1.10 **Conflicts of Interest**

City of Raleigh contracts are controlled by three conflicts of interest provisions.

First, federal procurement standards are provided in 2 CFR 200.318 (c)(1),

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or a firm which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the non-Federal entity may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.

Similarly, the North Carolina General Statutes provides a *criminal* statute for conflicts of interest in public contracting. N.C.G.S. § 14-234(a):

(1) No public officer or employee who is involved in making or administering a contract on behalf of a public agency may derive a direct benefit from the contract except as provided in this section, or as otherwise allowed by law. (2) A public officer or employee who will derive a direct benefit from a contract with the public agency he or she serves, but who is not involved in making or administering the contract, shall not attempt to influence any other person who is involved in making or administering the contract. (3) No public officer or employee may solicit or receive any gift, favor, reward, service, or promise of reward, including a promise of future employment, in exchange for recommending, influencing, or attempting to influence the award of a contract by the public agency he or she serves.

City of Raleigh Charter Section 3.9 regulates private transactions between the City and its officials and employees. The Charter states:

No member of the City Council, official, or employee of the City of Raleigh shall be financially interested, or have any personal beneficial interest, either directly or indirectly, as agent, representative, or otherwise, in the purchase of, or contract for, or

in furnishing any materials, equipment or supplies to the City of Raleigh, nor shall any official or employee of the City of Raleigh accept or receive, or agree to accept or receive, directly or indirectly, from any person, firm or corporation to whom any contract may be awarded or from whom any materials, equipment or supplies may be purchased by the City of Raleigh, by rebate, gift, or otherwise, any money or anything of value whatsoever, or any promise, obligation or contract for future reward or compensation, for recommending or procuring the uses of any such materials, equipment or supplies by the City of Raleigh; no member of the City Council, official or employee of the City of Raleigh shall for his own personal benefit operate, directly or indirectly, any concession in any building or on any lands of the City of Raleigh, nor shall any official or employee of the City of Raleigh bid for or be awarded any contract granting concessionary rights of any nature or kind from the City of Raleigh; it shall be unlawful for any member of the City Council, official or employee of the City of Raleigh to bid for or to purchase or to contract to purchase from the City of Raleigh any real estate, equipment, materials, or supplies of any nature or kind whatsoever, either directly or indirectly, at either public or private sale, either singly, or through or jointly with any other person.

Further, the City of Raleigh shall reserve the right to cancel the work described herein prior to issuance and acceptance of any contractual agreement/purchase order by the recommended Proposer even if the awarding authority for each entity has formally accepted a recommendation.

3 PROPOSAL EVALUATION

3.1 Proposal Evaluation Criteria (Stage 1)

This is not a bid. There will not be a public opening. The proposals received in response to this RFP will be evaluated and ranked by the evaluation committee in accordance with the process and evaluation criteria contained below. Responses will be evaluated in light of the material and substantiating evidence presented in the response and not based on what is inferred. After thoroughly reading and reviewing this RFP, each Evaluation Committee member shall conduct his or her independent evaluation of the proposals received and grade the responses on their merit in accordance with the evaluation criteria set forth in the following table.

The maximum interview/demonstration points a Proposer can receive is five (5) points. The Proposers selected for interviews/demonstrations under this section will be notified in writing of the date and time. The Proposers' interview/demonstrations shall be based solely upon information provided in each Proposer's original proposal. No new information may be presented.

Criteria	(a) Weight	(b) Score (0-3)	(a) x (b) Weighted Score
Corporate Background and Experience	20		
Firm Financial Stability	20		
Project Understanding	20		
Project Approach	20		
Team Firm Experience	10		
Proposed Cost	10		
Total Score (without Interview/Demonstrations)			
Interview/Demonstration (if applicable)	(1-5 points)		
Final Score (with Interview/Demonstrations)			

Score Points

- | | |
|---|------------------------|
| 0- Missing or Does Not Meet Expectation | 2- Meets Expectation |
| 1- Partially Meets Expectation | 3- Exceeds Expectation |

Cost Formula: The cost criterion is rated by giving the proposal with the lowest total cost the maximum number of Cost points available. The remaining proposals are rated by applying the following formula:

$$1 - \frac{B - A}{A} \times C = D$$

- A—the lowest Proposer’s cost.
- B—the Proposer’s cost being scored.
- C—the maximum number of cost points available.
- D—Proposer’s cost score (points).

Note: If the formula results in a negative number (which will occur when the Offeror’s cost is more than twice the lowest cost), zero points shall be assigned.

3.2 Interview/Demonstration (Stage 2)

A short-list of firms will be invited to Stage 2, Interview/Demonstration, step of the evaluation process. Interview/demonstrations are an important aspect of the evaluation process that offers the City an opportunity to see how the proposer’s solution meets the critical components of the RFP. Each firm invited to interview will receive a list of topics to address during its presentation.

The presentation will be divided into two parts:

- Part 1 – the formal presentation, and
- Part 2 – a question-and-answer session, during which panelists may ask questions related to the firm’s submitted response or the presentation itself.

