

ADDENDUM #1

TO: POTENTIAL RESPONDING SUPPLIERS
FROM: Kristen Shelton, CPPB
Procurement Specialist
DATE: March 12, 2025
SUBJECT: NC State University RFP #63-KGS1070865
Beverage Products & Services for Pouring Rights

This addendum is issued as a result of questions raised on the above referenced request for proposal. This addendum is part of the bid process and **must** be returned with your proposal response. Failure to include this addendum with your response **will** cause your proposal to not be considered for award.

- Optional Site Visit (athletic facilities): **Thursday, March 20, 2025 at 2:30-4pm**
We will meet at Carter-Finley Stadium, 4680 Trinity Rd, Raleigh NC. Please park in Lot C off of Trinity Rd., enter the stadium through Gate 4, and we will meet by the elevators. Attendance is not mandatory in order for a proposal to be considered for award.
- The due date has been extended to **Wednesday, April 2, 2025 @ 2:00pm**
- See below questions, answers and attachments.
- Make sure to download and complete the updated version of Attachment A that has been renamed to KGS1070865_Attachment A_Addendum #1

Please sign, date and return this addendum with your proposal response. **Failure to return this addendum will cause your response to not be considered for award.**

RFP #63-KGS1070865 - Beverage Products & Services for Pouring Rights

Question #	Reference Section	Question	University Response
1	3 General Information Page 31	We would like to request to schedule an in-person presentation to provide the full details and specifics of our comprehensive proposal. We request to schedule, as soon as possible, the presentation date, so that we can make timely arrangements for everyone's attendance. Its imperative for us to justify the elements of our proposal.	We intend to hold presentations the week of April 14th. Please plan to be available for presentations between Wednesday, April 16th and Thursday, April 17th. An invitation will be emailed the week of April 7th. Presentations and Q&A discussion will be capped at 2hrs. We thank you in advance for planning your presentations accordingly.
2	3.1.1; Page 4	Can you please clarify what beverage products the university would market or sell that would be produced by or on behalf of the university? Please include potential package size, where applicable.	Beverages sold in coffee shops (Starbucks, Caribou, PCJ and self branded) both packaged and made to order specialty hot and cold beverages. "Frapachino, Refresher". Boba Teas, milkshakes, Howling Cow Milk. Bulk dispensed, cups 12oz, 16oz and 20-22oz
3	3.1.13	Can NC State provide historical beverage volumes broken down by beverage category instead of overall volume?	The "Cost Evaluation Market Basket" tab of Attachment A provides the latest annual volumes by item within their respective category. This is sorted by the highest volume products first. Last fiscal year sales.
4	3.12 Clarification	As a privately held company our balance sheets are not something that can be shared externally. Will the University accept a Dun & Bradstreet Business Insights report as an acceptable replacement to confirm the financial stability of our organization?	Yes, a Dun and Bradstreet report verifying the financial stability of the company will be acceptable.
5	3.3- Vending Sales/Placement Data; Page 8 (also included on Attached A; Vending Proposal)	Can you provide please provide a volume breakdown of the product package and product brand SKU for the total cases of 12oz canned drinks and total cases of 20oz drinks? Also, please include all package sizes and product brand SKUs such as juice, energy, and isotonic not included in 12oz and 20oz sizes.	The "Cost Evaluation Market Basket" tab of Attachment A provides the latest annual volumes by item within their respective category. This is sorted by the highest volume products first. Last fiscal year sales. See attached pages for additional SKU & volume information.
6	3.3.13	What percentage of vending sales is currently student card transactions?	38%
7	3.3.13	What are the current flex fund plans available for students with the Wolfpack Card?	There are approximately 12,750 students on meal plans at NC State. All of these meal plans include Dining Dollars which can be used at all dining locations and vending machines. Further most students have an "all campus" funds account in order to pay for printing across the university's printer network. These funds can be used for vending purchases as well as food in general much like Dining Dollars.
8	3.4.9 Table	Would the University consider adding Energy Drinks to the Coffee Shops? Energy Drinks can be used as a base for Iced Energy Refresher coffee shop offerings.	For those locations that do not have their own contractual menu obligations / limitations, this could be developed.
9	3.4.9; Page 11-12	Does the university still plan to sell bottled Dr Pepper products in Markets and Food Courts regardless of who is awarded the beverage contract?	We would only use Dr Pepper bottles/cans in Markets. Then if the awarded vendor has Dr. Pepper in their portfolio would we use it in other locations
10	3.4.9; Page 11-12	Page 12 indicates Double Asterisk (**) as noted as locations where the university asks to be allowed to sell varieties of Dr Pepper fountain drinks, bottles and cans. There are only astericks listed under Fountain Beverage. Please verify that only Dr Pepper Fountain beverages plan to be offered in Markets and Food Courts.	We would only use Dr Pepper bottles/cans in Markets. Then if the awarded vendor has Dr. Pepper in their portfolio would we use it in other locations
11	3.4.9; Page 11-12	If PBV offers Dr Pepper on fountain dispensers (which we do), does that cover the Exclusion reference in regards to the Double Asterick (**) provision listed?	We would only use Dr Pepper bottles/cans in Markets. Then if the awarded vendor has Dr. Pepper in their portfolio would we use it in other locations
12	3.4.9; Page 11-12	What is is the current volume of Dr Pepper products sold in vending, bottle and fountain locations, and their concurrent percentage of category sales?	<ul style="list-style-type: none"> •Fountain currently there are not Dr Pepper only Mr Pibb (244 cs/yr). Not required for Fountain equipment for RFP. •Bottles and Can see "Cost Evaluation Market Basket" Vending Dr Pepper sales FY24 •000000000000117635 20Z PT 24LS SH DR PEP NKO 1,739cs •000000000000117641 20Z PT 24LS SH DT DR PEP NKO 503cs •000000000000117634 12Z CN 6P DR PEP NKO 333cs •000000000000117604 12Z CN 12FP DT DR PEP NKO 129cs <li style="text-align: right;">Totals 2,703cs
13	3.5; Page 13	Can you provide please provide a complete listing of all beverage equipment needed for all athletics concession locations?	See attached pages for Athletic concessions beverage equipment locations. The number of fountain units and bottle coolers has been added to the updated Attachment A file in the beverage dispensing equipment tab.

