FEDERAL INTELLECTUAL PROPERTY BANKRUPTCY PROTECTION ACT:** The Parties agree that the Agency shall be entitled to all rights and benefits of the Federal Intellectual Property Bankruptcy Protection Act, Public Law 100-506, codified at 11 U.S.C. 365(n), and any amendments thereto.
- 38) ELECTRONIC PROCUREMENT (Applies to all contracts that include E-Procurement and are identified as such in the body of the solicitation document):** Purchasing shall be conducted through the Statewide E-Procurement Services. The State's third party agent shall serve as the Supplier Manager for this E-Procurement Services. The Vendor shall register for the Statewide E-Procurement Services within two (2) business days of notification of award in order to receive an electronic purchase order resulting from award of the Agreement.
- a) **The successful Vendor(s) shall pay a transaction fee of 1.75% (.0175) on the total dollar amount (excluding sales taxes) of each purchase order issued through the Statewide E-Procurement Service.** This applies to all purchase orders, regardless of the quantity or dollar amount of the purchase order. The transaction fee shall neither be charged to nor paid by the State, or by any State approved users of the contract. The transaction fee shall not be stated or included as a separate item in the proposed contract or invoice. There are no additional fees or charges to the Vendor for the Services rendered by the Supplier Manager under the Agreement. Vendor will receive a credit for transaction fees they paid for the purchase of any item(s) if an item(s) is returned through no fault of the Vendor. Transaction fees are non-refundable when an item is rejected and returned, or declined, due to the Vendor's failure to perform or comply with specifications or requirements of the contract.
- b) Vendor, or its authorized Reseller, as applicable, will be invoiced monthly for the State's transaction fee by the Supplier Manager. The transaction fee shall be based on purchase orders issued for the prior month.

Unless Supplier Manager receives written notice from the Vendor identifying with specificity any errors in an invoice within thirty (30) days of the receipt of invoice, such invoice shall be deemed to be correct and Vendor shall have waived its right to later dispute the accuracy and completeness of the invoice. Payment of the transaction fee by the Vendor is due to the account designated by the State within thirty (30) days after receipt of the correct invoice for the transaction fee, which includes payment of all portions of an invoice not in dispute. Within thirty (30) days of the receipt of invoice, Vendor may request in writing an extension of the invoice payment due date for that portion of the transaction fee invoice for which payment of the related goods by the governmental purchasing entity has not been received by the Vendor. If payment of the transaction fee invoice is not received by the State within this payment period, it shall be considered a material breach of contract. The Supplier Manager shall provide, whenever reasonably requested by the Vendor in writing (including electronic documents), supporting documentation from the E-Procurement Service that accounts for the amount of the invoice.

- c) The Supplier Manager will capture the order from the State approved user, including the shipping and payment information, and submit the order in accordance with the E-Procurement Services. Subsequently, the Supplier Manager will send those orders to the appropriate Vendor on State Contract. The State or State approved user, not the Supplier Manager, shall be responsible for the solicitation, offers received, evaluation of offers received, award of Contract, and the payment for goods delivered.
- d) Vendor agrees at all times to maintain the confidentiality of its user name and password for the Statewide E-Procurement Services. If a Vendor is a corporation, partnership or other legal entity, then the Vendor may authorize its employees to use its password. Vendor shall be responsible for all activity and all charges for such employees. Vendor agrees not to permit a third party to use the Statewide E-Procurement Services through its account. If there is a breach of security through the Vendor's account, Vendor shall immediately change its password and notify the Supplier Manager of the security breach by e-mail. Vendor shall cooperate with the state and the Supplier Manager to mitigate and correct any security breach.