Both parts are timed, and firms must complete their presentation within the allotted time.

3.3 Final Selection

Proposals will be evaluated and ranked according to the criteria and weighted values set forth in Section 3.1. Either a final selection for recommendation will be made at this time or the short-list of firms will be invited to participate in Stage 2 of the evaluation process. If Stage 2 is implemented, each firm will be evaluated and assigned a score to determine the best firm for recommendation.

After which negotiations of a contract with the most qualified firm will commence. If negotiations are unsuccessful, the City will then pursue negotiations with the next most qualified firm. All Proposers will be notified of their standing immediately following the City’s decision.

The City shall not be bound or in any way obligated until both parties have executed a contract. The City also reserves the right to delay the award of a contract or to not award a contract.

3.4 Notice to Proposers Regarding RFP Terms and Conditions

It shall be the Proposer’s responsibility to read the RFP Instructions, the City’s contract terms and conditions (within the sample City Service Contract provided in Appendix IV), all relevant exhibits, attachments, and any other components made a part of this RFP and comply with all requirements and specifications herein. Proposers are also responsible for obtaining and complying with all Addenda and other changes that may be issued in connection with this RFP.

3.5 Contract Term

The contract issued by the City to the awarded proposer will define a completion date by which the services are to be completed and finished. See Appendix IV for a sample version of the City's contract for services.

4 SCOPE OF SERVICES

Awarded proposer shall provide services, all as set forth in this RFP and more particularly described in this Section 4.

The City of Raleigh is soliciting proposals from qualified and experienced Move Management firms to provide comprehensive planning, coordination, execution, and asset removal services. The move includes three (3) City-owned facilities, One Exchange Plaza, Raleigh Municipal Building, and the Dillon Building, and two (2) leased spaces, One City Plaza and the Professional Building. The target completion date for the physical relocation of employees and services is no later than July 31, 2027.

The move management firm should:

- Account for potential lease extensions in the overall move schedule,
- Remain flexible in coordinating move-out and asset removal activities,
- Adjust timelines as needed based on final occupancy and commissioning milestones, and
- Coordinate closely with City Real Estate team to ensure compliance with lease turnover requirements.

4.6 **Objectives**

The selected firm will serve as the primary move manager and be responsible for all aspects of the physical relocation at each facility and asset removal at vacated leased properties. Prime contractor may subcontract portions of the work to qualified firms to support project delivery.

- Ensuring a seamless transition of staff, equipment, and operations
- Minimizing disruption to City services
- Managing all aspects of move logistics and vendor coordination
- Overseeing the asset removal and turnover of vacated leased properties

4.7 **Project Management & Move Planning**

The selected firm will lead all planning, coordination, and execution efforts to ensure a smooth, phased relocation from both City-owned and leased facilities into the new City Hall.

Responsibilities may include, but are not limited to, the following:

- Assigning a dedicated project manager to serve as the primary point of contact throughout the engagement.

- Facilitating in-person and virtual engagement sessions with City stakeholders to gather input, address concerns, and align expectations.
- Developing a comprehensive project management plan that includes:
 - Timelines and milestones

- Developing a phased move schedule that aligns with the City's building readiness, operational, space plans, and departmental layouts.

4.8 Physical Move Execution

Move execution will begin only after the new City Hall is cleared for occupancy. The move management firm must coordinate with City staff to align with building readiness.

The firm will be responsible for managing and carrying out all tasks related to the physical move and relocation activities, ensuring minimal disruption to City operations.

Certain aspects of the move will be City-led:

- The installation or relocation of technology equipment will be managed separately by the City's Information Technology (IT) team.
- All coordination related to the inventorying, handling, relocation, and installation of artwork will be managed by the City's PRCR Arts. The selected move management firm will need to coordinate moving logistics around their efforts.

- Coordination with the City's Real Estate team to ensure compliance with lease turnover requirements.
- The City will lead all efforts related to the review, retention, and disposition of physical records in accordance with its established records management policies. The move management firm will provide support by coordinating the logistics of records movement, ensuring alignment with departmental plans and City policies.

The move management firm must coordinate closely with City's IT, PRCR Arts, Communications, and Real Estate teams to ensure alignment of schedules and activities.

Responsibilities may include, but are not limited to, the following:

- Providing on-site coordination and supervision during each phase of the move.
- Managing labeling, packing, and transportation logistics for all departments.

[3.) For Repeated Services Over a Period of Time/Term (with Renewal Options), use the following:]

In performing the services described in this Contract, it is mutually agreed that time is of the essence. The Contract shall have an initial term of _____ years, beginning on the Effective Date through and including **[enter initial term end date]**.

Prior to the expiration of the initial term or any subsequent renewal terms, the City shall have the option, in its sole discretion, to renew the Contract on the same terms and conditions as are set forth herein for up to a total of _____ additional one-year terms, for a maximum contract term not to exceed five (5) years.
