2.7 NOTICE TO VENDORS REGARDING TERMS AND CONDITIONS

It shall be the Vendor's responsibility to read the Instructions, the University's terms and conditions, all relevant exhibits and attachments, and any other components made a part of this IFB, and comply with all requirements and specifications herein. Vendors also are responsible for obtaining and complying with all Addenda and other changes that may be issued in connection with this IFB.

If Vendors have questions, issues, or exceptions regarding any term, condition, instruction or other component within this IFB, those must be submitted as questions in accordance with Section 2.4 BID QUESTIONS. If the University determines that any changes will be made as a result of the points raised, then such decisions will be communicated in the form of an IFB addendum. The University may also elect to leave open the possibility for later negotiation of specific components of the contract that have been addressed during the question and answer period. Other than through this process, the University will reject and shall not be required to evaluate or consider any additional or modified terms and conditions or Instructions to Bidder submitted with Vendor's response. This applies to any language appearing in or attached to the document as part of the Vendor's response that purports to vary any terms and conditions or Vendors' instructions herein or to render the bid non-binding or subject to further negotiation. By execution and delivery of a bid in response to this Invitation for Bids, Vendor agrees that any additional or modified terms and conditions, including Instructions to Bidders, whether submitted purposely or inadvertently, or any purported condition to the offer shall have no force or effect, and will be disregarded. Noncompliance with, or any attempt to alter or delete, this paragraph shall constitute sufficient grounds to reject Vendor's bid as nonresponsive.

If a Vendor desires modification of the terms and conditions of this solicitation, it is urged and cautioned to inquire during the question period, in accordance with the instructions in Section 2.4 BID QUESTIONS, about whether a specific, proposed modification is acceptable to or will be considered by the University. Identification of objections or exceptions to the University's terms and conditions in the bid itself shall not be allowed and shall be disregarded or the bid rejected. By executing and submitting its bid in response to this IFB, Vendor understands and agrees that the University may exercise its discretion not to consider any and all proposed modifications a Vendor may request.

3.0 METHOD OF AWARD AND BID EVALUATION PROCESS

3.1 METHOD OF AWARD

The University may obtain bids from one or more potential vendors. All bids will be evaluated and award will be based *on lowest responsive bid meeting specifications*

While the intent of this IFB is to award a contract to single vendor for all line items, the University reserves the right to make separate awards to different Vendors for one or more line items, to not award one or more line items or to cancel this IFB in its entirety without awarding a contract, if it is considered to be most advantageous to the University to do so.

If a Vendor selected for award is determined by the University to be a non-resident of North Carolina, all responsive bids will be reviewed to determine if any of them were submitted by a North Carolina resident Vendor who requested an opportunity to match the price of the winning bid, pursuant to Executive Order #50 and G.S. 143-59 (for more information, please refer to ATTACHMENT C: DESCRIPTION OF EXECUTIVE ORDER #50 AND CERTIFICATION. If such bid(s) are identified, the University will then determine whether any such bid falls within the price-match range, and, if so, make a contract award in accordance with the process that implements G.S. 143-59 and Executive Order #50.

3.2 BID EVALUATION PROCESS

1. Bids are requested for the items as specified, or item(s) equivalent in design, function and performance. The University reserves the right to reject any bid on the basis of fit, form and function as well as cost. All information furnished on this bid may be used as a factor in determining the award of this contract.
2. At that date and time specified as the bid opening, the package containing the bids from each responding firm will be opened publicly and the name of the Vendor and the price(s) bid announced.
3. The University shall review all Vendor responses to this IFB to confirm that they meet the specifications and requirements of the IFB. The University reserves the right to waive any minor informality or technicality in bids received.
4. For all responses that pass the initial review process, the University will review and assess the Vendors' pricing. The University may request additional formal responses or submissions from any or all Vendors for the purpose of clarification or to amplify the materials presented in any part of the bid. Vendors are cautioned, however, that the University is not required to request clarification, and often does not. Therefore, all bids should be complete and reflect the most favorable terms available from the Vendor. Prices bid cannot be altered or modified as part of a clarification.
5. Bids will be evaluated, based on the award criteria identified in Section 3.1 METHOD OF AWARD.

Upon completion of all evaluations, the University will make award(s) based on the evaluation and post the award(s) to IPS under the IFB number for this solicitation. Award of a contract to one Vendor does not mean that the other bids lacked merit, but that, all factors considered, the selected bid was deemed most advantageous and represented the best value to the University. Vendors are cautioned that this is an invitation for bids, not a request or an offer to contract, and the University reserves the unqualified right to reject any and all offers at any time if such rejection is deemed to be in the best interest of the University.