39) PATENT, COPYRIGHT, AND TRADE SECRET PROTECTION:

- a) Vendor has created, acquired or otherwise has rights in, and may, in connection with the performance of Services for the State, employ, provide, create, acquire or otherwise obtain rights in various concepts, ideas, methods, methodologies, procedures, processes, know-how, techniques, models, templates and general purpose consulting and software tools, utilities and routines (collectively, the "Vendor technology"). To the extent that any Vendor technology is contained in any of the Services or Deliverables including any derivative works, the Vendor hereby grants the State a royalty-free, fully paid, worldwide, perpetual, non-exclusive license to use such Vendor technology in connection with the Services or Deliverables for the State's purposes.
- b) Vendor shall not acquire any right, title and interest in and to the copyrights for goods, any and all software, technical information, specifications, drawings, records, documentation, data or derivative works thereof, or other work products provided by the State to Vendor. The State hereby grants Vendor a royalty-free, fully paid, worldwide, perpetual, non-exclusive license for Vendor's internal use to non-confidential deliverables first originated and prepared by the Vendor for delivery to the State.
- c) The Vendor, at its own expense, shall defend any action brought against the State to the extent that such action is based upon a claim that the Services or other Deliverables supplied by the Vendor, or the operation of such pursuant to a current version of vendor-supplied software, infringes a patent, or copyright or violates a trade secret in the United States. The Vendor shall pay those costs and damages finally awarded against the State in any such action; damages shall be limited as provided in N.C.G.S. 143B-1350(h1). Such defense and payment shall be conditioned on the following:
 - i. That the Vendor shall be notified within a reasonable time in writing by the State of any such claim; and,
 - ii. That the Vendor shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise, provided, however, that the State shall have the option to participate in such action at its own expense.
- d) Should any Services or other Deliverables supplied by Vendor, or the operation thereof become, or in the Vendor's opinion are likely to become, the subject of a claim of infringement of a patent, copyright, or a trade secret in the United States, the State shall permit the Vendor, at its option and expense, either to

procure for the State the right to continue using the Services or Deliverables, or to replace or modify the same to become noninfringing and continue to meet procurement specifications in all material respects. If neither of these options can reasonably be taken, or if the use of such Services or Deliverables by the State shall be prevented by injunction, the Vendor agrees to take back any goods/hardware or software, and refund any sums the State has paid Vendor less any reasonable amount for use or damage and make every reasonable effort to assist the state in procuring substitute Services or Deliverables. If, in the sole opinion of the State, the return of such infringing Services or Deliverables makes the retention of other Services or Deliverables acquired from the Vendor under the agreement impractical, the State shall then have the option of terminating the contract, or applicable portions thereof, without penalty or termination charge. The Vendor agrees to take back Services or Deliverables and refund any sums the State has paid Vendor less any reasonable amount for use or damage.

- e) Vendor will not be required to defend or indemnify the State if any claim by a third party against the State for infringement or misappropriation (i) results from the State's alteration of any Vendor-branded Service or Deliverable, or (ii) results from the continued use of the good(s) or services and other Services or Deliverables after receiving notice they infringe a trade secret of a third party.
- f) Nothing stated herein, however, shall affect Vendor's ownership in or rights to its preexisting intellectual property and proprietary rights.

40) UNANTICIPATED TASKS In the event that additional work must be performed that was wholly unanticipated, and that is not specified in the Agreement, but which in the opinion of both parties is necessary to the successful accomplishment of the contracted scope of work, the procedures outlined in this article will be followed. For each item of unanticipated work, the Vendor shall prepare a work authorization in accordance with the State's practices and procedures.

- a) It is understood and agreed by both parties that all of the terms and conditions of the Agreement shall remain in force with the inclusion of any work authorization. A work authorization shall not constitute a contract separate from the Agreement, nor in any manner amend or supersede any of the other terms or provisions of the Agreement or any amendment hereto.
- b) Each work authorization shall comprise a detailed statement of the purpose, objective, or goals to be undertaken by the Vendor, the job classification or approximate skill level or sets of the personnel required, an identification of all significant material then known to be developed by the Vendor's personnel as a Deliverable, an identification of all significant materials to be delivered by the State to the Vendor's personnel, an estimated time schedule for the provision of the Services by the Vendor, completion criteria for the work to be performed, the name or identification of Vendor's personnel to be assigned, the Vendor's estimated work hours required to accomplish the purpose, objective or goals, the Vendor's billing rates and units billed, and the Vendor's total estimated cost of the work authorization.
- c) All work authorizations must be submitted for review and approval by the procurement office that approved the original Contract and procurement. This submission and approval must be completed prior to execution of any work authorization documentation or performance thereunder. All work authorizations must be written and signed by the Vendor and the State prior to beginning work.
- d) The State has the right to require the Vendor to stop or suspend performance under the "Stop Work" provision of the North Carolina Department of Information Technology Terms and Conditions.
- e) The Vendor shall not expend Personnel resources at any cost to the State in excess of the estimated work hours unless this procedure is followed: If, during performance of the work, the Vendor determines that a work authorization to be performed under the Agreement cannot be accomplished within the estimated work hours, the Vendor will be required to complete the work authorization in full. Upon receipt of such notification, the State may:
 - a. Authorize the Vendor to expend the estimated additional work hours or service in excess of the original estimate necessary to accomplish the work authorization, or
 - b. Terminate the work authorization, or

