BID ADDENDUM UPDATE

BID Number: 251-24-243

COMMODITY/SERVICE:

PRESSURE WASHING AND WINDOW CLEANING

ADDENDUM NAME:

ADDENDUM NUMBER: QA-1

QUESTION-ANSWER

BUYER: Jim Jaeger

RFP DUE DATE/TIME:

October 13, 2023 2:00 pm ET

INSTRUCTIONS: ADDENDUM INCLUDES WCPSS RESPONSES TO VENDOR RFP QUESTIONS

WITH THE POSTING OF THIS ADDENDUM, THIS RFP WILL BEGIN A "QUIET PERIOD" UNTIL IT IS OPENED

NO NEW QUESTIONS CAN BE ANSWERED

VENDOR QUESTIONS	WCPSS ANSWERS
<i>Is it possible to get a copy of the previous contract pricing that coincides with this most recent RFP #251-24-243, per the FOIA?</i>	***** Bid Tab 251-22-6 is included with this addendum ***** Note that this is the first time that window cleaning is a part of this bid.
<i>I see window cleaning. But is it exterior window cleaning only?</i>	Mostly exterior, but there may be interior cleaning on some occasions.
<i>For pressure washing: What is expected to be washed exactly? Just the buildings themselves? Is there any flatwork?</i>	Walkways, buildings, signs, awnings. Direction will be given for each individual work order. Every scheduled job may have different cleaning requirements.
<i>What are the addresses to the schools?</i>	List is included with this addendum.
<i>What is the square footage of each school?</i>	Listed on address sheet included with this addendum. Note that square footage is not applicable for this bid, as complete schools will not be pressure washed. You are being requested to provide hourly rates.
<i>Is the expectation to pressure wash everything and not soft wash?</i>	Direction will be given for each individual work order. Power/Pressure washing and window cleaning is what we are bidding out.
<i>Is there a hard start and end date?</i> <i>Is there a time frame to complete each work order after received by vendor?</i>	Work orders may and/or will have a start and stop date. Custodial department will advise with each work order issued.
<i>Where there be any preference for MWBE or Hubzone for this?</i>	HISTORICALLY UNDERUTILIZED BUSINESSES: Pursuant to General Statute 143-48 and Executive Order #150, WCPSS invites and encourages participation in this procurement process by businesses owned by minorities, women, disabled, disabled business enterprises and non-profit work centers for the blind and severely disabled. General Statutes do not allow the district to give preferences when reviewing and awarding proposals.
<i>We have done schools in the past and want to know if there would be access to fire hydrants for this?</i>	Per the RFP specifications you <u>MUST</u> furnish your own water. (Water will not be provided)
<i>Is there a bit more information I can get about this project?</i>	Window cleaning and Power Washing Commercial Properties. Mainly schools, top to bottom, Height up to 5-6 stories high. All work orders will be provided by the WCPSS Custodial Dept. with the exact job requirements specified for each job.
<i>I also wanted to know what documents I needed to send in to start the bidding process.</i>	The RFP documents posted to the eVP and WCPSS websites contain all the documents and information necessary for this bid. Required RFP pages are: 2, 11, 12, 13, 14, 15 and Insurance form. Submitted in a sealed envelope/package delivered / couriered by the due date and time (No FAX or Email submissions accepted).

