1.11 Conflicts of Interest

City of Raleigh contracts are controlled by three conflict of interest provisions.

First, federal procurement standards provide in 2 CFR 200.318 (c)(1),

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or a firm which employs or is about to employ any of the parties indicated herein, has a financial or other interest

in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the non-Federal entity may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.

Similarly, the North Carolina General Statutes provides a *criminal* statute for conflicts of interest in public contracting. N.C.G.S. § 14-234(a):

(1) No public officer or employee who is involved in making or administering a contract on behalf of a public agency may derive a direct benefit from the contract except as provided in this section, or as otherwise allowed by law. (2) A public officer or employee who will derive a direct benefit from a contract with the public agency he or she serves, but who is not involved in making or administering the contract, shall not attempt to influence any other person who is involved in making or administering the contract. (3) No public officer or employee may solicit or receive any gift, favor, reward, service, or promise of reward, including a promise of future employment, in exchange for recommending, influencing, or attempting to influence the award of a contract by the public agency he or she serves.

City of Raleigh Charter Section 3.9 regulates private transactions between the City and its officials and employees. The Charter states:

No member of the City Council, official, or employee of the City of Raleigh shall be financially interested, or have any personal beneficial interest, either directly or indirectly, as agent, representative, or otherwise, in the purchase of, or contract for, or in furnishing any materials, equipment or supplies to the City of Raleigh, nor shall any official or employee of the City of Raleigh accept or receive, or agree to accept or receive, directly or indirectly, from any person, firm or corporation to whom any contract may be awarded or from whom any materials, equipment or supplies may be purchased by the City of Raleigh, by rebate, gift, or otherwise, any money or anything of value whatsoever, or any promise, obligation or contract for future reward or compensation, for recommending or procuring the uses of any such materials, equipment or supplies by the City of Raleigh; no member of the City Council, official or employee of the City of Raleigh shall for his own personal benefit operate, directly or indirectly, any concession in any building or on any lands of the City of Raleigh, nor shall any official or employee of the City of Raleigh bid for or be awarded any contract granting concessionary rights of any nature or kind from the City of Raleigh; it shall be unlawful for any member of the City Council, official or employee of the City of Raleigh to bid for or to purchase or to contract to purchase from the City of Raleigh any real estate, equipment, materials, or supplies of any nature or kind whatsoever, either directly or indirectly, at either public or private sale, either singly, or through or jointly with any other person.

The City of Raleigh will not be responsible for any expenses incurred by any Proposer in the development of a response to this Request for Proposal or any other activities associated with this procurement including but not limited to any onsite (or otherwise) interviews and/or presentations, and/or supplemental information provided, submitted, or given to City of Raleigh and/or its representatives. Further, the City of Raleigh shall reserve the right to cancel the work described herein prior to issuance and acceptance of

any contractual agreement/purchase order by the recommended Proposer even if the awarding authority for each entity has formally accepted a recommendation.

1.13 Proposer Acceptance

Submission of any proposal indicates a Proposer's acceptance of the conditions contained in this RFP. Furthermore, the City of Raleigh is not bound to accept a proposal on the basis of lowest price, and further, the City has the sole discretion and reserves the right to cancel this RFP, and to reject any and all proposals, to waive any and all informalities and/or irregularities and reserves the right to re-advertise this RFP with either the identical or revised scope and specifications if it is deemed to be in the best interests of the City to do so.

The City of Raleigh reserves the right to accept or reject any or all of the items in the proposal, and to award the contract in whole or in part and/or negotiate any or all items with individual Proposers if it is deemed in the best interest of the City to do so. Moreover, the City reserves the right to make no selection if proposals are deemed to be outside the fiscal constraint or not in the best interest of the City.

3 PROPOSAL EVALUATION

3.1 Proposal Evaluation Criteria (Stage 1)

This is not a bid. There will not be a public opening. The proposals received in response to this RFP will be evaluated and ranked by the evaluation committee in accordance with the process and evaluation criteria contained below. Responses will be evaluated in

light of the material and substantiating evidence presented in the response and not based on what is inferred. After thoroughly reading and reviewing this RFP, each evaluation committee member shall conduct his or her independent evaluation of the proposals received and grade the responses on their merit in accordance with the evaluation criteria set forth in the following table.

The maximum interview/demonstration points a Proposer can receive is five (5) points. The Proposers selected for interviews/demonstrations under this section will be notified in writing of the date and time. The Proposers' interview/demonstrations shall be based solely upon information provided in each Proposer's original proposal. No new information may be presented.

Criteria	(a) Weight	(b) Score (0-3)	(a) x (b) Weighted Score
Corporate Background and Experience	20		
Firm Financial Stability	10		
Project Understanding	20		
Project Approach	25		
Team Firm Experience	15		
Proposed Cost	10		
Total Score (without Interview/Demonstrations)			
Interview/Demonstration (if applicable)	(1-5 points)		
Final Score (with Interview/Demonstrations)			

Score Points

- 0- Missing or Does Not Meet Expectation
- 1- Partially Meets Expectation
- 2- Meets Expectation
- 3- Exceeds Expectation

Cost Formula: The cost criterion is rated by giving the proposal with the lowest total cost the maximum number of Cost points available. The remaining proposals are rated by applying the following formula:

$$1 - \frac{B - A}{A} \times C = D$$

- A—the lowest Proposer's cost.
- B—the Proposer's cost being scored.
- C—the maximum number of cost points available.
- D—Proposer's cost score (points).

