ADDENDUM #1

This Addendum #1 of the 1516 Dixie Trail Pipe Replacement Project SM2025-0008 clarifies the bid documents. The original bid document remains unchanged. The bid documents are clarified, as follows:

PERMITS AND FEES

What permits will be required to obtain this work? Will the permit fees be waived/reimbursed by the City?

A Right-of-Way (ROW) permit is required for work conducted within the public right-of-way. The contractor is responsible for obtaining the permit and for all associated fees. Permit fees will not be waived or reimbursed by the City.

BID BOND

Is a bid bond required for this project?

A bid bond is not required for this project, as it is being solicited as an informal bid. However, if the total bid amount exceeds \$300,000, the lowest responsible, responsive contractor will be required to provide Performance and Payment Bonds in accordance with contract requirements.