- c. Alter the scope of the work authorization in order to define tasks that can be accomplished within the remaining estimated work hours.
- d. The State will notify the Vendor in writing of its election within seven (7) calendar days after receipt of the Vendor's notification. If notice of the election is given to proceed, the Vendor may expend the estimated additional work hours or Services.

41) STOP WORK ORDER *The State may issue a written Stop Work Order to Vendor for cause at any time requiring Vendor to suspend or stop all, or any part, of the performance due under the Agreement for a period up to ninety (90) days after the Stop Work Order is delivered to the Vendor. The ninety (90) day period may be extended for any further period for which the parties may agree.*

- a) *The Stop Work Order shall be specifically identified as such and shall indicate that it is issued under this term.  - ii) *The Vendor asserts its right to an equitable adjustment within thirty (30) days after the end of the period of work stoppage; provided that if the State decides the facts justify the action, the State may receive and act upon an offer submitted at any time before final payment under the Agreement.*
- c) *If a Stop Work Order is not canceled and the work covered by the Stop Work Order is terminated in accordance with the provision entitled Termination for Convenience of the State, the State shall allow reasonable direct costs resulting from the Stop Work Order in arriving at the termination settlement.*
- d) *The State shall not be liable to the Vendor for loss of profits because of a Stop Work Order issued under this term.*

42) TRANSITION ASSISTANCE *If the Agreement is not renewed at the end of the term, or is canceled prior to its expiration, for any reason, the Vendor must provide for up to six (6) months after the expiration or cancellation of the Agreement, all reasonable transition assistance requested by the State, to allow for the expired or canceled portion of the Services to continue without interruption or adverse effect, and to facilitate the orderly transfer of such Services to the State or its designees. Such transition assistance will be deemed by the parties to be governed by the terms and conditions of the Agreement, (notwithstanding this expiration or cancellation) except for those Contract terms or conditions that do not reasonably apply to such transition assistance. The State shall pay the Vendor for any resources utilized in performing such transition assistance at the most current rates provided by the Agreement for Contract performance. If the State cancels the Agreement for cause, then the State will be entitled to off set the cost of paying the Vendor for the additional resources the Vendor utilized in providing transition assistance with any damages the State may have otherwise accrued as a result of said cancellation.*

Section 2: Terms and Conditions Applicable to Software as a Service (SaaS) and/or Vendor Hosted Solutions

1) DEFINITIONS:

- a) "Data" includes and means information, formulae, algorithms, or other content that the State, the State's employees, agents and end users upload, create or modify using the Services pursuant to this Agreement. Data also includes user identification information and metadata which may contain Data or from which the State's Data may be ascertainable.
- b) "Support" includes provision of ongoing updates and maintenance for the Vendor online software applications, and as may be specified herein, consulting, training and other support Services as provided by the Vendor for SaaS tenants receiving similar SaaS Services.

