1 INTRODUCTION

1.1 Purpose

The City of Raleigh (COR) is soliciting proposals from one or more firm(s) with which to contract for the following services:

The Raleigh Police Department seeks to procure software tools that can handle two types of functions:

- 1) a comprehensive link analysis platform that enables users to integrate, analyze, and act on complex data relationships effectively. The platform should facilitate enhanced decision-making and collaboration while adhering to stringent security and compliance requirements.
- 2) a software application designed to manage the recruitment, handling, compensation, and oversight of informants within a law enforcement agency.

Proposers may submit a response for either one of the functions above, or for both functions if they are able.

A detailed scope of services is provided in Section 4 of this document.

All information related to this solicitation, including any addenda, will be posted to the North Carolina electronic Vendor Portal (eVP) at <https://evp.nc.gov/>.

All questions related to this solicitation must be submitted in writing (via email) to the following individual:

1.2 Background

The City of Raleigh, the Capital City of North Carolina, remains one of the fastest-growing areas in the country. An excellent economy, top educational institutions, and exceptional healthcare facilities are some of the characteristics that attract people to the Triangle area. The mild climate, diverse workforce, and proximity to Research Triangle Park make Raleigh a great place to live.

Raleigh is a 21st Century City of Innovation focusing on environmental, cultural, and economic sustainability. The city conserves and protects our environmental resources through best practices, cutting-edge conservation and stewardship, land use, infrastructure, and building technologies. The City welcomes growth and diversity through policies and programs that will protect and enhance Raleigh's existing neighborhoods, natural amenities, history, and cultural and human resources for future generations. The City leads to improved quality of life for neighborhoods and the standard of living for all citizens. The City works with universities, colleges, citizens, and local partners to promote new technology, create new job opportunities, and encourage

local businesses and entrepreneurs. The City enlists and prepares 21st Century staff with the skill sets to carry out the duties of the City through transparent civic engagement and by providing the very best customer service to our citizens.

Intelligence information is siloed in different databases, making link analysis with available details difficult. This project aims to find a link analysis program that will access information from disparate databases and bring it together for intelligence analysis. The project also seeks to find a confidential informant management system. The project's two goals may be one software product or two different products.

By responding to this solicitation, the firm certifies that it has not and will not pay any person or firm to influence or attempt to influence an officer or employee of the City or the State of North Carolina, or any elected official in connection with obtaining a contract as a result of this RFP.

1.11 Conflicts of Interest

City of Raleigh contracts are controlled by three conflict of interest provisions.

First, federal procurement standards provide in 2 CFR 200.318 (c)(1),

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or a firm which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the non-Federal entity may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.

Similarly, the North Carolina General Statutes provides a *criminal* statute for conflicts of interest in public contracting. N.C.G.S. § 14-234(a):

(1) No public officer or employee who is involved in making or administering a contract on behalf of a public agency may derive a direct benefit from the contract except as provided in this section, or as otherwise allowed by law. (2) A public officer or employee who will derive a direct benefit from a contract with the public agency he or she serves, but who is not involved in making or administering the contract, shall not attempt to influence any other person who is involved in making or administering the contract. (3) No public officer or employee may solicit or receive any gift, favor, reward, service, or promise of reward, including a promise of future employment, in exchange for recommending, influencing, or attempting to influence the award of a contract by the public agency he or she serves.

City of Raleigh Charter Section 3.9 regulates private transactions between the City and its officials and employees. The Charter states:

No member of the City Council, official, or employee of the City of Raleigh shall be financially interested, or have any personal beneficial interest, either directly or indirectly, as agent, representative, or otherwise, in the purchase of, or contract for, or in furnishing any materials, equipment or supplies to the City of Raleigh, nor shall any official or employee of the City of Raleigh accept or receive, or agree to accept or receive, directly or indirectly, from any person, firm or corporation to whom any contract

may be awarded or from whom any materials, equipment or supplies may be purchased by the City of Raleigh, by rebate, gift, or otherwise, any money or anything of value whatsoever, or any promise, obligation or contract for future reward or compensation, for recommending or procuring the uses of any such materials, equipment or supplies by the City of Raleigh; no member of the City Council, official or employee of the City of Raleigh shall for his own personal benefit operate, directly or indirectly, any concession in any building or on any lands of the City of Raleigh, nor shall any official or employee of the City of Raleigh bid for or be awarded any contract granting concessionary rights of any nature or kind from the City of Raleigh; it shall be unlawful for any member of the City Council, official or employee of the City of Raleigh to bid for or to purchase or to contract to purchase from the City of Raleigh any real estate, equipment, materials, or supplies of any nature or kind whatsoever, either directly or indirectly, at either public or private sale, either singly, or through or jointly with any other person.

