Address: 720 Corporate Center Dr. Raleigh, NC 27607

Date of Addendum: January 13, 2025

This Addendum is hereby made a part of the contract documents and specifications of the referenced project. Your attention is directed to the following additions, deletions, and/or clarifications to the Contract Documents. All other requirements of the original specifications and drawings shall remain in effect in their respective order.

Acknowledgement of this Addendum shall be noted on the Bid Form (Section 00410, Article 3.01A). Failure to do so may disqualify the Bidder.

NOTICE TO BIDDERS:

This addendum clarifies the Town of Wake Forest's position on the Traffic Control Plan to aid prospective bidders in preparing a unit price for this item. Please refer below for clarification.

TRAFFIC CONTROL PLAN CLARIFICATION:

The Town is now aligned on their approach to lane and road closures within Town limits. While such closures are common, the Town aims to minimize extended, complete shutdowns on major roads whenever possible. However, the Town understands that closures may occasionally be necessary to complete essential work.

Please note that any planned road closures will require an approved detour plan to ensure effective communication with the public, including schools, public safety, transportation services, and other stakeholders.

The Town is committed to supporting quicker installations to restore traffic flow as promptly as possible. For prospective bidder reference, here is the link to the form the Town utilizes for lane closures:
