Will you confirm that the intent of this language is to have resources identified and prepared to deploy within 24 hours ready to support recovery operations?

That is correct. Deployment upon activation of resources requested.

Exhibit A - Acknowledgement of Amendments; are there any for this RFP?

Issuing those after 5pm today, if applicable. Will be posted on Eprocurement website. <https://evp.nc.gov/solicitations/>

Economic Impact Assessment and Data Analysis: Is there a preferred software to administer the assessments and perform analysis? **There is no preferred software to administer assessments or perform analysis.**

Will the County assist with introductions to local chambers of commerce or other business associations and economic development agencies to collaborate with the requirements of the contract? **Yes.**

With respect to SOW item *Assist in securing and managing Community Development Block Grant - Disaster Recovery (CDBG-DR) funds*, can you please clarify the specific expectations of the successful bidder in helping the County secure CDBG funds and manage programming for any funds obtained? Will we be expected to create a new program design for any future CDBG funded opportunities or continue working under this proposal's SOW using future CDBG funds?

This can be a conduit for future CDBG funding opportunities.

Specifically with respect to SOW category, *Long-Term Economic Resilience Planning*, is there a preferred format for delivering support, assessments, and recommendations for the County? For example, a series of consulting meetings with County staff through Zoom or a 1/2-day workshop, or other format mix?

This can be used for consulting purposes, after activation from a disaster. To have a place holder in Beaufort County Long Term Recovery Group as a consultant. For recovery projects, and recovery support function (RSF).

(Note: First addendum was on the Eprocurement site and was only to point out the due date clarification. This is the only addendum issued with questions.)