2) ACCESS AND USE OF SAAS SERVICES:

- a) The Vendor grants the State a personal non-transferable and non-exclusive right to use and access, all Services and other functionalities or services provided, furnished or accessible under this Agreement. The State may utilize the Services as agreed herein and in accordance with any mutually agreed Acceptable Use Policy. The State is authorized to access State Data and any Vendor-provided data as specified herein and to transmit revisions, updates, deletions, enhancements, or modifications to the State Data. This shall include the right of the State to, and access to, Support without the Vendor requiring a separate maintenance or support agreement. Subject to an agreed limitation on the number of users, the State may use the Services with any computer, computer system, server, or desktop workstation owned or utilized by the State or other authorized users. User access to the Services shall be routinely provided by the Vendor and may be subject to a more specific Service Level Agreement (SLA) agreed to in writing by the parties. The State shall notify the Vendor of any unauthorized use of any password or account, or any other known or suspected breach of security access. The State also agrees to refrain from taking any steps, such as reverse engineering, reverse assembly or reverse compilation to derive a source code equivalent to the Services or any portion thereof. Use of the Services to perform services for commercial third parties (so-called "service bureau" uses) is not permitted, but the State may utilize the Services to perform its governmental functions. If the Services fees are based upon the number of Users and/or hosted instances, the number of Users/hosted instances available may be adjusted at any time (subject to the restrictions on the maximum number of Users specified in the Furnish and Deliver Table herein above) by mutual agreement and State Procurement approval. All Services and information designated as "confidential" or "proprietary" shall be kept in confidence except as may be required by the North Carolina Public Records Act: N.C.G.S. § 132-1, *et. seq.*
- b) The State's access license for the Services and its associated services neither transfers, vests, nor infers any title or other ownership right in any intellectual property rights of the Vendor or any third party, nor does this license transfer, vest, or infer any title or other ownership right in any source code associated with the Services unless otherwise agreed to by the parties. The provisions of this paragraph will not be construed as a sale of any ownership rights in the Services. Any Services or technical and business information owned by Vendor or its suppliers or licensors made accessible or furnished to the State shall be and remain the property of the Vendor or such other party, respectively. Vendor has a limited, non-exclusive license to access and use the State Data as provided to Vendor, but solely for performing its obligations under this Agreement and in confidence as provided herein.
- c) The Vendor or its suppliers shall at minimum, and except as otherwise agreed, provide telephone assistance to the State for all Services procured hereunder during the State's normal business hours (unless different hours are specified herein). The Vendor warrants that its Support and customer service and assistance will be performed in accordance with generally accepted industry standards. The State has the right to receive the benefit of upgrades, updates, maintenance releases or other enhancements or modifications made generally available to the Vendor's SaaS tenants for similar Services. The Vendor's right to a new use agreement for new version releases of the Services shall not be abridged by the foregoing. The Vendor may, at no additional charge, modify the Services to improve operation and reliability or to meet legal requirements.
- d) The Vendor will provide to the State the same Services for updating, maintaining and continuing optimal performance for the Services as provided to other similarly situated users or tenants of the Services, but minimally as provided for and specified herein. Unless otherwise agreed in writing, Support will also be provided for any other (e.g., third party) software provided by the Vendor in connection with the Vendor's solution herein. The technical and professional activities required for establishing, managing, and maintaining

the Services environment are the responsibilities of the Vendor. Any training specified herein will be provided by the Vendor to certain State users for the fees or costs as set forth herein or in an SLA.

- e) Services provided pursuant to this Solicitation may, in some circumstances, be accompanied by a user clickwrap agreement. The term clickwrap agreement refers to an agreement that requires the end user to manifest his or her assent to terms and conditions by clicking an “ok” or “agree” button on a dialog box or pop-up window as part of the process of access to the Services. All terms and conditions of any clickwrap agreement provided with any Services solicited herein shall have no force and effect and shall be non-binding on the State, its employees, agents, and other authorized users of the Services.
- f) The Vendor may utilize partners and/or subcontractors to assist in the provision of the Services, so long as the State Data is not removed from the United States unless the terms of storage of the State Data are clearly disclosed, the security provisions referenced herein can still be complied with, and such removal is done with the prior express written permission of the State. The Vendor shall identify all of its strategic business partners related to Services provided under this contract including, but not limited to, all subcontractors or other entities or individuals who may be a party to a joint venture or similar agreement with the Vendor, who will be involved in any application development and/or operations.
- g) The Vendor warrants that all Services will be performed with professional care and skill, in a workmanlike manner and in accordance with the Services documentation and this Agreement.

