## ATTACHMENT C

### **Title VI of the Civil Rights Act of 1964 Nondiscrimination Provisions.**

During the performance of this contract, the developer, for itself, its assignees, and successors in interest (hereinafter referred to as the "developer") agrees as follows:

**1) Compliance with Regulations:** The developer (hereinafter includes consultants) will comply with the Acts and the Regulations relative to Nondiscrimination in Federally assisted programs of the U.S. Department of Transportation (USDOT), as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.

**(2) Nondiscrimination:** The developer, regarding the work performed by it during the contract, will not discriminate on the grounds of race, color, national origin, sex, age, creed (religion), low-income, limited English proficiency, or disability in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The developer will not participate directly or indirectly in the discrimination prohibited by the Acts and the Regulations, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.

**(3) Solicitations for Subcontractors, Including Procurements of Materials and Equipment:** In all solicitations, either by competitive bidding, or negotiation made by the developer for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the developer of the developer's obligations under this contract and the Acts and the Regulations relative to Nondiscrimination on the grounds of race, color, or national origin.

**(4) Information and Reports:** The developer will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the USDOT to be pertinent to ascertain compliance with such Acts, Regulations, and instructions. Where any information required from a developer is in the exclusive possession of another who fails or refuses to furnish the information, the developer will certify to the Recipient or the USDOT, as appropriate, and will set forth what efforts it has made to obtain the information.

**(5) Sanctions for Noncompliance:** In the event of a developer's noncompliance with the Non-discrimination provisions of this contract, the Recipient will impose such contract sanctions as it or the USDOT may determine to be appropriate, including, but not limited to:

- (a) withholding payments to the developer under the contract until the developer complies; and/or

(b) cancelling, terminating, or suspending a contract, in whole or in part.

**(6) Incorporation of Provisions:** The developer will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The developer will act with respect to any subcontract or procurement as the Recipient or the USDOT may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided that if the developer becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the developer may request the Recipient to enter into any litigation to protect the interests of the Recipient. In addition, the developer may request the United States to enter into the litigation to protect the interests of the United States.