4.0 REQUIREMENTS

This Section lists the requirements related to this IFB. By submitting a bid the Vendor agrees to meet all stated requirements in this Section as well as any other specifications, requirements and terms and conditions stated in this IFB. If a Vendor is unclear about a requirement or specification or believes a change to a requirement would allow for the University to receive a better bid, the Vendor is urged and cautioned to submit these items in the form of a question during the question and answer period in accordance with Section 2.4.

4.1 PRICING

Any and all revisions to this document shall be made only by written addendum from the University's Procurement Services. The Bidder is cautioned that the requirements of this bid can be altered only by written addendum and that verbal communications from whatever source are of no effect.
14. **REFERENCES:** The University reserves the right to require a list of users of the exact item offered. The University may contact these users concerning these items. Such information may be considered in the evaluation of the bid.
15. **HISTORICALLY UNDERUTILIZED BUSINESSES:** Pursuant to General Statute 143-48 and Executive Order 150 (1999), the University invites and encourages participation in this procurement process by businesses owned by minorities, women, disabled business enterprises and non-profit work centers for the blind and severely disabled.
16. **AWARD OF CONTRACT:** Qualified bids will be evaluated and acceptance made of the lowest and best bid most advantageous to the University as determined upon consideration of such factors as: prices offered; the quality of the articles offered; the general reputation and performance capabilities of the Bidders; the substantial conformity with the specifications and other conditions set forth in the bid; the suitability of the articles for the intended use; the related services needed; the date or dates of delivery and performance; and such other factors deemed by the University to be pertinent or peculiar to the purchase in question. The University reserves the right to reject any and all bids, to waive any informality in bids and, unless otherwise specified by the Bidder, to accept any item in the bid. Unless otherwise specified by the University or the Bidder, the University reserves the right to accept any item or group of items on a multi-item bid. If either a unit price or extended price is obviously in error and the other is obviously correct, the incorrect price will be disregarded.
17. **CONFIDENTIAL INFORMATION:** To the extent permitted by applicable statutes and rules, the University will maintain confidential trade secrets that the Bidder does not wish disclosed. As a condition to confidential treatment, each page containing trade secret information shall be identified in boldface at the top and bottom as "CONFIDENTIAL" by the Bidder, with specific trade secret information enclosed in boxes or similar indication. Cost information shall not be deemed confidential under any circumstances. Regardless of what a Bidder may label as a trade secret, the determination whether it is or is not entitled to protection will be determined in accordance with G.S. 132-1.2. Any material labeled as confidential constitutes a representation by the Bidder that it has made a reasonable effort in good faith to determine that such material is, in fact, a trade secret under G.S. 132-1.2. Bidders are urged and cautioned to limit the marking of information as a trade secret or as confidential so far as is possible. The obligations of non-disclosure shall not apply to the following:
- Information which, at the time of disclosure is in the public knowledge;
 - Information which, after disclosure becomes part of the public knowledge by publication or otherwise, except by breach of this agreement;

 - Information which is independently developed by the University's personnel not privy to the information.
18. **TAXES:** Except for construction bids, taxes shall not be included in bid prices. 22. **PROTEST PROCEDURES:** A party wanting to protest a contract award pursuant to this solicitation must submit a written request to the Associate Vice Chancellor for Finance at the address given in the instruction above entitled "Mailing Instructions." This request must be received in the University Procurement Services within thirty (30) consecutive calendar days from the date of contract award, and must contain specific sound reasons and any supporting documentation for the protest. Note: Contract award notices are sent only to those actually awarded contracts and not to every person or firm responding to the solicitation. Offerors may call the purchaser listed on the first page of this document to obtain verbal status of contract award. All protests will be handled pursuant to the North Carolina Administrative Code, Title 1, Department of Administration, Chapter 5, Purchase and Contract, Section 5B.1519.

If a ground of a protest is based on a challenge to the qualification of a North Carolina resident Bidder awarded a contract pursuant to Executive Order #50 (price-matching preference), the Associate Vice Chancellor for Finance may request the North Carolina resident Bidder to produce documentation substantiating the North Carolina resident Bidder's qualification for the subject preference. The Associate Vice Chancellor for Finance should request the supporting documentation within the 10-day period he or she has to make the decision on whether to deny or grant a protest meeting and the protest meeting should be scheduled after the anticipated receipt of the documents from the North Carolina resident Bidder. Pursuant to Paragraph 23 below, the North Carolina resident Bidder is required to produce to the University the requested documentation within five (5) business days of the University's request and failure to produce the documents by the end of that time period may result in the cancellation of the contract. Also note that any tax, financial, accounting or banking documents the North Carolina resident Bidder submits to the University in connection with the resolution of a protest shall not be disclosed to the protester pursuant to G.S. § 132-1.1 and 105-259(b) and the University shall preserve the confidentiality of such documents.