4) **ACCESS AVAILABILITY; REMEDIES:**

- a) The Vendor warrants that the Services will be in good working order, and operating in conformance with Vendor’s standard specifications and functions as well as any other specifications agreed to by the parties in writing, and shall remain accessible 24/7, with the exception of scheduled outages for maintenance and of other service level provisions agreed in writing, e.g., in an SLA. The Vendor does not warrant that the operation of the Services will be completely uninterrupted or error free, or that the Services functions will meet all the State’s requirements unless developed as Customized Services.
- b) The State shall notify the Vendor if the Services are not in good working order or inaccessible during the term of the Agreement. The Vendor shall, at its option, either repair, replace or reperform any Services reported or discovered as not being in good working order and accessible during the applicable contract term without cost to the State. If the Services’ monthly availability averages less than 99.9% (excluding agreed-upon maintenance downtime), the State shall be entitled to receive automatic credits as indicated immediately below, or the State may use other contractual remedies such as recovery of damages, as set forth herein in writing, e.g., in Specifications, Special Terms or in an SLA, and as such other contractual damages are limited by N.C.G.S. § 143B-1350(h1) and the Limitation of Liability paragraph below. If not otherwise provided, the automatic remedies for non-availability of the Subscription Services during a month are:
 - 1. A 10% service credit applied against future fees if Vendor does not reach 99.9% availability.
 - 2. A 25% service credit applied against future fees if Vendor does not reach 99% availability.
 - 3. A 50% service credit applied against future fees or eligibility for early termination of the Agreement if Vendor does not reach 95% availability.

Such credit(s) shall be applied to the bill immediately following the month in which the Vendor failed to meet the performance requirements or other service levels, and the credit will continue to be deducted from the monthly invoice for each prior

month that Vendor fails to meet the support response times for the remainder of the duration of the Agreement. If Services monthly availability averages less than 99.9% (excluding agreed-upon maintenance downtime), for three (3) or more months in a rolling twelve-month period, the State may also terminate the contract for material breach in accordance with the Default provisions hereinbelow.

- c) Support Services. If the Vendor fails to meet Support Service response times as set forth herein or in an SLA for a period of three (3) consecutive months, a 10% service credit will be deducted from the invoice in the month immediately following the third month, and the 10% service credit will continue to be deducted from the monthly invoice for each month that the Vendor fails to meet the support response times for the remainder of the duration of the Agreement.

5) **EXCLUSIONS:**

- a) Except as stated above in Paragraphs 3 and 4, Vendor and its parent, subsidiaries and affiliates, subcontractors and suppliers make no warranties, express or implied, as to the Services.
- b) The warranties provided in Paragraphs 3 and 4 above do not cover repair for damages, malfunctions or service failures substantially caused by:

 - ii) Failure to follow Vendor's written instructions relating to the Services provided to the State; or
 - iii) Force Majeure conditions set forth hereinbelow.
 - iv) The State's sole misuse of, or its own inability to use, the Services.

- 6) **PERFORMANCE REVIEW AND ACCOUNTABILITY:** N.C.G.S. § 143B-1340(f) and 09 NCAC 06B.1207 require provisions for performance review and accountability in State IT contracts. For this procurement, these shall include the holding a retainage of ten percent (10%) of the contract value and withholding the final payment contingent on final acceptance by the State as provided in 09 NCAC 06B.1207(3) and (4), unless waived or otherwise agreed, in writing. The Services herein will be provided consistent with and under these Services performance review and accountability guarantees.

- 7) **LIMITATION OF LIABILITY: Limitation of Vendor's Contract Damages Liability:** Reserved.

- 8) **VENDOR'S LIABILITY FOR INJURY TO PERSONS OR DAMAGE TO PROPERTY:** Reserved.

- 9) **MODIFICATION OF SERVICES:** If Vendor modifies or replaces the Services provided to the State and other tenants, and if the State has paid all applicable Subscription Fees, the State shall be entitled to receive, at no additional charge, access to a newer version of the Services that supports substantially the same functionality as the then accessible version of the Services. Newer versions of the Services containing substantially increased functionality may be made available to the State for an additional subscription fee. In the event of either of such modifications, the then accessible version of the Services shall remain fully available to the State until the newer version is provided to the State and accepted. If a modification materially affects the functionality of the Services as used by the State, the State, at its sole option, may defer such modification.

