Design Team Responses to Bidder Questions:

1. QUESTION: “Would like it confirmed that this is a “Capital Improvement Project” which requires taxes to be applied to both labor and materials.”

RESPONSE: The Owner will not be completing Form E-589CI. Bidders shall include sales tax on all services and labor in their bid.

2. QUESTION: “Regarding the security cameras, in Bid Alternate 1B it appears to say that the base bid has the security cameras included. However on Alternate 2 it says to just provide wiring and power to support the installation of the cameras. Can you please clarify? Also, are there any specifications on the type of cameras you want installed as well as the preferred brand?”

RESPONSE: In regards to the security camera system, the Base Bid shall include wiring and power from machine room to elevator cabs such that the security cameras could be installed now or in the future. Bid Alternate 2 is to provide security cameras in the four elevator cabs. These can be any security camera system that meets the performance specifications. Bid Alternate 1B is for the Owner Preferred Brand security camera system.

3. QUESTION: “Specification Section 000600 – 1 – 2 – Time of Completion (Page 59): Per our review of the project manual and site conditions, the 347 calendar days for time of completion is not sufficient to perform the specified elevator modernization scope of work. An adequate time of completion is still unknown as we are still working to evaluate lead times and installation durations. Would it be acceptable for bidders to provide their best possible proposed schedule as part of their bid?”

RESPONSE: See revised Section 000600 SUPPLEMENTARY GENERAL CONDITIONS.

4. QUESTION: “Specification Section 000600 – 1 – 2 – Accommodating Museum Operations (Page 59): I understand that the freight elevator is heavily relied upon for changing out Museum exhibits. Based on the freight elevator’s specified scope of work, the freight elevator will be out of service for a relatively significant period of time. Could you provide additional information regarding the days in which it will be critical for the Museum to have the freight elevator in operation?”

RESPONSE: See revised Section 000600 SUPPLEMENTARY GENERAL CONDITIONS.

5. **QUESTION:** "Specification Section 011000 – 3 – 1.9.B (Page 85): Can working hours of 6:00am to 4:30pm be accommodated?"

RESPONSE: Onsite work hours can be adjusted upon notification to and coordination with the Owner.

6. **QUESTION:** "Specification Section 142100 – 5 – 1.7.A (Page 199): In regard to all (4) elevators, are interim maintenance (from notice to proceed to final acceptance of last elevator) costs to be included within the elevator modernization pricing or will these costs be handled under a separate maintenance agreement?"

RESPONSE: The interim maintenance cost are to be included in the base bid.

7. **QUESTION:** "Specification Section 142100 – 6 – 1.7.B (Page 200): In regard to all (4) elevators, are warranty maintenance (12-month period starting upon final acceptance of last elevator) costs to be included within the elevator modernization pricing or will these costs be handled under a separate maintenance agreement?"

RESPONSE: All costs associated with the 12-month warranty maintenance period (starting upon final acceptance of last elevator) are to be included in the base bid.

8. **QUESTION:** "Specification Section 142100 – 9 – 1.11.C (Page 203): In regard to elevator equipment that will be removed for replacement but retained by Owner, will this equipment be delivered by the Elevator Contractor to an area within the NC Museum of Natural Science building or to a remote location? If to a remote location, please provide the location address?"

RESPONSE: For purposes of bidding, please assume the existing elevator equipment to be retain by the Owner will be removed and placed on the loading dock at the NC Museum of Natural Science building. The cost of delivery to a remote location, if required, will be considered a change in scope.

9. **QUESTION:** "Specification Section 142100 – 10 – 2.2.A.2.g (Page 204): Please confirm that hoistway door transom panels are to be new? Unless there is a specific reason that these have been specified to be replaced, our recommendation is to retain the existing as the entrance frames are being retained and the finish of the new hoistway door transom panels may not be an exact match to the existing entrance frames."

RESPONSE: The design intent is to replace the transom panels, such that they will match the finish of the new doors, not the existing entrance frames.

10. **QUESTION:** "Specification Section 142100 – 13 – 2.4.H (Page 207): In regard to the (2) traction passenger elevators, the specification states to provide new deflector sheaves but does not make reference to the existing overhead sheaves. Are new overhead sheaves to be provided?"

RESPONSE: Yes.

11. **QUESTION:** "In regard to the (1) traction freight elevator, the specification states to provide new deflector sheaves but does not make reference to the existing car sheaves, counterweight sheave, and overhead sheaves. Are new car sheaves, counterweight sheave, and overhead sheaves to be provided?"

RESPONSE: Yes.

12. **QUESTION:** "Specification Section 142100 – 21 – 2.29.J (Page 215): Due to the travel of the traction passenger elevators and traction freight elevator, a Local Communications Panel will be required. Is it acceptable for this Local Communications Panel to be installed in each elevator machine room or is there an alternate/remote location that is preferred?"

RESPONSE: Elevator machine room.

13. QUESTION: "Specification Section 142113 – 17 – 2.22 (Page 237): In regard to the freight elevator, can slide guides be provided in lieu of roller guides? Roller guides are not suitable for the duty of this elevator."

RESPONSE: Yes.

14. QUESTION: "Specification Section 142113 – 19 – 2.28.F (Page 239): In regard to the freight elevator, please confirm if car traveling lanterns are required as these are not typically provided in a freight elevator cab"