23. **CONFIDENTIALITY OF BIDS:** In submitting its bid, the Bidder agrees not to discuss or otherwise reveal the contents of its bid to any source outside of the using or issuing agency, government or private, until after the award of the contract. All Bidders are advised that they are not to have any communications with the using or issuing agency during the evaluation of the bids (i.e., after the public opening of the bids and before the award of the contract), unless the University's purchaser contacts the Bidder(s) for purposes of seeking clarification. A Bidder shall not: transmit to the issuing and/or using agency any information commenting on the ability or qualifications of any other Bidder to provide the advertised good, equipment, commodity; defects, errors and/or omissions in any other Bidder's bid and/or prices at any time during the procurement process; and/or engage in any other communication or conduct attempting to influence the evaluation and/or award of the contract that is the subject of this IFB. Bidders not in compliance with this provision may be disqualified, at the option of the University, from the contract award. Only those communications with the using agency or issuing agency authorized by this IFB are permitted.
24. **MISCELLANEOUS:** Masculine pronouns shall be read to include feminine pronouns, and the singular of any word or phrase shall be read to include the plural and vice versa.
25. **INFORMAL COMMENTS:** The University shall not be bound by informal explanations, instructions or information given at any time by anyone on behalf of the University during the competitive process or after award. The University is bound only by information provided in this IFB and in formal Addenda issued.
26. **COST FOR QUOTE PREPARATION:** Any costs incurred by Bidder in preparing or submitting quotes are the Bidder's sole responsibility; the University will not reimburse any Bidder for any costs incurred prior to award.
27. **BIDDER'S REPRESENTATIVE:** Each Bidder shall submit with its quote the name, address, and telephone number of the person(s) with authority to bind the firm and answer questions or provide clarification concerning the firm's quote.
28. **INSPECTION AT BIDDER'S SITE:** The University reserves the right to inspect, at a reasonable time, the equipment/item, plant or other facilities of a prospective Bidder prior to Contract award, and during the Contract term as necessary for the University determination that such equipment/item, plant or other facilities conform with the specifications/requirements and are adequate and suitable for the proper and effective performance of the Contract.

ATTACHMENT C: DESCRIPTION OF EXECUTIVE ORDER #50 AND CERTIFICATION
NORTH CAROLINA RESIDENT VENDORS TAKE NOTE:

Pursuant to North Carolina General Statute §143-59 and Executive Order No. 50 (issued February 17, 2010, entitled "Enhanced Purchasing Opportunities for North Carolina Businesses"), a North Carolina resident Vendor may receive an opportunity to obtain an award by agreeing to match the final price(s) of the lowest Vendor on a contract for the purchase of goods, **if** that lowest price is offered by a non-North Carolina resident Vendor. This opportunity arises when a North Carolina resident Vendor offers a price that is the lowest among all bids by qualified in-State resident Vendors and also is within five percent (5%) or \$10,000 (whichever is less) of the non-resident Vendor's overall lowest price. This price-match opportunity applies to a contract awarded under this solicitation.

G.S. §143-59(c) (1) defines a "resident Vendor" as a "Vendor that has paid unemployment taxes or income taxes in this State **and** whose principal place of business is located in this State." All other Vendors are considered to be non-resident Vendors. G.S. §143-59(c)(3) defines a "principal place of business" as the "principal place from which the trade or business of the Vendor is directed or managed." This refers to overall operations for the entire business entity, not merely a division or office location.

In order to qualify for this preference, a resident Vendor shall: (1) request the price-match opportunity by marking the appropriate checkbox, below; (2) provide all information requested; and (3) complete and sign the "Resident Vendor's Certification for Price-Matching Preference under Executive Order #50" (hereinafter the "Certification") included at the end of this Section. The Certification may not be submitted after the public opening of the bids. By executing the Certification, the Vendor affirms that the information provided is accurate and agrees to provide any additional information or documentation requested by the University to confirm the above certifications and statements within five (5) business days of request (including but not limited to income tax or unemployment tax returns, reports and/or filings (annual and/or quarterly); banking statements or financial/accounting statements reflecting Vendor's payment of income taxes or unemployment taxes to the State of North Carolina and such other information regarding Vendor's management or directors of its business or trade of its principal place of business).

Requesting a price-match opportunity below does not require any resident Vendor to match the lowest price in the event a Vendor qualifies for receiving the opportunity.

The University will evaluate the bids in accordance with the award criteria stated in this IFB to determine the lowest Vendor meeting the requirements of the IFB without regard to any Vendor's residency. If the Vendor with the lowest price is a North Carolina resident Vendor, then no consideration of the price-matching procedure is necessary. If the lowest bid by a Vendor meeting all requirements was submitted by a non-resident Vendor and there are no North Carolina resident Vendors that submitted a price bid that was within 5% or \$10,000 of the non-resident Vendor's price, then none of the North Carolina resident Vendors qualify for the price-matching preference and no review of a resident Vendor's Certification is required.