1.12 Proposer Expenses

The City of Raleigh will not be responsible for any expenses incurred by any Proposer in the development of a response to this Request for Proposal or any other activities associated with this procurement including but not limited to any onsite (or otherwise) interviews and/or presentations, and/or supplemental information provided, submitted, or given to City of Raleigh and/or its representatives. Further, the City of Raleigh shall reserve the right to cancel the work described herein prior to issuance and acceptance of any contractual agreement/purchase order by the recommended Proposer even if the awarding authority for each entity has formally accepted a recommendation.

1.13 Proposer Acceptance

Submission of any proposal indicates a Proposer's acceptance of the conditions contained in this RFP unless clearly and specifically noted otherwise on Appendix VI Exceptions to RFP and submitted with proposal. Furthermore, the City of Raleigh is not bound to accept a proposal on the basis of lowest price, and further, the City of Raleigh has the sole discretion and reserves the right to cancel this RFP, and to reject any and all proposals, to waive any and all informalities and/or irregularities and reserves the right to re-advertise this RFP with either the identical or revised scope and specifications if it is deemed to be in the best interests of the City of Raleigh to do so. The City of Raleigh reserves the right to accept or reject any or all of the items in the proposal, and to award the contract in whole or in part and/or negotiate any or all items with individual Proposers if it is deemed in the best interest of the City of Raleigh to do so. Moreover, the City of Raleigh reserves the right to make no selection if proposals are deemed to be outside the fiscal constraint or not in the best interest of the City of Raleigh.

3 PROPOSAL EVALUATION

3.1 Proposal Evaluation Criteria (Stage 1)

This is not a bid. There will not be a public opening. The Proposals received in response to this RFP will be evaluated and ranked, by the Proposal Evaluation Committee in accordance with the process and evaluation criteria contained below. Responses will be evaluated in light of the material and substantiating evidence presented in the response, and not on the basis of what is inferred. After thoroughly reading and reviewing this RFP, each Evaluation committee member shall conduct his or her independent evaluation of the proposals received and grade the responses on their merit in accordance with the evaluation criteria set forth in the following table.

The maximum interview/demonstration points a Proposer can receive is five (5) points. The Proposers selected for interviews/demonstrations under this section will be notified in writing of the date and time. The Proposers' interview/demonstrations shall be based solely upon information provided in each Proposer's original proposal. No new information may be presented.

Criteria	(a) Weight	(b) Score (0-3)	(a) x (b) Weighted Score
Corporate Background and Experience	10		
Firm Financial Stability	20		
Project Understanding	20		
Project Approach	20		
Team Firm Experience	10		
Proposed Cost	15		
Total Score (without Interview/Demonstrations)			

Interview/Demonstration (if applicable)	5		
Final Score (with Interview/Demonstrations)			

Score Points

0- Missing or Does Not Meet

Expectation

1- Partially Meets Expectation

2- Meets Expectation

3- Exceeds Expectation

Cost Formula: The cost criterion is rated by giving the proposal with the lowest total cost the maximum number of Cost points available. The remaining proposals are rated by applying the following formula:

$$1 - \frac{B - A}{A} \times C = D$$

A—the lowest Proposer's cost.

B—the Proposer's cost being scored.

C—the maximum number of cost points available.

D—Proposer's cost score (points).

Note: If the formula results in a negative number (which will occur when the Offeror's cost is more than twice the lowest cost), zero points shall be assigned.

3.2 Interview/Demonstration (Stage 2)

A short-list of firms may be invited to Stage 2 of the evaluation process, the *Interview/Demonstration*. Interview/demonstrations are an important aspect of the evaluation process that offers the City an opportunity to see how the proposer's solution meets the critical components of the RFP.

3.3 Final Selection

Proposals will be evaluated and ranked according to the criteria and weighted values set forth in Section 3.1. Either a final selection for recommendation will be made at this time or the short-list of firms will be invited to participate in Stage 2 of the evaluation process. If Stage 2 is implemented, each firm will be evaluated and assigned a score to determine the best firm for recommendation.

After which negotiations of a contract with the most qualified firm will commence. If negotiations are unsuccessful, the City will then pursue negotiations with the next most qualified firm. All Proposers will be notified of their standing immediately following the City's decision.