<i>How many contractors will be awarded?</i>	This will be at the discretion of Purchasing and/or Custodial Services.
<i>The bid doesn't ask about an overtime rate for jobs that may require working after hours or weekends. Should we take that into account?</i>	There will be no overtime rate. Each job will be quoted by vendor after site visit with Custodial Director or designee and paid accordingly after job completion & submitted invoice is approved.
<i>Considering cold weather is approaching, how soon after the bid is awarded do you anticipate work orders will be distributed?</i>	Immediately after award and the contract/service agreement is completed.
<i>If lift rental is required, is that a separate equipment charge, or do we absorb it in our hourly rate?</i>	On the Page 14 "Form of Proposal" the second price we ask for says: <u>Hourly Rate: Work Crew With a Lift</u> . No separate lift charges can be quoted. Please quote hourly crew prices <u>with and without</u> the lift.
<i>Are there many 5 or 6 stories buildings within WCPSS?</i>	While there are not many of these type buildings in WCPSS, there are some so the vendor will need to be prepared to accommodate.
<i>Are there any specific licensing or bonding requirements that potential contractors must meet to be eligible for this project?</i> <i>Can you provide details on the necessary licenses, certifications, or bonds that are required for this type of work?</i>	No specific licensing, but please follow the insurance guidelines in the Bid. Vendor must have commercial building cleaning experience. Three references should be listed as requested at the bottom of RFP page 11.
<i>Who is the current incumbent landscaping contractor for this project?</i> <i>How long has the current incumbent been providing services for this project?</i>	No contractors currently. Previous Pressure Washing Bid Tab included with this addendum.
<i>What was the award amount for the previous contract or project of a similar nature, if applicable?</i>	This is a New Bid with added window cleaning, there has been no past Bid like this one.
<i>Have there been any significant changes in project scope or requirements that may impact the budget for this project compared to the previous one?</i>	Added Window Cleaning.
<i>Is there a budget allocated for this project? If so, could you provide the budget range or specific figures?</i>	30K-50K. More may be added depending on the amount of work orders.
<i>Are there any specific cost constraints or expectations for potential bidders to consider when preparing their proposals?</i>	No
<i>Are there any permits or approvals required for this landscaping project, and will the prime or sub-contractor be responsible for obtaining them?</i>	No Permits should be needed. All Approvals will come from the Director of Custodial Operations.
<i>Can you describe any challenges or issues you have experienced with the current incumbent contractor's performance?</i>	N/A
<i>Are there any specific areas where you would like to see improvements in the services provided?</i>	N/A

<i>While lift access is seldom needed, can you specify the circumstances or situations when it might be required?</i>	There are many schools that cannot be power washed or cleaned from the ground level, so a lift may be needed to fully complete the work order. The work order will detail the area that needs to be cleaned.
<i>Are there any particular lift specifications or certifications that potential contractors should be aware of?</i>	Vendor certification required where applicable by law. Lift must be up to date with all required safety inspections.
<i>Do you have any specific preferences or requirements for the types of chemicals or cleaning solutions to be used during the pressure washing and window cleaning?</i>	No chemicals should damage landscaping or the building.
<i>Should contractors provide a list of the materials and supplies they plan to use for each job?</i>	General list if requested.
<i>Can you provide more details about the expected daily schedule, including start and end times, as well as the possibility of weekend work?</i>	Your work schedule will depend on the school's schedule and the location of the work order. Weekend and afternoon work is very likely due to the kids in school.
<i>Are there any specific time restrictions or scheduling considerations?</i>	We will need to work around the school's schedule.
<i>Are there any environmental regulations or considerations we must adhere to during the power washing process?</i>	Follow all laws of the State, County and City regarding waste water.
<i>Do you have specific requirements for wastewater disposal or environmental compliance?</i>	No chemicals should damage landscaping or the building.
<i>Should we avoid using any specific chemicals or processes?</i>	No chemicals should damage landscaping or the building.
<i>What specific areas and surfaces need to be power washed, such as building exteriors, walkways, or parking lots?</i>	Yes, all the above. The site visit and work order will state what area or areas that need service.
<i>Are any particular surfaces or materials requiring special care or cleaning methods?</i>	There are many different surfaces used all over the WCPSS system. The awarded vendor must know and have experience in various material/surface cleaning.
<i>How are work orders assigned?</i>	Upon award and successful contract completion, there will be a site visit needed with the Custodial Director or his designee to quote each needed job. Each job cannot be started without an approved work order.