10) **TRANSITION PERIOD:**

- a) For ninety (90) days, either prior to the expiration date of this Agreement, or upon notice of termination of this Agreement, the Vendor shall assist the State, upon written request, in extracting and/or transitioning all Data in the format determined by the State ("Transition Period").
- b) The Transition Period may be modified in an SLA or as agreed upon in writing by the parties in a contract amendment.
- c) During the Transition Period, Services access shall continue to be made available to the State without alteration.

- e) Upon termination, and unless otherwise stated in an SLA, and after providing the State Data to the State as indicated above in this section with acknowledged receipt by the State in writing, the Vendor shall permanently destroy or render inaccessible any portion of the State Data in the Vendor's and/or subcontractor's possession or control following the completion and expiration of all obligations in this section. Within thirty (30) days, the Vendor shall issue a written statement to the State confirming the destruction or inaccessibility of the State's Data.

- f) The State at its option, may purchase additional Transition Services as may be agreed upon in a supplemental agreement.
- 11) **TRANSPORTATION:** Transportation charges for any Deliverable sent to the State other than electronically or by download shall be FOB Destination unless delivered by internet or file-transfer as agreed by the State, or otherwise specified in the solicitation document or purchase order.
- 12) **PAYMENT TERMS (Applicable to SaaS):**
- a) Payment may be made by the State in advance of or in anticipation of subscription Services to be actually performed under the Agreement or upon proper invoice for other Services rendered. Payment terms are Net 30 days after receipt of correct invoice. Initial payments are to be made after final acceptance of the Services. Payments are subject to any retainage requirements herein. The Purchasing State Agency is responsible for all payments under the Agreement. Subscription fees for term years after the initial year shall be as quoted under State options herein but shall not increase more than five percent (5%) over the prior term, except as the parties may have agreed to an alternate formula to determine such increases in writing. No additional charges to the State will be permitted based upon, or arising from, the State's use of a Business Procurement Card. The State may exercise any and all rights of Set Off as permitted in Chapter 105A-1 *et seq.* of the N.C. General Statutes and applicable Administrative Rules.

 - d) An undisputed invoice is an invoice for which the State and/or the Purchasing State Agency has not disputed in writing within thirty (30) days from the invoice date, unless the agency requests more time for review of the invoice. Upon the Vendor's receipt of a disputed invoice notice, the Vendor will work to correct the applicable invoice error, provided that such dispute notice shall not relieve the State or the applicable Purchasing State Agency from its payment obligations for the undisputed items on the invoice or for any disputed items that are ultimately corrected. The Purchasing State Agency is not required to pay the Vendor for any Software or Services provided without a written purchase order from the appropriate Purchasing State Agency. In addition, all such Services provided must meet all terms, conditions, and specifications of this Agreement and purchase order and be accepted as satisfactory by the Purchasing State Agency before payment will be issued.

