Addendum Issue Date: Tuesday, March 18, 2025	Due Date: Thursday, March 27, 2025 by 2:00pm ET
Purchasing Agent: Carla Butler-Blackburn	Banquet Chairs
ADDENDUM # 1	

This addendum is issued to answer questions received. Answers will hereby become part of the IFB's terms and conditions and/or specifications to be considered.

1. Section 5.1 SPECIFICATIONS (2.Delivery, 3. Installation)

Question on delivery requirements. For these chairs, are all 1000 of them being delivered to a SINGLE LOCATION inside of the Popp Martin Student Center? If they are expected to be delivered *to multiple locations/floors throughout the building*, please clarify the number of separate floors and locations.

- Delivery will be to a single location on one floor, with two separate closets.

2. The Shev chair that is used as an example utilizes an aluminum frame. Do you require aluminum or is steel frame acceptable?
Aluminum is significantly more expensive than steel.

- We are open to the steel frame but require a physical sample of the steel chair. However, we still want the aluminum option pricing included.

3. Could you confirm the finishes you are looking for on these chairs? You have (2) different specifications...is it either or?

This is what the specification says...

Fabric/Vinyl: Culp Contract

Pattern: Tres Chic

Color: Derby

Fabric/Vinyl: Momentum Textiles and Wallcoverings

Pattern: Vanguard CV
Color: Lunette

- The only requirement from the samples above is the 100,000 double rubs/abrasions. They were selected for their thickness and feel. The two samples also represent the pattern and color we prefer, but we are open to similar options.

A SIGNED COPY OF THIS ADDENDUM MUST BE INCLUDED WITH YOUR BID