If the lowest price bid by a Vendor meeting requirements was submitted by a non-resident Vendor and there are one or more North Carolina resident Vendors that submitted a price bid that was within 5% or \$10,000 of the non-resident Vendor's price, then the University will determine if the Vendor has requested a price-matching opportunity, review the Certification(s) of the resident Vendor(s) to determine whether the resident Vendors have properly executed the Certification and ensure that the information and documentation provided in or with the Certification or otherwise submitted to the University supports the resident Vendor(s) qualification to exercise the price-match opportunity. The University may seek clarification of the Certification and/or information in a resident Vendor's Certification and request additional information and documentation, if needed. If any resident Vendor's award is challenged in a bid protest, based on the accuracy of that Vendor's claim of qualification for the price-matching, the resident Vendor shall provide additional information and/or documents to the University within five (5) business days of receiving a request from the University for such information and/or documentation, or its award shall be subject to cancellation.

Pursuant to G.S. §132-1.1, §105-259(b) and Paragraph 13 of the Instructions to Bidders, the University is prohibited from making public disclosure of the Vendor's tax information and documents submitted (subject to those exceptions set out in G.S. §105-259 (b)) and the University shall preserve the confidentiality of the tax information and/or documents received in response to a request for clarification or to resolve a bid protest challenging a resident Vendor's qualification for the price-matching preference in accordance with applicable law. In order to further preserve the confidentiality of any Vendor's tax information and documentation provided to the University, the Vendor shall comply with Paragraph 12 of the Instructions to Bidders and mark "CONFIDENTIAL" at the top and bottom of each page of such information and documentation. After review of all relevant material, the University shall include in its recommendation for award a finding that the North Carolina resident Vendor(s) is or is not qualified for the price-matching opportunity.

If more than one North Carolina resident Vendor qualifies for the price-matching opportunity, then the University will prioritize the qualified North Carolina resident Vendors according to the prices bid, from lowest to highest, so that the qualified North Carolina resident Vendor that submitted the lowest bid receives the first opportunity to match the bid price of the lowest non-resident Vendor that met all IFB requirements. If the lowest qualified North Carolina resident Vendor that met all IFB

requirements declines to accept contract award, then the contract will be offered to the next lowest qualified North Carolina resident Vendor meeting all IFB requirements and continue in this manner until either a qualified North Carolina resident Vendor accepts the contract award or the award is made to a non-resident Vendor if no qualified North Carolina resident Vendor agrees to match the lowest price bid.

If two resident Vendors qualify for the price-matching opportunity, and both score the same on price, then the University may: (1) consider the information provided in those Vendors' Certifications or publicly available information to determine with which Vendor the contract award would have a greater impact of stimulating or sustaining the North Carolina economy and/or is most likely to create or save jobs (e.g., if the choice is between a resident broker and a resident manufacturer of the subject goods, then the contract will be awarded to the resident manufacturer); (2) consider the unemployment rates in the municipality or county where each Vendor's principal place of business is located; (3) seek clarification from the Vendors to ascertain the impact on their respective businesses if offered the award of the contract; or (4) utilize any other approved method of deciding between equal bids.

If a resident Vendor requests and qualifies for the price-matching preference, the resident Vendor will be notified of its opportunity to agree to match the lowest price and receive contract award, and it will have two (2) business days from the date and time of such notification to indicate its response, either agreeing or declining to match the lowest responsible non-resident Vendor's price and receive the contract award based on that price match. If the IFB requests bids on alternative configurations or components, then the price match shall apply to the actual alternative chosen by the University.

If at any time during or after the procurement process (including but not limited to clarifications and resolution of bid protests) the University determines that: any certifications or information in the Certification is false, substantially inaccurate, materially misleading or that the Vendor failed to provide, within the specified time period, any additional information requested, then the University may:

- (1) Cancel any award, contract and/or purchase order that was awarded to such Vendor based on the price-matching preference, and the resident Vendor shall be liable for all costs incurred as a result of the cancellation, including any increased costs the University may incur as a result of awarding the contract to another Vendor;
- (2) Bar the Vendor from all price-matching opportunities in future University procurements for a period of time not to exceed three (3) years, exclusive of any debarment period;
- (3) Take action against the Vendor under the False Claims Act, G.S. §1-605 through §1-617, inclusive, for submitting a false Certification for the price-matching preference under Executive Order #50 (including but not limited to treble damages and civil penalties); and/or
- (4) Debar Vendor from doing business with the State of North Carolina for a period of time not to exceed three years, as determined by the University. Any such debarment period shall not begin to run until all damages, costs and penalties as may be assessed against such Vendor have been fully paid.