If any Services or other Deliverables, functions, or responsibilities not specifically described in the Agreement are required for Vendor's proper performance, provision and delivery of the Services and other Deliverables pursuant to the Agreement, or are an inherent part of or necessary sub-task included within the Services, they will be deemed to be implied by and included within the scope of the Contract to the same extent and in the same manner as if specifically described in the Contract.
 - c) Vendor warrants that it has the financial capacity to perform and to continue to perform its obligations under the Contract; that Vendor has no constructive or actual knowledge of an actual or potential legal proceeding being brought against Vendor that could materially adversely affect performance of the Agreement; and that entering into the Agreement is not prohibited by any Contract, or order by any court of competent jurisdiction.
- 2) **SERVICES PROVIDED BY VENDOR:** Vendor shall provide the State with implementation Services as specified in a Statement of Work ("SOW") executed by the parties. This Agreement in combination with each SOW individually comprises a separate and independent contractual obligation from any other SOW. A breach by Vendor under one SOW will not be considered a breach under any other SOW. The Services intended hereunder are related to the State's implementation and/or use of one or more Software Deliverables licensed hereunder or in a separate software license agreement between the parties ("License Agreement"). (Reserve if not needed)
- 3) **PERSONNEL:** Vendor shall not substitute key personnel assigned to the performance of the Agreement without prior written approval by the Agency Contract Administrator. The individuals designated as key personnel for purposes of the Agreement are those specified in the Vendor's offer. Any desired substitution shall be noticed to the Agency's Contract Administrator in writing accompanied by the names and references of Vendor's recommended substitute personnel. The Agency will approve or disapprove the requested substitution in a timely manner. The Agency may, in its sole discretion, terminate the Services of any person providing Services under the Agreement. Upon such termination, the Agency may request acceptable substitute personnel or terminate the Contract Services provided by such personnel.
- a) Unless otherwise expressly provided in the Contract, Vendor will furnish all of its own necessary management, supervision, labor, facilities, furniture, computer and telecommunications equipment, software, supplies and materials necessary for the Vendor to provide and deliver the Services and other Deliverables.
 - b) Vendor personnel shall perform their duties on the premises of the State, during the State's regular work days and normal work hours, except as may be specifically agreed otherwise, established in the specification, or statement of work.
 - c) The Agreement shall not prevent Vendor or any of its personnel supplied under the Agreement from performing similar Services elsewhere or restrict Vendor from using the personnel provided to the State, provided that:
 - i) Such use does not conflict with the terms, specifications or any amendments to the Agreement, or
 - ii) Such use does not conflict with any procurement law, regulation or policy, or
 - iii) Such use does not conflict with any non-disclosure agreement, or term thereof, by and between the State and Vendor or Vendor's personnel.
 - d) Unless otherwise provided by the Agency, the Vendor shall furnish all necessary personnel, Services, and otherwise perform all acts, duties and responsibilities necessary or incidental to the accomplishment of the tasks specified in the Agreement. The Vendor shall be legally and financially responsible for its personnel including, but not limited to, any deductions for social security and other withholding taxes required by state or federal law. The Vendor shall be solely responsible for acquiring any equipment,

furniture, and office space not furnished by the State necessary for the Vendor to comply with the Agreement. The Vendor personnel shall comply with any applicable State facilities or other security rules and regulations.

- 4) **PERSONAL SERVICES**: The State shall have and retain the right to obtain personal Services of any individuals providing Services under the Agreement. This right may be exercised at the State's discretion in the event of any transfer of the person providing personal Services, termination, default, merger, acquisition, bankruptcy or receivership of the Vendor to ensure continuity of Services provided under the Agreement. Provided, however, that the Agency shall not retain or solicit any Vendor employee for purposes other than completion of personal Services due as all or part of any performance due under the Agreement.
- a) Vendor personnel shall perform any duties on the premises of the State during the State's regular work days and normal work hours, except as may be specifically agreed otherwise, established in the specification, or statement of work.
 - b) The State has and reserves the right to disapprove the continuing assignment of Vendor personnel provided by Vendor under the Agreement. If this right is exercised and the Vendor is not able to replace the disapproved personnel as required by the State, the parties agree to employ best commercial efforts to informally resolve such failure equitably by adjustment of other duties, set-off, or modification to other terms that may be affected by Vendor's failure.
 - c) Vendor will make every reasonable effort consistent with prevailing business practices to honor the specific requests of the State regarding assignment of Vendor's employees. Vendor reserves the sole right to determine the assignment of its employees. If one of Vendor's employees is unable to perform due to illness, resignation, or other factors beyond Vendor's control, Vendor will provide suitable personnel at no additional cost to the State.
 - d) The Agreement shall not prevent Vendor or any of its personnel supplied under the Agreement from performing similar Services elsewhere or restrict Vendor from using the personnel provided to the State, provided that:
 - i) Such use does not conflict with the terms, specifications or any amendments to the Agreement, or
 - ii) Such use does not conflict with any procurement law, regulation or policy, or
 - iii) Such use does not conflict with any non-disclosure agreement, or term thereof, by and between the State and Vendor or Vendor's personnel.