Note: If the formula results in a negative number (which will occur when the Offeror's cost is more than twice the lowest cost), zero points shall be assigned.

3.2 Interview/Demonstration (Stage 2)

A short-list of firms may be invited to Stage 2, Interview/Demonstration, step of the evaluation process. Interview/demonstrations are an important aspect of the evaluation process that offers the City an opportunity to see how the proposer's solution meets the critical components of the RFP.

3.3 Final Selection

Proposals will be evaluated and ranked according to the criteria and weighted values set forth in Section 3.1. Either a final selection for recommendation will be made at this time or the short-list of firms will be invited to participate in Stage 2 of the evaluation process. If Stage 2 is implemented, each firm will be evaluated and assigned a score to determine the best firm for recommendation.

After which negotiations of a contract with the most qualified firm will commence. If negotiations are unsuccessful, the City will then pursue negotiations with the next most qualified firm. All Proposers will be notified of their standing immediately following the City's decision.

The City shall not be bound or in any way obligated until both parties have executed a contract. The City also reserves the right to delay the award of a contract or to not award a contract.

3.4 Notice to Proposers Regarding RFP Terms and Conditions

It shall be the Proposer's responsibility to read the RFP Instructions, the City's contract terms and conditions (within the sample City Service Contract provided in Appendix IV), all relevant exhibits, attachments, and any other components made a part of this RFP and comply with all requirements and specifications herein. Proposers are also responsible for obtaining and complying with all Addenda and other changes that may be issued in connection with this RFP.

3.5 Contract Term

The contract issued by the City to the awarded proposer will define either a completion date by which the services are to be completed and finished, or a term date by which the services will begin and be provided repeatedly over a specific period. The details of the contract term and any options to renew or extend the contract, will be stated in the contract issued by the City. See Appendix IV for a sample-version of the City's contract for services.

4 SCOPE OF SERVICES

Awarded proposer shall provide services, all as set forth in this RFP and more particularly described in this Section 4.

- Tasks and expectations:

We will seek evaluation professionals with experience evaluating climate resilience projects, community engagement approaches and impacts on vulnerable communities.

Current State	Project activities and inputs	Project output	Expected short-term outcomes	Anticipated long-term impacts	
<p>Beginning in Spring 2021, Partners for Environmental Justice (PEJ) initiated the Walnut Creek Watershed Learning Network (WCWLN). This program has convened residents in the Walnut Creek Watershed. Many of Raleigh’s most flood prone areas are in low-income, frequently Black and brown neighborhoods. These neighborhoods lie in some of the lowest areas of the watershed, receive runoff from highly urbanized Downtown Raleigh, and have been bisected by a major interstate, all of which exacerbate flooding issues.</p> <p>Also in 2021, The City of Raleigh (COR) collected data on its Urban Heat Islands. Like its flood-prone neighborhoods, many of Raleigh’s heat-exposed and heat-vulnerable areas have experienced historic underinvestment. Building trust and relationships in order to respond to issues and expand services in these communities is a challenge for City of Raleigh staff. As Raleigh continues to grow and densify, more residents are living in flood-</p>	Activity 1.1 Continue to implement the Walnut Creek Watershed Learning Network

ACTIVITY 2: Develop, test and disseminate Ready Raleigh Emergency Preparedness meeting-in-a-box programs, prioritizing vulnerable neighborhoods in Raleigh.				
Current State	Project inputs and activities	Project output	Expected short-term outcomes	Anticipated long-term impacts
<p>Raleigh experiences a number of weather- and climate-related hazards, in addition to other emergency events. Seasonally, the city experiences winter storms, hurricane effects, and extreme heat events. Some communities in Raleigh are more vulnerable to the effects of these disasters and emergencies and take longer to bounce back following a hazard. Communities that are particularly vulnerable are those living in flood-prone areas, or areas that may become stranded by roadway flooding; Limited English Proficiency communities; low-income communities, and people living in substandard housing. Some of these groups may not feel comfortable engaging with City of Raleigh staff or other government personnel to access information or resources.</p>	Activity 2.1: Develop Emergency Preparedness Meeting-in-a-Box

ACTIVITY 3: Facilitate Neighborhood Resilience Planning Collectives and feed results into City of Raleigh planning efforts				
Current State	Project inputs and activities	Project output	Expected outcomes	Anticipated impacts
<p>Raleigh’s Departments have robust community engagement approaches, which are largely designed to generate feedback on planning processes (e.g. neighborhood development plans, parks planning processes, Comprehensive plan updates, etc.) Resilience work in the City of Raleigh is disbursed across multiple City departments, and largely not coordinated strategically. Because of this, Raleigh does not engage communities explicitly on resilience planning—rather than project planning which may have resilience outcomes. Community visions for a concept like resilience have largely not been gathered to integrate into City planning and programming.</p>	<p>Facilitated community resilience planning sessions at neighborhood scale.