cases (24/cs)	Coke Zero 20oz Bottles	312																						
cases (24/cs)	Powerade 20oz Bottles	98																						
15	3.5; Page 13	Can you please provide a breakdown of the number of concession locations that provide fountain beverages and their separate volume?	<p>Currently 4 concession stand locations (8 units) + 2 units in Dail Club</p> <table border="0"> <tr> <td>2.5 Gallon BIBS</td> <td>35</td> </tr> <tr> <td>5 gallon BIBS</td> <td>92</td> </tr> </table>	2.5 Gallon BIBS	35	5 gallon BIBS	92																	
2.5 Gallon BIBS	35																							
5 gallon BIBS	92																							
16	3.5; Page 13	For the concession stand locations with fountain drinks, how is the Co2 provided to those locations and what would be the expected cost for the contract term?	Currently purchase CO2 tanks from a separate vendor, Espira Gas.																					
17	3.5; Page 13	Does the Athletic Department plan to offer (or already offers) "grab-n-go" retail markets at their concession locations in the contract term?	IF we define "grab and go" locations as all the locations in which patrons physically "grab" the items themselves. It is 6 locations in the football stadium: 2 Concession stands (that were renovated this past year as the "Wolfpack Market") 4 Brew Thru locations (mainly self service beer locations, but each location has a single door coke cooler that is self service for bottled water).																					
18	3.5; Page 13	Does the Athletic Department plan to offer bottles-only for purchase at their athletic facilities and reduce or remove fountain beverage service during the term of the contract?	We want to continue the fountain beverage program where they currently exist.																					
19	3.5; Page 13	Would the university allow bidders the opportunity to tour and survey the athletic locations by March 18, 2025 to understand equipment needs and transition costs?	Yes, an optional site visit has been scheduled. See the cover page for details. A list of equipment has been provided and is attached. See answer to Q13.																					
20	3.8.3; Page 22	Does the athletic department currently or plan to have branded assets or equipment located within their athletics facilities such as training stations, fuel bars or nutrition locations that will need to be replaced or rebranded for the new contract?	Yes.																					
21	3.8.3; Page 23	Could you please describe in detail the type of recycling container requested for the TowneBank Center?	40-50 branded bottles for recycling are currently in TowneBank Center.																					
22	3.9.1 / Page 24	What is the minimum requirement for gratis products with athletics? RFP lists \$225K minimum gratis product / "Program and Marketing Funding" document lists \$275K	\$225,000 is the correct amount as per page 24. This has been corrected in Attachment A and the file has been renamed as outlined on the cover page.																					
23	3.11 / Page 25	Does this reference an additional funding bucket within our proposal that isn't mentioned in the RFP? Or an entirely different proposal (IE 15-year term)?	The alternate proposal option is for a secondary technical and financial proposal to be submitted by your organization. Each proposal must comply with the requirements of the RFP, except that the additional proposal may incorporate, by reference, repetitive information that is provided in your primary proposal to the requirements outlined in the scope of work (Section 3) and/or the financial proposal (Section 7).																					
24	6 / Page 27	When will the University conduct in-person presentations?	see question #1																					
25	General	We would like to clarify if the University would consider a bid for a single category partnership, such as for Energy Drinks only. a. Could NC State Athletics and Vending operations consider a single category bid/partnership. b. Would NC State Athletics consider a separate bid and proposal, from an Energy Drink brand, for marketing rights to utilize trademarks and brand marketing assets? c. Would NC State consider a separate bid for a single beverage provider, such as Energy Drinks, for rights to fixed # of full service vending placements.	No.																					
26	General	Would NC State be open to creating a separate RFP for Energy Drinks category? Said RFP can run simultaneously to the main beverage sponsor RFP resulting in the University receiving separate bids/proposals for the energy drink category?	No.																					
27	General	Does NC State work with any vending operators of the primary beverage sponsor's serviced machines? For example, snack vending operators or micro-market operators.	Currently the university works with Canteen for its snack vending services across campus. Servicing of current beverage vending machines is also subcontracted to Canteen.
