

Town of Butner
Request for Qualifications for Engineering Consulting Services

The Town of Butner invites qualified firms to submit qualifications to provide surveying, design, construction administrating and inspection services for a sidewalk construction project. The selected firm will provide surveying, design and construction administrative services and inspections at every stage of the project to include: maintain knowledge or project operation and safety issues, process all pay request, review contractor's schedule of values as compared to work completed, maintain inventory of quantities of materials used, conduct field inspections, and contract management and final review and close-out of contracts.

Complete requests for qualifications packets can be picked up at Butner Town Hall, 415 Central Avenue, Butner, NC 27506 or by requesting a copy via email at athomasson@butnenc.org. Interested firms should submit their statement of qualifications on or before 2:00 pm, October 9, 2023.
