1.11 Conflicts of Interest

City of Raleigh contracts are controlled by three conflict of interest provisions.

First, federal procurement standards provide in 2 CFR 200.318 (c)(1),

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent,

any member of his or her immediate family, his or her partner, or a firm which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the non-Federal entity may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.

Similarly, the North Carolina General Statutes provides a *criminal* statute for conflicts of interest in public contracting. N.C.G.S. § 14-234(a):

(1) No public officer or employee who is involved in making or administering a contract on behalf of a public agency may derive a direct benefit from the contract except as provided in this section, or as otherwise allowed by law. (2) A public officer or employee who will derive a direct benefit from a contract with the public agency he or she serves, but who is not involved in making or administering the contract, shall not attempt to influence any other person who is involved in making or administering the contract. (3) No public officer or employee may solicit or receive any gift, favor, reward, service, or promise of reward, including a promise of future employment, in exchange for recommending, influencing, or attempting to influence the award of a contract by the public agency he or she serves.

City of Raleigh Charter Section 3.9 regulates private transactions between the City and its officials and employees. The Charter states:

No member of the City Council, official, or employee of the City of Raleigh shall be financially interested, or have any personal beneficial interest, either directly or indirectly, as agent, representative, or otherwise, in the purchase of, or contract for, or in furnishing any materials, equipment or supplies to the City of Raleigh, nor shall any official or employee of the City of Raleigh accept or receive, or agree to accept or receive, directly or indirectly, from any person, firm or corporation to whom any contract may be awarded or from whom any materials, equipment or supplies may be purchased by the City of Raleigh, by rebate, gift, or otherwise, any money or anything of value whatsoever, or any promise, obligation or contract for future reward or compensation, for recommending or procuring the uses of any such materials, equipment or supplies by the City of Raleigh; no member of the City Council, official or employee of the City of Raleigh shall for his own personal benefit operate, directly or indirectly, any concession in any building or on any lands of the City of Raleigh, nor shall any official or employee of the City of Raleigh bid for or be awarded any contract granting concessionary rights of any nature or kind from the City of Raleigh; it shall be unlawful for any member of the City Council, official or employee of the City of Raleigh to bid for or to purchase or to contract to purchase from the City of Raleigh any real estate, equipment, materials, or supplies of any nature or kind whatsoever, either directly or indirectly, at either public or private sale, either singly, or through or jointly with any other person.

1.12 Proposer Expenses

The City of Raleigh will not be responsible for any expenses incurred by any Proposer in the development of a response to this Request for Proposal or any other activities associated with this procurement including but not limited to any onsite (or otherwise) interviews and/or presentations, and/or supplemental information provided, submitted, or

given to City of Raleigh and/or its representatives. Further, the City of Raleigh shall reserve the right to cancel the work described herein prior to issuance and acceptance of any contractual agreement/purchase order by the recommended Proposer even if the awarding authority for each entity has formally accepted a recommendation.

Submission of any proposal indicates a Proposer's acceptance of the conditions contained in this RFP unless clearly and specifically noted otherwise on Appendix VI Exceptions to RFP and submitted with proposal. Furthermore, the City of Raleigh is not bound to accept a proposal on the basis of lowest price, and further, the City of Raleigh has the sole discretion and reserves the right to cancel this RFP, and to reject any and all proposals, to waive any and all informalities and/or irregularities and reserves the right to re-advertise this RFP with either the identical or revised scope and specifications if it is deemed to be in the best interests of the City of Raleigh to do so. The City of Raleigh reserves the right to accept or reject any or all of the items in the proposal, and to award the contract in whole or in part and/or negotiate any or all items with individual Proposers if it is deemed in the best interest of the City of Raleigh to do so. Moreover, the City of Raleigh reserves the right to make no selection if proposals are deemed to be outside the fiscal constraint or not in the best interest of the City of Raleigh.

Expectation

1- Partially Meets Expectation

2- Meets Expectation

3- Exceeds Expectation

Cost Formula: The cost criterion is rated by giving the proposal with the lowest total cost the maximum number of Cost points available. The remaining proposals are rated by applying the following formula:

A—the lowest Proposer's cost.

B—the Proposer's cost being scored.

C—the maximum number of cost points available.

D—Proposer's cost score (points).

Note: If the formula results in a negative number (which will occur when the Offeror's cost is more than twice the lowest cost), zero points shall be assigned.

3.2 Final Selection

Proposals will be evaluated and ranked according to the criteria and weighted values set forth in Section 3.1. Either a final selection for recommendation will be made at this time or the short-list of firms will be invited to participate in Stage 2 of the evaluation process. Only block (paraffin based or other types) rodenticides will be used. Pellet/pack bait formulations and packaging will not be used in/around facilities. All bait shall be placed in EPA approved tamper resistant bait boxes which can be secured to a surface.

4.3.4 Use of Bait Stations

Exterior bait stations will be installed at all facilities unless specifically excluded by the contract administrator or department designee. All bait stations will be maintained in accordance with all EPA and North Carolina Department of Agriculture and Customer Service (NCADA&CS) regulations with an emphasis on the safety of nontargeted organisms. The contractor will adhere to the following five (5) points:

- 1) All bait stations will be placed out of the general view, in locations where they will not be disturbed by routine operations.
- 2) The bait stations must be securely locked or fastened closed and be tamper resistant.

- 3) All bait stations will be securely attached or anchored to the floor, ground, wall, or other immovable surface so the station cannot be picked up or moved by unauthorized personnel.

The contractor will provide the contract administrator or department designee with a copy of the bait station record for each facility location along with instructions/tools needed to open the bait station in the event of an emergency.

4.3.6 Extension Bait Stations

Extension bait stations will be secured so as not to be affected by adverse conditions, such as wind, rain, hail, open walking traffic, etc.

4.4 Termite Control

4.4.1 Annual Inspections

The contractor will conduct termite inspections annually for each contracted facility. The contractor will also provide a written report for each inspection performed to the contract administrator or department designee.

4.4.2 Termite Treatment Plan

The general scope of work required shall include, but not limited to, the initial inspections of the accessible areas of each contracted facility, and preparation and submission of a termite treatment plan for the facility if it contains active termite colonies and/or damage.

4.4.3 Subterranean termite treatment

The contractor will create a barrier by chemically treating the soil and the base of the building in a manner which prevents any termites from entering the building in accordance with state and local regulations.

4.4.4 Treatment Warranty

Each treated facility or related structure will be guaranteed for a period of one (1) year against further infestations or damage from subterranean termites following the application of the initial treatment and any subsequent treatment. Any and all new

subsequent damage to the building caused by subterranean termites during the one (1) year warranty period will be repaired at the contractor's expense.

4.5 Pesticides

The contractor will be responsible for the application of pesticides according to the manufacturer's instructions. All pesticides used by the contractor must be registered with the Environmental Protection Agency (EPA) or be EPA exempt and registered with the NCDA&CS. Transport, handling, and use of all pesticides will be in strict accordance with manufacturer's instructions and all applicable Federal, state, and local laws and regulations. The contractor will adhere to the following rules for pesticide use.

4.5.1 Minimize Risk

The contractor will minimize risk whenever pesticides are deemed necessary.