The City shall not be bound or in any way obligated until both parties have executed a contract. The City also reserves the right to delay the award of a contract or to not award a contract.

3.4 Notice to Proposers Regarding RFP Terms and Conditions

It shall be the Proposer's responsibility to read the Instructions, the City's Standard Contract Terms and Conditions (Appendix V), all relevant exhibits, attachments, and any

other components made a part of this RFP and comply with all requirements and specifications herein. Proposers are also responsible for obtaining and complying with all Addenda and other changes that may be issued in connection with this RFP.

3.5 Contract Term

The contract awarded from this RFP shall be effective upon the date of the City's signature (the "Effective Date") and remain effective until the work is completed. In performing the services described in this Contract, it is mutually agreed that time is of the essence. The Contract shall have an initial term of 3 years, beginning on the Effective Date through and including three years.

Prior to the expiration of the initial term or any subsequent renewal terms, the City shall have the option, in its sole discretion, to renew the Contract on the same terms and conditions as are set forth herein for up to a total of two additional one-year terms, for a maximum contract term not to exceed five (5) years. The City shall exercise each such renewal option no later than 30 days before the end of the Contract's then-current term.

The parties acknowledge and agree that a written notice exercising one of the City's renewal options that is sent to the Contractor as an attachment to an e-mail (for example, as a PDF of a letter sent as an attachment to an e-mail), and which written notice does not contain an original, wet signature or a digital signature, shall nonetheless have the same force and effect as if such written notice contained an original, wet signature or digital signature.

Once the City has decided to exercise a renewal option as provided in this Section, the City hereby authorizes the director of the City department that is responsible for administering this Contract on behalf of the City to execute on behalf of the City the written notice to Contractor that so exercises one of the City's renewal option(s), and the Contractor shall accept such written notice as the City's exercise of the applicable renewal option. Notwithstanding anything herein to the contrary, for purposes of providing written notice of the City's exercise of a renewal option as set forth herein, the parties acknowledge and agree that the City shall submit such written notice to Contractor by e-mail, to the attention of the Contractor representative specified in Section 4 below, "Notices".

The Contractor shall be responsible for immediately notifying the City in writing of any changes to its contact information in Section 5, "Notices". The City's inability to deliver to Contractor written notice of the City's exercise of a renewal option because Contractor has failed to keep the City informed of any changes to its contact information in Section 5, shall not negate the effectiveness or validity of the City's exercise of any such renewal option if written notice of the same has been timely submitted by the City to the last-known email address that the City has for the Contractor's representative pursuant to Section 5.

3.6 Federal Funding Requirements

The services and materials to be provided under this contract will be financed in whole or in part with Federal funding. As such, Federal laws, regulations, policies, and related administrative practices apply to this contract. The most recent of such Federal requirements, including any amendments made after the execution of this contract shall govern this contract, unless the Federal Government determines otherwise. The

Federal provisions and requirements identified in Appendix VI (Federal Provisions and Requirements) may be applicable to this contract. The awarded contractor is responsible for complying with all applicable provisions and requirements.

4 SCOPE OF SERVICES

Awarded Contractor shall provide services, all as set forth in this RFP and more particularly described in this Section 4.

-

Deliverables

- Fully functional link analysis platform with all specified features.
- Integration with existing systems and data sources identified during implementation planning.
- Comprehensive user training materials and sessions for end-users and administrators.
- Initial onboarding support and technical support for six months post-launch.
- Documentation for ongoing maintenance, updates, and system configurations.

Confidential Informant Management

The Confidential Informant (CI) management system must be able to account for and track payments made to informants. It should allow for audits of accounting activity, track CI activities, and provide status descriptions for each informant. The program should also include automated alerts and strict access controls to ensure that unauthorized personnel cannot access confidential information.

Data Integration

The platform must:

- Provide a robust and secure environment for documenting and managing informant-related activities, ensuring the utmost protection of sensitive data.
- Automate and standardize informant recruitment, approval, and operations processes, relieving officers of manual work and minimizing the risk of errors.
- Ensure confidentiality, integrity, and availability of all data related to informants through advanced security features.
- Enable comprehensive auditing and reporting functionalities to ensure accountability and meet regulatory compliance requirements.

Essential Requirements

The platform must be designed to conduct the following:

Recruitment and Approval Module

- Allow officers to input and submit potential informant information for screening, ensuring thorough background checks.
- Include workflows for supervisory review and approval of informants.
- Store required documentation in a centralized, secure database, ensuring that only authorized personnel have access.
