

Request for Prequalification
1st Tier Subcontractors
Robeson Community College – Healthcare Education Building

Metcon, Inc., as Construction Manager on behalf of Robeson Community College – Healthcare Education Building, is requesting interested Trade Partners to prequalify for the project. Prequalification information and required documentation will be submitted electronically through TradeTapp and BuildingConnected. For prequalification information or questions, please contact Tina Harris, Prequalification Manager, at tharris@metconus.com or (910) 521-8013. The prequalification deadline is December 8, 2026.

Project Description

Robeson Community College – Healthcare Education Building is a new approximately 27,000 GSF, single-story facility providing state-of-the-art healthcare education and training spaces, including laboratories, classrooms, training rooms, administrative offices, and support areas. The project includes sitework and landscaping; structural concrete and steel; masonry and exterior wall systems; roofing; doors, windows, storefront and curtain wall; interior framing and finishes; casework; and complete MEP and fire protection systems.
